

POLLARDS PRODUCE THE MIKADO

Another Success Scored at the Lyric Theatre Last Night

The Pollard children scored another success last night in their presentation of the "Mikado" and quite surprised their audience in some of their roles. For instance, Olive Moore's interpretation of "Katisha," ugly and old, was a revelation to those who had seen her in the sweet and dainty "Fifi" of the "Belle of New York." Her make-up was excellent, and her acting not a whit behind. When she and Teddie McNamara (Ko-Ko, the Lord High Executioner) got together it was a busy time, and frequent encores were the rule.

Eva Moore as "Nanki Poo" sang beautifully, and although Freddie and Johnnie Heintz had not so very much to do, they were determined to make the most of it, and they did, causing perfect fits of laughter. Freddie, as the noble lord, looked rather more like "Uncle Josh," but his cheerful though impressive manner quite made up for that.

The "three little maids" looked and sang their parts to perfection. Daphne Pollard as "Pitt Sling" was quite enchanting and almost outshone the beautiful "Yum Yum."

Jack Pollard in his dual role of the "Mikado" and "Pooch Bah" did some extremely clever work, meriting his frequent applause.

The "Madrigal" was encored, so sweetly was it sung, and, of course, "The Willow" No one could help enquiring that.

Perhaps the children are not quite so much at home in this as in some of their other plays, it being just lately added to their repertoire. But it was indeed well done, and came up to all expectations.

Coming to Dock in Lake Ontario

New York, Jan. 3.—The United States gunboat Sandovick, intended for the use of the naval militia on Lake Ontario, reached her dock in this city today, having travelled from Norfolk under the command of Lieut. E. N. Walbridge and manned by members of the second separate division of the militia of Rochester, N.Y. The Sandovick was captured at Guantanamo during the Spanish-American war. She will be repaired in New York and proceed to Lake Ontario in the spring.

PRUSSIA HARD WITH THE POLES

Continues to Prosecute With Severity any Infraction of Polish Ordinances

Gness, Prussia, Jan. 3.—The Prussian governor, in consequence of the disturbed state of the public mind in Prussian Poland over the school strike and the renewal of the Polish nationalist agitation, continues to prosecute severely any infraction of the political ordinances.

The trial began here today of a member of the Prussian house of lords, Von Koscielski, a rich Polish land owner; Von Chvznanowski, a member of the lower house of the Prussian diet, and 21 other persons who are charged with having taken part in a public meeting in the park of Von Koscielski's castle without the consent of the government. All the accused belonged to the so-called Polish "Socol" association, numbering several hundred persons and forming, the prosecution avers, material for mobilizing a future revolutionary army. The "Socol" assumes to be a gymnastic organization.

SOCIETY AIMS AT POLISH INDEPENDENCE

To Unite All Resources for that Object is Main Feature of National League

Breslau, Silesia, Jan. 3.—The articles of association of the Polish National league describe the aim of the league as being "to unite all the national resources for the restoration of the independence of Poland." Article nine demands a union "with those foreign political parties which are able to gain certain political or commercial advantages without assuming any responsibilities, in states where the Polish people are not admitted to participate in political life." The central committee of the league is bound to "support any revolutionary action tending to change or destroy the government." Article ten reads: "In case of war between the powers that took part in the dismemberment of Poland the league's principal care must be to secure for Poland at the critical moment an important position, and therefore the central committee must prepare plans for a military and administrative organization. The committee must collect accurate information concerning the amount of money in the country available in the event of war and also must arrange a military intelligence system, to obtain information regarding the number, equipment, mobilization, quarters and transportation of the troops, plans of fortresses and magazines and all technical secrets."

CALGARY! **CALGARY!**
The Commercial and Industrial Centre of the Last Great West, 840 miles distant from Winnipeg and 641 miles distant from Vancouver. Without a rival, without a competitor, without a peer. The centre of a vast country, rich in grain and cattle. The distributing basis of immense coal timber and mineral districts.

Calgary has 12 banks, 85 wholesale houses and 25 manufacturing industries. With an educational system which is unequalled. It has 3 fire halls and 3 branch post offices. A street railway is about to be constructed which will serve East, West and South Calgary. This will mean a belt line of about 12 miles in length.
The G. T. P. have declared their intention of reaching Calgary at an early date. The C. N. R. is determined to become established here in the near future. Both companies are fully warranted in putting forth every effort in order to keep pace with the unparalleled development which is taking place in this part of Greater Canada.
Calgary is favorably situated at the foot of the Rockies, with a climate unsurpassed. Watch her grow! Her population in 1890 was 4,000, her population in 1900 was 7500, her population in 1910 will, at a conservative estimate, reach 50,000. Buy Calgary property while you may. It will double and treble itself in price in a short time. It has been the rule in the past and will be the rule in the future. The tremendous influx of immigration compels it. Get in on the ground floor.

The magnificent suburb known as South Calgary, which until recently was under the control of parties in England and which is part of an estate which must be closed up, will now be placed on the market and thrown open to the public. Three thousand lots are now being offered for sale.
Said lots will be sold at prices varying from \$35.00 to \$60.00 per lot, according to location and value. Terms half cash, balance in three and six months, with interest at 8 per cent. Some of these lots are worth \$200.00 each, none less than \$50.00 each. This is the greatest snap ever offered the public. You cannot lose money, you are bound to make money. You cannot help it. It is merely a question of whether you make a profit of 100 per cent. or 800 per cent.
Adjoining this property is the contemplated terminus of Jim Hill's road, which will reach Calgary from Fernie, passing through a splendid coal, timber and mineral district.
