Regatta Meeting.

Great Enthusiasm—Mr. A. W. Hiscock Elected President.

The initial Regatta Committee meeting held last night was largely attended and great enthusiasm was displayed.

The following were present:—

Mayor Ellis, Messrs. Hiscock, Noonan, Crotty, Bates, Hayward, Hanley, Wood, H. Donnelly, Andrews, Jeans, Higgins, Hamlin, Martin, Morris, Councillor Ryan, Taylor, Emerson, Day, Ellis, Foran, Dowden, Murphy and Carew.

After Mr. Hiscock had addressed the meeting, the Secretary read the minutes of last meeting which were confirmed and Mr. Crotty made the statement that there was a small balance on hand with three sets of medals and the Judges' boat which was purchased last year.

To the deep regret of all present Mr. Hiscock read a letter from the President, Hon. John Harvey, announcing that he was tendering his resignation, thanking the Committee for the loyalty and help always extended him and promising to take the most lively interest in and extend all possible help to the Committee in future years.

Mr. Hiscock paid an eloquent tribute to the ability displayed by Mr. Harvey during his tenure of office and his courtesy and consideration for the opinions of the members of the Committee.

Mr. W. J. Higgins in an able and eloquent speech delivered himself in a similar strain and in acknowledgment of his splendid services to the Regatta proposed that Mr. Harvey's name be placed for all time on the list of Honorary members. This was carried by acclamation. The meeting now adjourned and after the general public were admitted Councillor C. W. Ryan was moved to the chair to conduct the election of officers.

It was proposed by Mr. F. W. Hayward and seconded by R. Jeans that a Regatta be held. Carried.

The following committee was then nominated:—

Messrs. A. W. Hiscock, J. L. Noonan, J. P. Crotty, J. L. Slatery, F. W. Hayward, E. W. Taylor, W. J. Higgins, J. W. Morris, A. Donnelly, C. Ellis, N. Andrews, P. Hanley, O. Emerson, A. G. Williams, J. Day, R. Jeans, A. Wood, W. J. Martin, F. Hanlynn, Councillor Ryan, W. Duggan, J. R. Bennett, F. J. Morris, C. O'N. Conroy, Dr. Scully, M. Chaplin, P. F. Moore, T. McNeill, W. H. Rennie, L. C. Murphy (Chronicle), R. Dowden (Herald), T. J. Foran (News) and T. D. Carew (Telegram).

Mr. J. L. Noonan, the able Secretary, who has been 25 years on the Committee, now tendered his resignation, but as Mr. Higgins observed the Regatta would not look like our Derby with Mr. Noonan absent from the Secretaryship, and that he for one would abandon it if such occurred, and Mr. Noonan decided to hold the office for another year at least and his speech

was received with ringing cheers.

Mr. Higgins in a most complimentary and in an able address proposed as a successor to Hon. John Harvey the Vice-President, Mr. A. W. Hiscock, spoke of his enthusiasm for the Regatta, his ability and experience, and concluded with the hope expressed that he would accept. This was seconded by Secretary Noonan in an appreciative speech and carried amidst an outburst of applause.

Mr. Hiscock eloquently thanked all for the honour done him, showed that he had solicited other gentlemen to accept the position (as he had known of Mr. Harvey's intention some time ago) but that they could not take it and therefore to help on the good work he accepted the position and asked for the same help so generously accorded by the Committee to his predecessor.

Mr. L. C. Murphy then proposed Mr. W. J. Higgins as Vice-President, seconded by Mr. F. W. Hayward, both extolling Mr. Higgins' work on the Committee and in athletics generally. With characteristic humility Mr. Higgins objected saying that he was only a young man and that some one older should receive the office. Mr. T. D. Carew held that this very objection was the principle which would qualify Mr. Higgins for the office and he was elected thereto amidst an outburst of applause, and is the youngest V. P. who ever sat at the Council Board of the Regatta Committee. He heartily thanked the members for the honour done him.

Messrs. J. L. Noonan and J. P. Crotty were then elected Secretary and Treasurer, respectively, each thanking the committee in a neat speech, after which Mr. Ryan vacated the chair, and the President and the other officers took their places, each one thanking the committee again for the trust reposed in him.

The following were appointed Honorary members:—

His Honour Mayor Ellis, Rt. Hon. Sir E. P. Morris, Kt., K.C., P.C., L.L.D., Hon. E. R. Bowring, Hon. J. Harris, Hon. W. C. Job, R. Von Stein, Esq., W. D. Reid, Esq., Hon. J. Harvey and Mr. H. D. Reid.

The date of the Regatta was set for Wednesday, August 27th, weather permitting.

As regards the cups and medals, the matter was left in the hands of the Committee to do the best possible.

The following judges were appointed:—

Capt. E. English, J. H. Monroe, Esq., Eli Dawe, John Syme, Esq., Henry W. LeMessurier, Esq., Hon. John Anderson, R. C. Smith, Esq., James Jardine, Time Keepers:—Mr. C. O'N. Conroy and the maker of the medals.

The meeting then adjourned until Friday night next at Woods' West End Candy Store.

CITY'S HEALTH.—Thirty-one cases of scarlet fever and three of diphtheria were reported during the week. There are now in hospital 52 scarlet fever patients, two diphtheria and one of typhoid. Being nursed at home, 57 of scarlet and two of diphtheria.

Anchor SHINGLE STAINS

The Best Preservative of Undressed Wood

Anchor Shingle Stains indefinitely postpone, if not absolutely prevent wet rot or dry rot. They show up the grain of the wood, giving a delicately artistic finish, not only to the surface coated, but to the entire building.

We have used infinite pains in the selection of pigments best suited to combine with our specially treated COAL TAR CREOSOTE, and our success has been proportionate with our care.

Anchor Shingle Stains are being very largely used on the roofs, and in many instances also on the bodies, of the most attractive houses in our midst; they are also employed with excellent results from an economic standpoint on sheds and other outbuildings.

If your dealer cannot at the moment supply Anchor Shingle Stains, please write us to arrange for you.

Special Evening Telegram.

LONDON, June 14. Lord Mersey to-day intimated his regret that the certificate of Captain Lord of the California, who failed to go to the rescue of the Titanic, was beyond his reach. He expressed the opinion that the question of Bruce Ismay's conduct was only material to the extent to which it might have improperly influenced Captain Smith.

In Old Age.

When I have reached three score and ten I hope I will not be like sundry sad and ancient men that every day I see. I hope I'll never be so old, so broken down and gray that I will lift my voice and scold when children round me play. I hope I'll never be so sore, so close to muffled drums, that I can't waltz around and cheer whenever the circus comes. I hope I'll never wither up or yet so foundered be, that I won't gambol with a pup when it would play with me. I hope I'll not, while yet alive, be so much like a corpse, that I won't seize a chance to drive a good high-stepping horse. Though I must hobble on a crutch to help my feeble shins, I'll always yell to beat the dutch whenever the home team wins. Perhaps I'll live a thousand years—I sometimes fear I will, for something whispers in my ears I am too tough to kill—I may outlast the modern thrones and all the kings thereon, but while I navigate my bones I'll try, so help me John, to be as young in my mind and heart as any spring-ald near, and when for Jordan I depart, go like a gay roan steer.

Last Night's Football Match.

The Star and St. Bon's were the contesting teams on St. George's Field last evening and a very poor exhibition of football was witnessed. The attendance was the smallest for the season. The Star were never seen to worse advantage and the St. Bon's had only nine men. This is certainly an evidence that there is a waning of interest in the game. However, the prevailing opinion last night was that in future any club that does not produce a full complement of men before 7 o'clock the game should go in default to the opposing team. In the first half no goals were scored, but on changing ends the Star notched up two. J. O'Flaherty got his right leg badly injured and had to cease playing.

Dogs After Cattle

Thursday residents of Portugal Cove discovered that some heifers and other horned cattle owned by them were being bitten by dogs. The cattle were out grazing and these brutes attacked them. Some of the wounds were old and in a terrible state, and the animals had to be herded carefully and skillfully to save them. The people of the place should wipe these brutes out.

LEG INJURED.—Mr. J. O'Flaherty, one of St. Bon's football team, has the muscles of his leg sprained and is now being attended by a doctor.

Two Girls and Man Drown From Canoe.

Were Attempting to Navigate Rapids of Passumpsic.

St. Johnsbury, Vt., May 30.—Three prominent young people of St. Johnsbury, Miss Hattie Ellis, Miss Helen Smythe, and her brother, Herbert W. Smythe, were drowned in the Passumpsic River here to-day when a canoe in which they were attempting to navigate the rapids overturned.

FOURTH SAVED.

Louis Kimball, the fourth occupant of the frail craft, was saved by Hattie Richards, who had been attracted to the river bank by the cries of the young people. Kimball, who was unconscious when pulled out of the water, had tried valiantly to save the life of Miss Ellis. He lost his hold on the

young woman a few moments before Richards caught him.

Smythe was the son of Louis M. Smythe, one of the best known merchants of northern Vermont, and was associated in business with his father. He was 28 years old. Miss Smythe, 18 years old, was a student at a Vermont academy. Miss Ellis, who was 19 years of age, was the daughter of a well-known St. Johnsbury citizen. Mr. Kimball is employed in a clothing store here.

Pleasure Trip.

The young people started up stream from St. Johnsbury on a pleasure trip. When that part of the river known as "the rapids" was reached the party decided to attempt to paddle over the treacherous water. They had hardly entered the rapids when the canoe turned over, throwing the four persons into the water.

The swiftly rushing waters swept the canoe down stream out of the reach of the young people in the water. Smythe and his sister went down together. Kimball caught hold of Miss Ellis and tried to reach the river bank. Their cries for help attracted the attention of Richards and he rushed to the river. Kimball was within only a short distance of the bank when he lost his hold on Miss Ellis and she disappeared from view. Richards waded out into the water a few feet and caught hold of the young man. He was unconscious and was in a serious condition to-night.

A large crowd went to the scene when informed of the accident. Irons were secured and the river bed was dragged for the bodies, but at dark none had been recovered. The river is very high and it is considered doubtful whether any of the bodies will be found.

REGATTA CREWS COMMENCE.—Some of the proposed Regatta crews will start practising Monday evening next on the harbor.

Had Close Call.

Albert King, a 15 year old youth of Holeytown, with death staring him in the face and with his companions standing close by powerless to render assistance, was rescued from drowning in the nick of time by James Crotty yesterday. The latter is the 18 year old brother of W. Crotty, reporter on the Telegram staff, and a strong swimmer. The youngster had fallen over Hynes' coal pier, and his chums, being unable to swim, hollered loudly for help. The young man Crotty, who was driving home at the time, left his horse on the roadside and responded to the call. Immediately he plunged over the wharf, and we learn from him was well beneath the surface when he grasped the vic-

tim, who was going down to rise no more. Both were lifted to the pier by the aid of ropes. King had to be rolled for several minutes before being brought back to consciousness. A considerable amount of water was pumped out of him. The act was a commendable one. This is the third time Crotty has figured in life-saving—first, on Quidi Vidi Lake; second, when he rescued Miss Ethel Connolly from Deadman's Pond at great personal risk, for which he was awarded a silver watch by His Excellency the Governor; third, his feat of yesterday in rescuing King, who undoubtedly would have drowned but for his timely arrival.

The Kidneys . Wear Out

But in advanced years you can keep these organs healthy by using Dr. Chase's Kidney-Liver Pills.

As old age comes on most people suffer more or less from derangements of the kidneys. With some there are years of pains and aches, with others Bright's disease sets in and the end comes quickly.

Fortunately many have learned about Dr. Chase's Kidney-Liver Pills, and are enabled by their use to keep the kidneys healthy and active.

Mr. Richard Preston, Osborne, Lambton County, Ont., says: "Seventeen years ago I began the use of Dr. Chase's Kidney-Liver Pills when my back was so bad that to stoop or rise was torture to me. The kidneys were in bad condition, but these pills entirely freed me of back pains. I have used them ever since, whenever the kidneys would get out of order, and now, at eighty years, am well and hearty, thanks to this grand medicine."

Improvements in Gas.

The Old Year is closed, and in looking back, the advocates of Gas have no cause for complaint; indeed, it has been a year of great progress in this industry.

Each year Householders realize more and more what Gas (intelligently used) can do for them in Cooking Heating and Lighting.

A great improvement in gas appliances is shown in all directions and the growth of knowledge as to how Gas may be used to the best advantage is one of the most satisfactory features of the past year.
