A MINISTER PERPLEXED.

Mr. Brodeur, Minister of Marine and Fisheries, has his trials and afflictions. As Minister in charge of the Montreal district he took a prominent part in the Maconnneuve by-election. The Government majority in that riding had been over 2,000 and Mr. Brodeur naturally thought that the man of his choice could easily be returned. He took the platform on behalf of his candidate, called in his colleagues, Mr. Fisher and Mr. Lemieux, and made a desperate fight against Mr. Verville, the independent labor candidate. Nevertheless Mr. Verville was elected by a large majority. St. Mary's division of Montreal was afterwards vacated by the appointment of Mr. Piche to office. A candidate of the labor party was selected and Mr. Brodeur was again called upon to act. He seems to have been afraid to take any decided action. Some of his friends desired to follow the example of the Conservatives and leave the labor candidate unopposed. This counsel did not prevail and the Liberal convention brought out a candidate. The Government organ in Montreal thereupon stated that as the labor candidate had declared himself a supporter of the Laurier Government the Liberals would win in any case. Thereupon the labor candidate sent to the press a personal statement that he had never so pronounced himself but was absolutely independent of the Government and the Liberal party, and perfectly free to oppose or support the general policy of the Government or any of its measures. In these circumstances Mr. Brodeur has escaped from Montreal and left matters to settle themselves. If the worst happens the Montreal leader will have the sympathy of Postmaster General Lemieux, who has charge of the Quebec district and recently threw himself with great impetuosity into the Quebec County by-election. Mr. Lemieux spoke and used his official influence in favor of Mr. Amyot, the Government candidate against Mr. Robitaille, and though the Liberal majority had been more than two thousand the Government standard bearer was beaten by some nine hundred majority.

MR. JUST RESTORED.

The officer who succeeds Mr. Preston, of "bug-the-machine" notoriety, in the Immigration Department at London, has restored Mr. C. F. Just to his position in the offices at Charing Cross. Mr. Preston dismissed Mr. Just last year, alleging that there were irregularities in his accounts. It was not clearly explained what these faults were, but light was thrown on the dismissal by the Parliamentary Committee of last Session. They discovered that early in 1905 Mr. Just, who was then in charge of the office in London in Mr. Preston's absence, cabled to the Deputy Minister the announcement that the Department had paid £2,900 to the Arundel Printing Company of London, for £900 worth of printing. It did not take Mr. Preston long to get rid of Mr. Just, after he began to make disclosures like these.

The Arundel Company, as the Public Accounts Committee discovered, was simply Mr. Roy Somerville, son of a former Liberal Member of Parliament, whom Mr. Preston found in London and made a Government contractor for printing, though he had no printing office and the work had previously been done by one of the largest establishments in England. Some \$80,000 was paid to this favorite for immigration printing. How much graft there was in it is not yet known, but one investigation into an account of \$13,500 showed that out of this sum two Government cheques of over \$3,000 each were endorsed by Somerville, one to Mr. Preston's friend Karlberg, of Hamburg, understood to be the principal member of the North Atlantic Trading Company, and the other to Louis Leopold, alias Louis Lazarus, another associate of Mr. Preston whose exploits have been the subject of investigation.

The North Atlantic Trading Company, was a bogus concern claiming to have a charter which it never obtained, using a seal to which it had no right, concealing the names of its members, rendering no definite service to this country, yet receiving \$80,000 a year out of the Canadian Treasury. Similarly Leopold made himself a Canadian Labor Bureau, a deceptive organization, and gave himself several other fancy corporation names under which he carried on the operations which have led to criminal laws in this country and in

England against false pretences to immigrants. It was suggestive that the proceeds of a three priced contract, given to a fictitious printing company, should be distributed among managers of other fictitious companies, all of them associates of the Commissioner by whom the contract was given.

"MY ROSARY."

(Transcribed from stenographic notes taken during the rendition of the ballad by Howlitt Owte, the eminent barytone.)

Three yowrl spen E-e-e, deer Art,
Are razza string of pearl stewart;
I count them mu vurree ree wunna part—

—W. D. Nesbit, in Judge.

Evidently, there was another little speech from the Throne which was not made public. Hyman heard it.

A few days ago a number of Liberal newspapers were fond of asking why Hon. Charles Hyman should resign. They should have asked Premier Laurier.

J. J. Scott, the Conservative candidate for the Legislature in East Hamilton, looks like an easy winner in a walking race against a so-called labor candidate. The Liberal party has not even nominated a man to enter the contest.

The meeting last night brought out the fact that Chathamites have been getting artificial gas cheaper than the Company's franchise called for, and under the new arrangements they will get the natural product cheaper than it is supplied in any other city in the Province. This is something which has not been generally known, and will be welcome news to the users of gas.

The St. Thomas Council has turned down a proposition from a firm who are thinking of establishing a pork packing plant there. A short time ago the town of Aylmer granted a bonus of \$7,000 to a concern of the same kind. In the meantime Chatham is looking for just such offers. If the St. Thomas people are really in earnest they might send their pork packing men this way. If Chatham had a Board of Trade they might be able to gather in quite a few of these industrial concerns.

JUST A LITTLE BIT OFF THE TOP

Persistence brought
No peace of mind—
So Charlie Hyman
Has resigned.

Immigrants coming to this country from England say that Canada is much misrepresented to them. Suppose it is quite a disappointment to land out here and find that they can't exactly make a living hunting polar bears and shooting Indians.

The States has just got Hearst nicely downed, when the little Japs loom up with another yellow peril on the outside.

Mr. Hyman perhaps could write an apt parody, entitled, the Speech from the Throne.

Commodore Peary has returned from the frozen north, but not being intimately acquainted with its cutting days, he reports that he was unable to find the North Pole at home.

There is talk of the Japs invading the United States. It's up to Teddy Roosevelt to have one of his commissions investigate the Japanese nation, and turn the Yankee yellow press loose on them. If that don't work, then hope is dead.

NEWS FROM THE OIL FIELD

New Well Struck On The Stephenson Farm And Another on Crosby's

NOTES OF INTEREST

Operator Tracey, who has seven rigs at work on his lease in Tilbury East and Raleigh, has great hopes from the Raleigh field, and a well which he expected in Monday or Tuesday turned out good, he said on Saturday that he would have 40 rigs at work shortly.

Stevens & Spencer, who are boring on the Levesque farm, two miles south of Tilbury, are this week also putting a rig in the extreme east of the field in Raleigh—on John Lahey's farm.

Bradley & Co. have moved an outfit on the farm of George Adams, lot 5, concession 7, Tilbury East. Well No. 6 on the James Stevenson farm, Roth-Barnard lease, came in Friday with such good indications that it will not be shot.

A strong well came in Friday on the John Stevenson farm for the Canada-United States Co., with Jaspersen & McKay as contractors. An outfit has been moved on the farm of Charles Reame—farmer Coult's estate—lot 10, concession 5, Tilbury East.

The well on the Ross farm, Tilbury East, was down 1,420 feet on Tuesday night, without indications of either gas or oil, and reports have been circulated as to its being a duster, but hope has not yet been abandoned. A depth of 1,470 feet was reached last night, and Mr. Kayle, the owner, was "too busy" this morning to talk of such a discouraging proposition and could not state his intentions. Palmer & Wiley are the contractors.

The well on the Williams farm—former Norry farm—is down about 1,000 feet, but Contractor Shafer is in hard luck. Back water got the casing, which had to be drawn, when it was found that their machinery was not strong enough to draw it, and operations are suspended awaiting its arrival.

C. W. Miller is down 1,000 feet on the E. C. Denison farm, lot 9, concession 11, Tilbury East, and expects to reach gas Saturday. C. W. Miller has a second derrick on the J. Irwin farm, M. R. S., Tilbury East. B. Howley & Co's well on the J. E. Longmore farm in Raleigh has turned out to be a dry hole after drilling to a good depth. This is on south half lot 14, concession 7, Raleigh.

There are 82 wells completed in Tilbury East field, 42 being drilled and six new rigs going up. A well came in Friday on the Jos. Crosby farm, lot 2, concession 10, Tilbury East, Contractor Lowry, which made a strong showing, and was shot Monday.

Contractor Tracey drilled a good well Monday for the Andover Oil Co. on the Tom Egan farm, Tilbury East. Six weeks ago this company brought in a well on the Manell farm, Tilbury, which has since flowed 1,500 barrels.

Across the road in Raleigh, Spencer and Stevens brought in a well Tuesday on the John Lahey farm, which made an excellent showing.

LUCKY TO ESCAPE GALLOWS. Judge Tells Murderer of Syrian Peddler So When Sentenced.

Bryson, Que., Nov. 22.—James Laderoute has received his sentence for the murder of the poor Syrian peddler George Charley. He must go for 20 years to St. Vincent de Paul Penitentiary.

Judge Champagne stated that, according to the evidence, the jury should have brought in a verdict of guilty of murder, and that Laderoute was indeed a very lucky man to escape the scaffold.

The murderer accepted the sentence is a rather odd way. Labor is not only a necessity, and a duty, but a blessing. Contentment is the best cure for wrinkles.
