SHELL RIPPED OFF COAT!

The reason why the Marquis of Anglessey, one of the wealthiest peers in England, suddenly returned from France, a few days ago, and after remaining in the Ritz Hotel 24 hours, hastened back to rejoin his regiment, was revealed to-day.

Anglessey was forced to apply for a brief leave because he actually did not have a coat to his back. The wear and tear of campaigning frayed the fragile quality of khaki designed by a fashionable tailor, and a piece of shrapnel ripped the whole back out without wounding his lordship.

The Marquis had two uniform coats made during his brief visit. It is curious to note that the last holder of the title of the present Marquis was chiefly famous as the possessor of the most extensive wardrobe in England, which included more than 300 coats.

The Marquis did the right thing, visiting his tailor, as we have always advised customers when a garment is badly torn to have it replaced. Dry Cleaning will not remedy such defects.

BAIT

Or rather the want of it, is one of the principal drawbacks to the fisheries of Newfoundland, and as it is tolerably certain that we shall have good markets and high prices in 1915, now is the time to prepare to capture BAIT fishes.

As a means to this end we are making **CHEAP LIGHT CAPLIN SEINES**, that will be easily handled, and as one good haul will pay for the outfit, every schooner should have one.

We are making **SQUID TRAPS**, which will be most effective.

We are making **SMELT NETS**, in all sizes.

We are making **GILL NETS**, various sizes.

We are making **COD TRAPS** and **COD SEINES**, Hemp and Cotton.

We make **SUPERIOR HERRING NETS**, Standard and Crescent brands.

We make **Hemp and Cotton LINES** and **TWINES** of superior quality.

We make **CORDAGE** and **CABLES** of all sizes.

In fact we make everything required for the fisheries, and we ask all our people to support **HOME INDUSTRIES** by using everything that is home made where ever possible, and so keep the money in circulation in Newfoundland.
