Alexander Hamilton once said to an intimate friend: Men gave me some credit for genius. All the genius I have is just this:

Cattle if half starved will eat almost wny-thing but pay for nothing. Feed regularly, giving roots for dry tood. Give waier at least three times a day. Keep them warm, provide plenty of bedding. Use the card, provide plenty of bedding. Use the card with it. Then the effort which I make is what the people called the prepare them for milking.

Cellara—Watch against frost. Cover expected bins of roots or apples with straw.

Who requested him to a sneak on a subject of

posed bins of roots or apples with straw.—
Shut the cats in at night, rats will be frightened away if not caught.

Corn.—Shell for market. First select the best for seed, if neglected until now. Grind and cook that fed to awine.

Farmers' clubs should be established is every school district. Invite your neighbors to join. Two beads are better than one, and all bring out much of value.

But Mr. Webster, a few words from you would do so much to awaken public attention to it."

the fleads in a neighborhood set thinking will bring out much to awaken public attention. Fencing stuff—Out and prepare while the weather favors. Make gates, and holes, or pin posts under cover, stormy days.

Grain—Secure from dampness, except rats and majors.

WEIGHTS AND MEASURES For the

Lumber—Cut surplus forest growth for boards, poets, ties, cabinet work, &c, if it was not done in September, which is much byster.

Take out old trees and give the young growth a chance.

Manuse—Make its from every source; was been privy, muck bed and kitchen drain. In each of these are the elemate of grain, grass, fat cattle and swinc, full peckets and prosperity.
