Washington Fears War Out of Ruhr Situation.

Paris Officials Confident of German Overtures.—Norway Turns Down Commercial Treaty With Portugal.—Much Raw Material Seized by French.

WASHINGTON APPREHENSIVE
 NEW YORK, March 2. Special to the Tribune from Washington says so serious is the situation in Ruhr now regarded in the United States capital, that "no one would be surprised at the outbreak of hostilities which would lead to the general war at any moment." The newspaper adds that uncertainties of developments in the Near East as well as Ruhr "add to the feeling of apprehension in Washington."

power and vigor as in the greatest of Welshmen of to-day."
JOE MARTIN DEAD.
 VANCOUVER, March 2. Joseph Martin, K.C., well known Canadian lawyer and politician died here to-day, aged seventy-one. He was a native of Ontario.

FOOLING THE ENEMY.
 ESSEN, March 2. Various tricks of camouflage such as wire tapping, night raids, and other schemes, devised to fool the enemy have been resorted to by one side or the other in the Ruhr struggle recalling the experiences of the war. A serious case of telegraph wire-tapping is reported to-day with the arrest of Brigadier-General Koch of the Security Police in Essen. The French accused the General of having arranged a listening-in apparatus which connected up with the military lines. Offences of this kind are classed under espionage and are punishable with death. Early morning raids by French troops to gain possession of German rolling stock are bringing excellent results in many instances in the railway yards.

FRANCE EXPECT GERMAN OVERTURES.
 PARIS, March 2. The German overtures for a settlement of the Rhine area are likely to be delayed possibly a month or even longer, in the opinion of official circles as expressed to the French do not entertain any hopes regarding the ultimate results. There is being exerted on German nationalists and the German nation occupation, but it is not believed time is not yet ripe for Germany overtures which French officials are confident she is bound ultimately to make, it being considered there is no logical issue for her.

FRENCH TOO QUICK FOR RAILWAYMEN.
 HAMBORN, March 2. The French seized eighty cars of coke, fifteen of coal, ten of metal products, and two locomotives. When seized the cars were in two trains. The locomotives were getting up steam while trainmen were preparing to make a dash to run the French blockade into unoccupied Germany; but the French swooped down before the engineers had time to open the throttle. At various customs central posts, where soldiers are stationed along the highways leading into unoccupied Germany, trenches are being dug across the road to compel all vehicles to stop for inspection. The latest addition to the forces in Ruhr are carrier pigeons, with cages for them on wheels. They are ready to use should wire communication fail.

ECLIPSE OF THE MOON.
 CHICAGO, March 2. There was a partial lunar eclipse last night lasting from 8:25 to 10:35 p.m. standard time.

POSTPONED.
 WASHINGTON, March 2. The decision not to act this session Congress on the President's proposal for United States membership in the International Court of Justice, reaffirmed by the Senate foreign relations committee after it had received a further explanation of the administration's purpose from President Harding and Secretary Hughes.

CHAMBERLAIN'S TRIBUTE TO L.G.
 LONDON, March 2. Chamberlain paid a high tribute to former Premier Lloyd George at one of the Welsh national meetings. "He is one of those men who in every great crisis in Great Britain have always been given to us by a higher power, something more than ordinary, and noble, by every crisis which called forth the best of their powers and raised them to a high position. Courage, imagination and resourcefulness have been combined in the same

Successful Opening.

GIRL GUIDE HEADQUARTERS.
 A most successful opening of the Girl Guide Headquarters took place on Thursday afternoon in the premises which they now share with The Old Colony Club, in the Smallwood Building. The opening was organized by the ladies of the Headquarters sub-committee, whose efforts the Girl Guides Association greatly appreciate. Those present generously gave useful gifts of donations towards furnishing the Headquarters, the sum of \$128.80 being subscribed, while several ladies joined the Local Association. The Headquarters have already been used for the training of Guides (Officers) and lectures to Guides. It is hoped that the room will be made use of in the near future as a club room and library. The Association is deeply grateful for the practical sympathy which has enabled them to have such a central meeting place for the Guides.

"I Can Now Do My Work Without Feeling Tired"
 Mrs. A. Moffatt, Roxton Falls, Que., writes:
 "I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."
