

HOW CANADA GETS MONEY.

She Borrowed \$196,000,000 During the Past Year.

Over 80 Per Cent. of It Was From Great Britain.

Fine Address at Centenary Fireside Club Meeting.

The reorganized Fireside Club, of Centenary Church held its first of a series of monthly luncheons, arranged for the present winter, last evening, when over one hundred members sat down to supper prepared by Caterer Crawford. At a meeting of the club executive recently it was decided to proceed on a new line of entertainment, addresses by prominent outside men being the scheme adopted, and to hold, every month, an open luncheon along the lines to those of the Canadian Club. The affair last evening proved a success beyond expectations. Among those present were noted many presidents, proprietors and managers of Hamilton's leading concerns.

The gathering was addressed by Mr. E. R. Wood, President of the Central Canada Loan Co., and a director of several large financial institutions, including the Bank of Commerce and Grand Trunk Pacific. The subject on which he spoke, "The Financial Relationship of Canada to Great Britain," was food for thought, and was entirely new, as far as figures are concerned, to the majority present last night. Norman Mead, President of the Fireside Club, introduced the speaker.

Mr. Wood, upon arising, expressed his appreciation for such an honor, it being the means by which he came in contact with business men and whom he heard much, but had never seen. Figures may be dry, but Mr. Wood's way of giving them was more than interesting. He spoke with a clear knowledge of government statistics, and gave the exact position of Canada in connection with foreign loans. To Great Britain he said Canada could ill afford to be ungrateful, as nearly all the money she borrowed was obtained there. Canada was usually given the preference over other countries, and last year when the financial depression was on, English institutions refused United States paper, but advanced large sums of money to Canadian institutions. A main theme of Mr. Wood's address was as to where all the money for loans came from. He stated that the Dominion Government owed \$254,000,000, and the Provincial Governments about \$50,000,000 to Great Britain, despite the fact that the chartered institutions of this country had in their possession immense sums. Last year, up to and including November, established a record in Canada, when she borrowed \$196,000,000, of which \$165,000,000 was secured from the old land.

Canada has of late years played an important part in foreign money markets, and Mr. Wood was visited in two weeks by half a dozen men representing foreign financial houses for particulars as to investment of their capital in this country. Mr. Wood punctuated his address with several witticisms which made his talk very enjoyable. The meeting was then thrown open for discussion, and Messrs. Cyrus Briggs, S. E. Lazier, K. C., J. G. Clarke, J. J. Greene, A. R. Robinson, P. B. Pennington, J. Orr, Callaghan, Rev. R. Whiting, Jas. Jolley and W. M. McClelland, President of the Canadian Club, took part in debate.

A vote of thanks was tendered Mr. Wood, by President Mead.

Ralph C. Ripley, Secretary of the Fireside Club, made several announcements. For the February luncheon the young men have secured a former Buffalo driver, who will speak on civic and moral reform. During luncheon last night, Arthur Osler's string quartette, and W. H. Hewlett, Mrs. Bae, favored them with musical selections. The young ladies of the church had charge of the tables.

THEATRE FIRE.

\$400,000 Blaze in Springfield, But No Lives Lost.

Springfield, Mo., Jan. 6.—The Baldwin Theatre, which was empty, was destroyed by fire shortly after midnight today, together with a number of smaller structures. With a high wind blowing, the Colonial Hotel caught fire and for a while it was feared that the flames would spread to other buildings. An explosion of gas in the basement of the theatre caused the fire. The structure was valued at \$400,000.

AFTER JUDGE.

Man Who Sentenced Gompers Being Threatened.

Washington, Jan. 6.—"I have not been measured for my shroud yet, nor can I say I am afraid to go home in the dark," commented Justice Daniel Wright today when asked about the hundreds of threatening letters sent to him by persons who were displeased over his recent decision sentencing Samuel Gompers, John Mitchell and Frank Morrison to prison for contempt of court. "Of such communications I have received a waste basket full," said the Justice, "but I am losing no sleep over the threats contained in them. I am amused, rather than terrified."

Alex. Rose's Fate.
(Toronto Globe.)

Let young men think well of the scene in Judge Winchester's court. It was the culmination of the life of one whom the love of pleasure and the antipathy to honest employment had destroyed. How much of the pleasure which he worshipped was his? Hunted like a wild beast, and at length like a wild beast confined, there is more real pleasure in a day's work well and honestly done than was granted to this unfortunate youth during the whole of the days that succeeded his first criminal act. It is an awful ending, and surely speaks trumpet-tongued to young men everywhere to get true ideas of what real enjoyment is and from what sources it springs.

The Fire Underwriters' Association agreed upon substantial reductions in the insurance rates at Toronto.

WORK BEGUN ON LIBRARY.

Dundas Will Soon Have a Carnegie Building.

Dundas, Jan. 6.—Another forward step was made by the Valley town on Monday when ground was broken for a Carnegie library building. The project has been talked of for some years, but it was only last year that the Council aided by a number of progressive citizens and the generosity of Col. Grafton, completed arrangements for the building. The site is an excellent one, on the corner of King and Ogilvie streets. This lot has been vacant for perhaps twenty years. About 60 years ago Matthew Camp erected on it a carriage and wagon shop, and carried on business for many years. On leaving it, over thirty years ago, the property fell to the ownership of the Enright estate, and was for some years occupied by Frank Kran, Urquhart and Bridges and others engaged in wheelwright and blacksmithing work. The last occupant was the late W. B. Williams. The burning down of the building ended his tenancy, and he moved south on Ogilvie street and rebuilt the premises occupied by Brown's livery. The corner has since been vacant, and is a most eligible spot for a public library.

Frank Roberts is contractor for the mason work, and is taking advantage of the fine weather to push the work speedily along. It has been the custom here for some years to sneer at the efforts of the liquor traffic. Efforts made at various times to keep pace with other localities along temperance lines have proved, to a great extent, abortive. But there is, it cannot be denied, a change coming over the feelings of the people in this regard. The adoption of local option in so many places and its being so well sustained when attacked, the success of Toronto in carrying license reduction, the sustained efforts of West Flamboro people to reduce the number of licenses one half, and the success of Hamilton workers in electing a good number of reductionists to the City Council have stimulated Dundas temperance workers into new life, and there is now no little talk of beginning an agitation for local option. That this talk will lead to action, is almost certain, and that earnest, persevering action would end in success is the firm opinion of many leading citizens of the town, including, it is said, some people directly interested in the traffic.

In yesterday's report of the candidates for the town Council and the number of money for loans came from. He stated that the Dominion Government owed \$254,000,000, and the Provincial Governments about \$50,000,000 to Great Britain, despite the fact that the chartered institutions of this country had in their possession immense sums. Last year, up to and including November, established a record in Canada, when she borrowed \$196,000,000, of which \$165,000,000 was secured from the old land.

BIRDS AND FISH

Being Fooled by the Mild Weather—Think It's Spring.

South Norwalk, Ct., Jan. 6.—The winter in this locality has been so warm that the very elements have mixed their dates.

Theodore Smith, dean of the North Fishermen, reports that eels are coming out of the mud and, with frost fish, are biting at the hook as in summer days. Irving Wilson, the hunter, states that the wild duck are flocking and mating as they do in the spring time, while men of the Roton Point life-saving corps go swimming daily at Hickory Bluff. Weather students report the appearance of angle worms, sure harbingers of the vernal awakening.

RICE MURDER.

Dying Valet May Free Patrick From Jail.

New York, Jan. 6.—Learning that Charles F. Jones, former valet of William Marsh Rice, was dying in Texas, and hearing that he had an important statement to make in connection with the case of Albert T. Patrick, now serving a life sentence in Sing Sing for the murder of Rice, John T. Milliken, a wealthy brother-in-law of Patrick, started last night from this city for Texas to obtain, if possible, the statement. Jones is reported to be ready to make.

It was Jones' confession which convicted Patrick of Rice's murder, and secured freedom for Jones, his alleged accomplice. Hope that the dying valet's statement might be a retraction of his confession, which would aid in freeing Patrick, caused Mr. Milliken, who is a prominent St. Louis man, Patrick's wife and other friends, to hurry to this city yesterday, where the former held a long consultation with District Attorney Jerome on the case, following which Mr. Milliken made a hasty departure for the south-west.

FROM EDEN TO EDEN.

The Rev. Frank Weston, of the Emmanuel Baptist Church, Toronto, is giving a series of Bible lectures in the Gospel Tabernacle at 3 and 8 p. m. each day this week on dispensational truth, his subject being, "From Eden to Eden." These addresses are illustrated by a large chart.

Mr. Weston was formerly a newspaper man in Boston, and gave himself up to the ministry through the influence of the late Dr. A. J. Gordon.

DEAR BROOMS.

Chicago, Jan. 6.—A general advance in brooms and the products of broom corn, owing to the shortage in the crop, will be made, according to members of the association of broom manufacturers, which concluded its sessions here.

William A. Gardner, of Amsterdam, N. Y., who presided, said that the wholesale price of brooms had increased 50 cents a dozen during 1908.

BURNED VILLAGES.

Amoy, China, Jan. 6.—Reports received here to-day from the districts in Manchuria affected by the recent revolutionary outbreak say that the government troops have burned down seven villages, and that the insurgents are on the defensive.

CASTORIA.

The Kind You Have Always Bought

WORK AMONG ARMENIANS

Discussed at Meeting of the Presbytery Yesterday.

Dunville's Call to Rev. E. C. Curry Sustained.

Rev. S. H. Gray, of Dundas, the New Moderator.

Hamilton Presbytery held its bi-monthly meeting in Westminister Church yesterday. Rev. D. Anderson, of Burlington, presided. Rev. S. H. Gray, of Dundas, was appointed Moderator for the ensuing six months. Sir Thomas Taylor and Dr. Ratcliffe, chairmen of the committees appointed to consider remits, presented reports, which were adopted. Rev. Dr. Fletcher introduced Rev. Dr. Wallace, of Toronto, who addressed the Presbytery in the interests of Knox College, and asked the members to be generous in their support of it. The members passed a resolution putting on record their interest in the fund.

Rev. Dr. Wallis, of Caledonia, presented a call from the congregation of Dunville Presbyterian Church to Rev. E. C. Curry, B. A., of Sarnia Presbytery. The stipend offered is \$1,000 a year and a four-week vacation. The call was sustained, and Dr. Wallis and Rev. Dr. Kerr were appointed to prosecute it before the Sarnia Presbytery. The following arrangements were made for the induction: Dr. Wallis to preside, Rev. J. B. Paulin to preach, Rev. W. S. Day to give the charge to the minister, and Rev. D. M. Buchanan to address the congregation. The clerk of the Presbytery is to set the date of induction.

Sir Thomas Taylor announced that the annual meeting of the Women's Home Missionary Presbytery Society would be held in St. John Church on Feb. 18, and he asked the Presbytery to appoint some one to convey its greetings. Rev. A. E. Mitchell was appointed. At the afternoon session some time was spent in discussing the propriety of securing religious services for the Armenians in this city, and a committee consisting of Rev. Roy Van Wyk, J. X. Wilson, Samuel Sarkissian, and J. B. Paulin, and the elders of their respective churches, was appointed to decide what could be done and report at the next meeting. Rev. Dr. Fletcher and Rev. Dr. Radcliffe were asked to draft a resolution of condolence for Rev. Dr. McInstry, of Beamsville, who lost his wife recently.

Rev. Thomas McLachlan, pastor of St. James' Church, this city, asked for assessors to sit with the session, and Sir Thomas Taylor, Rev. Dr. Fletcher and Rev. D. R. Drummond were appointed. Rev. A. E. Mitchell informed the Presbytery that the session of Knox Church had appointed Rev. H. E. Cameron to take charge of the North End Mission, which is in a satisfactory condition.

WAS WARNED.

Recipient of Arsenic Laden Candy Fails to Eat It.

Warwick, R. I., Jan. 6.—The sender of a box of poisoned candy, received by Mrs. George M. Webb, wife of a publisher of Pawtucket, on New Year's Eve, is being sought by the police. Mrs. Webb did not eat of the candy and did not allow any members of the family to touch it, because, she says, she had been warned by a fortune teller to be wary of a woman who had designs on her life and was planning to wreck her home.

The chocolates were submitted to a chemist, who analyzed two and found that each contained 15 grains of arsenic, enough to cause death. The police have been unable to get any clue to the identity of the sender or the messenger who left the candy. Mrs. Webb thinks it the work of a woman.

22 DEATH SENTENCES.

St. Petersburg, Jan. 6.—Twenty-two sentences of death for crimes committed in 1908 were announced today.

The King Edward Hotel, under construction at Campbellton, N. B., was destroyed by fire on Tuesday.

Three thousand persons are engaged in the shell and pearl industry of the Western Islands of the South.

CHEAPSIDE

Mr. Stanford Silverthorn, from Spring Bank, Alta., was seen in Cheapside in company with Mr. Art Johnson last week.

A very successful Sunday School entertainment was held in the Baptist Church on New Year's night. Rev. D. Catchpole occupied the chair, choruses were sung by the school, solo by Mrs. (Ree) D. Catchpole, Miss Winnie Beam and Mr. John Long, and the Cheapside male quartette sang in their usual pleasing manner. A flag drill was given by Faith Raiton, Gladys Hurst, Nina Raiton, Dottie Mattice, Charlie Mattice, Cecil Fulson and Orlo Smith; also a flower drill by Percie Hurst, Elsi Hurst, Atkinson and Gladys Hurst. A pantomime, entitled, "Rock of Ages," was presented by those participating in the sunflower drill. Two tableaux, entitled, "Faith, Hope and Charity," were excellent. Rev. R. Raiton made every one happy with a few well-chosen remarks, and an illustration of the way many people smile. Members of the Selkirk School were present and gave those who had not been at their entertainment the pleasure of seeing the drill, "England and her Colonies," also a pantomime, "Near, My God to Thee." Mr. Clarence Waterbury, elocutionist, amused all with his comic orations. Many thanks were extended to the Selkirk School for their kind assistance. During the evening an address was read by Mr. William Tyrer, on behalf of the church, and Mrs. William Degrow was
