

ENUMERATION TO BEGIN THURSDAY

Count of Heads in the Dominion Starts on June First

Ottawa, May 26—Early Thursday morning the count of heads will begin all over Canada. Every man, woman and child living in Canada at midnight on the first of June will be counted.

Big gains are looked for in the prairie provinces, but the province of Quebec is making confident predictions, and the province of Quebec has a way of looking up after each decennial count with a most surprising total.

The census takers will follow what is known as the de jure system of enumeration. They will collect practically all of their facts with the conditions of June 1st, as a basis.

The commissioner get a cent a name for correspondence, for other duties, travelling expenses, they get a special allowance. Enumerators get five cents for every living person counted and ten cents for every death or disability.

Allowances for expenses are also based upon the work done. For horse hire, in the rural districts the enumerators get three dollars per one hundred names in Ontario and the east, four dollars in the prairie provinces, and twelve dollars in British Columbia.

HON. MR. FISHER SPEAKS IN QUEBEC

Condemns the Conservative Opposition for Obstruction at Ottawa.

Farnham, Que., May 28—The first of the Liberal rallies to be held in this province during the recess of parliament was held here today, about four hundred people hearing the speeches delivered by the Hon. Sydney Fisher, Hon. Rodolphe Lemieux and Messrs. Demers, Meegan and Allan. M.P.'s. The audience was more interested than enthusiastic, but Mr. Fisher gradually woke it up in a careful presentation of the reciprocity city issue from the government point of view.

Mr. Fisher prefaced his remarks by referring to the fact that a general election in the near future and explained that it lay in the power of the opposition to prevent a vote being taken on the reciprocity question as the government required money to carry on the business of the country and by useless debate the opposition could prevent its being granted.

"While the right of speech in parliament," said Mr. Fisher, "is one dear to the Liberal mind, when abused outrageously it must be gotten over. I will not accuse my political opponents of extreme abuse of this right. I am not sure that they did not abuse it ourselves in opposition in 1885. But it is a very serious impediment in carrying on the business of the country and I believe that the time has come when we should very carefully abridge that right."

Mr. Fisher believed that if the opposition exercised its right of obstruction and forced the government to go to the country in advance of the reciprocity bill, which he thought would increase the membership of the house by about thirty members, the people would condemn it as they had condemned the opposition in 1896, 1904 and 1905.

Fatal Accident at Summer Resort. Montreal, May 27—The opening week at Dominion Park, Montreal's summer amusement resort, was marred by a fatal accident this afternoon, when James C. Underdown, 32 years of age, residing at 455 St. Antoine street, was killed on the scenic railway switchback. Underdown had almost completed the ride, the car being fifteen feet from the stopping place when he attempted to step out on to the platform, according to the report of the man in charge of the railway. He slipped and fell between the platform and the car and was instantly crushed to death by the heavily loaded car following that in which he had been riding. Deceased was unmarried. Although over two million people have been carried on the switchback since the park was first opened, this is the first fatal accident of this nature to occur upon it.

TRIAL HELD OF COLONEL MUNROE

Admitted to Signing Statements Which Were False but Pleaded Ignorance

Toronto, May 26—The trial of Lieut.-Col. James Munroe, of Embro, Ont., former president of the defunct Farmers Bank was begun and concluded today before Judge Winchester.

Colonel Munroe signed the statements in question, and that the statements were false, were admitted by both parties in the trial. The point at issue between the prosecution and the defence was whether section 153 of the Bank Act should be interpreted in such a way that the defendant should be held guilty when he signed the statements, believing them to be correct.

The absolute truth in which Colonel Munroe repudiated in W. R. Travers, manager of the bank was emphasized by the defence in the witness box, even when complaints came to him, he said, from F. W. Starr and bank agents, but that he was unable to come to Toronto.

It is expected that the annual conference presented today, as far as finance was concerned, showed that the total of 1883 has been received during the past year, being an increase of \$1,360 had been received during the past year, being an increase of \$82 over the revenue of the previous year.

"FRUIT-A-TIVES" WILL CURE RHEUMATISM

McMillan's Corner, Ont., Sept. 30th, 1910. "Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything, it would pass away. Fortunately, about two years ago, I got 'Fruit-a-tives' and they cured me. Since then, I take them occasionally and keep free from pain. I am satisfied that 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them." JOHN B. McDONALD.

\$3,600 in Cash Prizes for Farmers Your Photograph May Win a Prize. AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1914 with "CANADA" Cement. For this prize, work of every description is included. Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your sons or your daughter's camera will do nicely. Or, falling this, you might use the kodak of your neighbor's son near-by. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail. If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 168 pages full of useful and practical information of the uses of concrete. Write us to-night, and you'll receive the book and the circular promptly. Do not delay—sit right down—take your pen or pencil, and fill out this coupon NOW.
