

## Local and General News

### TEN PER CENT POTASH

In another column will be seen an advertisement of Mr. M. A. Hambrook, Renous, for Bowker's Fertilizer. Mr. Hambrook has been selling this Fertilizer for the past 8 years and has doubled his quantity this year to meet the demand. This speaks well for this brand of fertilizer and all farmers know what 10% Potash means. Mr. Hambrook can supply by the hundred or ton.

### RESIGNED POSITION

Miss Ella Cornish who has been on the staff of the Stohart Mercantile Co. Ltd., Newcastle, for the past eight years has severed her connection with that firm and is now at her home in Chatham. On her departure she was presented with a substantial cheque, accompanied by a letter expressive of the firm's good wishes on her behalf.

### PRESENTATION

The members of the Methodist Young People's Club gathered at the home of Mr. and Mrs. Henry Price, on Monday evening to honor their daughter, Miss Florence Price, who left Wednesday for Moncton where she has accepted a position with the Lounsbury Co. During the evening Mr. B. F. Maltby, on behalf of the club presented Miss Price with a string of pearls, and an address, which was read by Rev. J. B. Champion. A pleasant evening was spent in games and music and after refreshments, the gathering dispersed with singing "Auld Lang Syne" and "She's a Jolly Good Fellow".

### MAY 15TH ARBOR DAY

School Inspector P. G. McFarlane of District No. 1 has appointed Friday May 15th as Arbor Day in the schools of his district. He directs attention to the importance of preparing for the observance of Empire Day, which falls on the last teaching day preceding May 24th.

### NOTICE

National Hospital Day, Saturday May 12th will be observed at the Miramichi Hospital. The Superintendent and staff will be at home to the public and cordially invite citizens of the County to visit the Institution on Saturday afternoon. Everybody welcome.

Addresses on that day by ratepayers and visitors to the schools are suggested. On Arbor Day the co-operation of parents and all others is invited, and attention should be given to the school grounds and premises. To insure satisfactory results, he suggests that good trees should be purchased by the Trustees and properly planted.

Of all the beverages in use by the fishermen of this country both amateur and professional, there is none, not one, which is quite so flavorful as a freshly made cup of MORSE'S SELECTED ORANGE PEKOE tea. But this tea has other qualities which also appeal to the fishermen. It is a most excellent thirst quencher, and in addition is a physical stimulator and invigorator.

### LOGS SAFE

Booms have been stretched across the southwest and northwest branches of the Miramichi River to prevent logs from going out to sea. It is felt that all logs are now safe.

### THE FISHING SEASON

The trout fishing season was officially opened on May 1st, but while fresher conditions remain the speckled beauties will be fairly safe from attack. It is scarcely likely that an onslaught will be made upon them much before Victoria Day.

### CHANGE OF TIME

Travellers via the C.N.R. will note that effective May 13th, trains will be run on Atlantic Standard time south of Campbellton, and on Eastern Standard time for all stations north. For several years the change of time has been made at Mont Joli.

### FISHERY FEES REDUCED

Fishery license fees in the Maritime Provinces have been reduced by the Department of Marine and Fisheries. The special fishery regulations for Nova Scotia, New Brunswick and Prince Edward Island have been amended to provide that many instances where fishing license fee is more than one dollar, the fee on such license shall be one dollar.

### CRITICISE BRANCH BANKING

In a brief filed in the Supreme Court of the United States by eleven states which are fighting branch

banking and seeking to prevent the National Banks from establishing branches, the Canadian system of branch banks is discussed and criticized. It is pointed out that Canada has seventeen principal banks and asserted that the method of branch banking does not encourage initiative in banking and that development of Canada is held back because of the branch banking system.

### ARRIVED IN ROME

King George and Queen Mary arrived in Rome yesterday at 3 o'clock p.m. on their long planned visit to Italy. They will be the guests of the Italian Sovereigns at the Quirinal Palace.

### BETTER WEATHER

With a change in the moon last night, there was a welcome change in the weather this morning. Ever since May came in the weather has been damp and gloomy and considerable rain has fallen. However, this morning broke fine and warm and we will probably have some fine weather for a while. A week or so of fine weather would start things growing in great shape.

### ROSSING MILL STARTED

The first industry to start in Chatham this spring was the Miramichi Lumber Co's Rossing Mill, which began operating yesterday morning. At present about 25 men are employed but when running at full capacity a larger number will be engaged. For a time but seven or eight barkers will run as the most of the wood that is expected will be peeled before it comes to the mill. All refuse wood will be used for firing purposes and as a result no wood will be for sale.

Rev. L. H. MacLean returned from Toronto on Saturday's Limited.

**KENDALL'S SPAVIN TREATMENT**

Keep Kendall's always in the barn. A strained muscle, a sprung tendon, a jolt or a knock demands immediate attention. A few hours' delay will result in a long lameness—perhaps in the loss of the horse. Kendall's Spavin Treatment has saved more horses than all the other known remedies. Under the name of Kendall's Spavin Cure, it is the forty-year-old standby of horsemen, farmers and veterinarians.

Get a bottle of Kendall's today. Ask, too, for the Free Book or write for it to

## Bill Enabling C.N.R. To Carry On Exp. Business

Ottawa, May 2.—First reading was given in the House of Commons this afternoon to a bill which enables the C.N.R. to carry on an express business. Hon. Geo. P. Graham, Minister of Railways said that it was the intention to operate the Canadian National Express Company and the Canadian Express Company as a branch of the system.

Section two of the bill granted power to the Canadian National system to sell certain parts of electric lines to a municipality. The Minister stated that the bill had reference to electric lines in the city of Toronto.

## Income Taxes Less this Year

The amount received by the N.B. Income Tax Office totalled about \$45,000 as against \$545,000 received last year, a decrease of \$100,000. This decrease was expected this year, while the officials received more than they anticipated in view of reductions, which had been granted in certain classes. A start will

### U. S. WANTS HELP TO ENFORCE ITS LAWS

New representations on the subject of rum smuggling have been made by the United States Department to the British Government, which is requested in friendly terms to co-operate in preventing vessels flying the British flag from engaging in liquor traffic between United States and foreign ports.

Among the subjects taken up was the question of cancelling the British registry of rum vessels which are found to be actually controlled by United States interests. The British Ambassador also was asked to use his good offices to obtain an agreement between the United States and Canada by which the Dominion authorities would stop issuing

clearance papers to vessels with liquor cargoes designated to the United States.

### Wednesday May 16th is clean up day. Let everyone do their share. Help to make Newcastle cleaner.

Mr. and Mrs. R. W. McLellan, University Avenue, Fredericton, invited friends for the tea hour on Sunday and to meet Mrs. John Russell of Newcastle, Mr. McLellan's sister, who came for the I.O.D.E. meetings, remaining over the week-end.
