Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—an achievement solely due to their remarkable virtue as a Kidney and Bladder

remedy. But users of Gin Pills have discovered that this invaluable remedy *also* acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compounding a medicine to heal and tune up the Kidneys and Bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels. upon the other organs, especially the bowers. It is important to know, in the case of con-stipated patients, that Gin Pills do not act harshly on the bowels; there is no griging, but a gradual and gentle restoration of the function.
