A GORGEOUS COLUMN
as they marched inside the Lincoln Parkway gate to Camp Millard Fillmore. They were greeted by Sousa's band with "The Invincible Eagle" and the famous Highlanders' head song, "God Save the King" and "Yankee Doodle."
The United States artillery, under Major Wiser, turned out the entire guard to welcome the Highlanders. The crowds cheered heartily. It was an ENTHUSIASTIC WELCOME.
The Canadians are under command of Lieut.-Col. W. C. MacDonald. Attached to the special train in which the Highlanders came is a splendid band of 75 men, including Col. Pinault, minister of militia and defence, who will represent the Government of Canada at the exercises tomorrow. In Dr. Borden's party were Col. and Hon. M. A. Ryan, adjutant-general, Col. Pinault, deputy minister of militia, Col. D. A. MacDonald, director of stores; Lieut.-Col. H. M. Pellatt, of the Queen's Own Rifles; Lieut.-Col. Hurman, of the Ottawa Field Battery; Lieut.-Col. Many Drownings.
Detroit, June 30.—Five lads, ranging in age from 12 to 15 years, living in the eastern part of the city, started off early yesterday morning for a day's enjoyment along the banks of the river. A few hours later three of them were drawn from its treacherous depths unconscious, and in need of human help. The names of the lads who were drowned are Charles and Otto Nagel, aged 13 and 10 years, sons of Charles Nagel, the tailor, living at 182 Charlevoix street. The other boy, Henry Kageff, is a cousin of the two who were drowned. Charlie lost his life in the fruitless endeavor to save his brother.
Newberns, N. C., June 28.—Hon. W. E. Clarke, his daughters, May B. aged 12, and Frances D., aged 8, and George B. Ryan, aged 10, were drowned here tonight.
Iona, Mich., June 28.—Melvin S. Bemis was drowned at 3 o'clock this afternoon in Long Lake while swimming. He was the son of Prof. and Mrs. C. L. Bemis, one of the brightest young men in the city, about 20 years old, and a fine musician.
Niles, Mich., June 28.—Evan Prebble, aged 23, the son of John Evans, a well-known farmer, as drowned in the St. Joe River, near this place. The young man is supposed to have taken canaps while in bathing.
Escanaba, Mich., June 28.—Charles Gallagher, aged 11, was drowned this evening while bathing.

WANT A \$300,000,000 CANAL.
New York, June 30.—It is said nearly every state in the northwest is heartily in favor of a larger ship canal across New York state to lower cost of wheat transportation to eastern markets. A canal of 21 feet in depth will cost \$300,000,000 and the Federal Government may be asked either to pay a part or the whole.

ALL FELL OVER THE PRECIPICE!

Three German Mountain-Climbers Meet a Terrible Death in Bohemia.

Empress Dowager of China, Suspicious of a Trap, Refuses to Return to Peking—Russian Detectives Sent to German Universities.

London, July 1.—Bohemian papers (says a dispatch to the Daily Mail from Vienna) report that three German tourists, Westnitz, Meixner and Fischer, were killed on Erzgebirge, near Weipert. They were roped together. One lost his footing and fell over a precipice. The others held him suspended. He urged them to save themselves by cutting the rope, but they refused, and, renewing their efforts to haul him up, all fell down the rocks.
EMPRESS DOWAGER WON'T GO TO PEKING.
Shanghai, June 30.—Marquis Tseng has received a dispatch from Sian Fu to the effect that the empress dowager, fearing a trap to capture her, declines to return to Peking, and has notified the grand council that the future capital will be Kai Feng Fu, in the Province of Ho Nan.
SUICIDE OF A BANKER.
Leipzig, June 30.—Eduard Krohmann, a banker, committed suicide Saturday morning by shooting himself on his estate in Lindenau, near here.
DUCHESS OF SUTHERLAND'S DAUGHTER WEDS.
London, June 30.—Mary Blair, daughter of Mary, Duchess of Sutherland, was married at Slough last week to Count Johan Franz Bubna von Littic, a Bohemian.
SEVERAL KILLED IN RUSSIAN FIRE.
St. Petersburg, June 30.—A fire at Tsaritsin, a fortified town in the government of Saratov, consumed several saw mills, 24 timber-laden barges, and the timber depots and quays on the Volga. The damage is placed at 5,000,000 roubles, and it is reported that several lives were lost in the fire.
EMPRESS FREDERICK GROWING WORSE.
London, June 30.—A dispatch from Cologne states that it is now doubtful whether the empress goes on his contemplated trip to the north because of the serious condition of his mother, the Dowager Empress Frederick. Authentic information is unobtainable, but she is known to be growing worse.
BIG PRICE FOR HOPPER'S PAINTING.
The most valuable picture offered this season was sold at Willis' auction rooms today. It was Hopper's three-quarter length painting of Lady Louisa Manners, afterward Countess of Dysart, and was bought by Duven for 14,050 guineas.
MODIFYING THE ACCESSION DECLARATION.
London, June 30.—The report of the select committee of the House of Lords, appointed to consider the accession declaration of the sovereign in regard to transubstantiation, finds that the language can be advantageously modified without diminishing its efficacy, as security for the maintenance of the Protestant succession. The form of declaration suggested by the committee does not contain phrases relative to idolatry, which are so objectionable to Roman Catholics.
CONSCRIPTION.
London, June 29.—Lord Lansdowne spoke very guardedly last night in the House of Lords on the subject of conscription. His reply, however, was highly significant. The government did not, he said, contemplate conscription for military service beyond the sea. The inference is drawn from this remark that compulsory service for home defense is well within the pale of practical politics.
FROM KING EDWARD AND THE KAISER.
Glasgow, June 30.—The members of the Institute of Naval Architects were gratified by the receipt of messages from Emperor William and King Edward. The former telegraphed that the promotion of shipbuilding and international commerce was calculated to "knit closer kindred nations, moved by the same spirit of enterprise, and has all my sympathy. I wish every success to the useful and noble work in which you are engaged."
DETECTIVES SENT TO UNIVERSITIES.
Berlin, June 30.—Russian detectives have been sent to the principal German universities, including the university of Berlin, to watch for attempts to spread the nihilistic propaganda among the Russian students.
THE KING'S PICTURE COVERED.
Deptford, June 30.—At a meeting of the United Irish League here John Dillon denounced fiercely the government and the war in South Africa. During the progress of the meeting the delegates from Bermondsey marched in carrying banners which they placed behind the speaker's chair, under a portrait of the King. In response to cries of "Cover him up," the banners were hung so as to blot out the portrait to the manifest satisfac-

The Summer Girl

Who is up-to-date in all her methods never leaves home without taking away in one corner of her traveling bag a bottle of "Hazeline."
She is able, thanks to this refreshing agent, to emerge after a day's ride looking as fresh and fair as a rain-drenched rose.
Where can be found an article so soothing and so refreshing as a dewy cream, a blossom-scented mixture that sinks into each pore of the skin, softening, healing and cleansing? Without Hazeline you may consider your list of toilet articles, no matter how carefully chosen, practically incomplete.
It is far better after a day's travel as a face bath than the softest rain water and the rarest of soaps. Only 25 cents a bottle.
CAIRNCROSS & LAW ENCEP.
Chemists and Perfumers,
218 Dundas Street.

were reported up to 9:30 o'clock tonight.
At noon today the government thermometer registered 58 degrees, at 3 p.m. 93 degrees and at 4 p.m. 97 degrees—5 degrees more than the maximum temperature Saturday.
After this a drop came, and at 5 p.m. the mercury touched 85. The intense heat of the early evening caused the pastor of the Eighteenth Street Methodist Church to dismiss the congregation after the opening hymn had been sung.
Washington, June 30.—Intense heat prevailed here all day and far into the night. During the afternoon the temperature at the weather bureau was 98 degrees, and it maintained a higher record throughout the evening. Reports to the weather bureau from points throughout the hot wave area show remarkably high temperature generally, with little or no rainfall and but poor prospects for any substantial relief in the next 48 hours.

ARCH. BREMNER PASSES AWAY.

Well-Known Newspaper Man Succumbs to Long Illness.
Was Known Throughout Canada as a Brilliant Paragrapher and a Clear Thinker.

Archibald Bremner, one of the best-known newspaper men in Canada, died at 3 p.m. on Saturday, at the residence of his sister, Miss Bertha Bremner, 400 Dundas street. The cause of death was a complication of kidney and bronchial troubles, from which Mr. Bremner had been suffering for more than two years past. In spite of advancing weakness, he continued until Monday last his work on the editorial staff of the Free Press. Until the hour of his death his intellect retained its clearness, and his interest in local and general affairs was unabated.
The death of "Archie" Bremner, as he was familiarly known, removes from the ranks of Canadian newspaper men one of its most striking figures. Mr. Bremner began his newspaper work over a quarter of a century ago in the office of The Advertiser, and he was, like so many other successful journalists, a graduate from the composing room. After being connected with The Advertiser for several years, he went to Ottawa to do parliamentary work for the Free Press. He was later employed on the Toronto World, the Montreal Herald, the London News, and other papers. For some months past he had been doing editorial work on the Free Press. He was known as probably one of the most expert paragraphers in Canada, and among newspaper men all over the Dominion he was looked upon as one of their brained and cleverest comrades. He was an all-round newspaper man, being equally at home in the editorial, local, sporting and other departments. One of the most important of Mr. Bremner's undertakings was his authorship of "Illustrated London," a history of the Forest City from its earliest days down to the present time. He was aided in the compilation of this work by an unusual capacity for hard work and the possession of a remarkable memory for details.
Mr. Bremner was a general favorite, and of him it might be truly said that he had not an enemy in the world. His generosity and optimism made him a favorite with his associates, while the combined broadness of his humor and soundness of judgment added a peculiar value to his work as an editorial writer.
The surviving members of the family are Messrs. Alexander, Malcolm G., Ronald and Robert, and Misses Bertha and Jessie Bremner, all of this city. The funeral which is private, takes place this morning at 9 o'clock to Mount Pleasant Cemetery.

DEATHS OF A DAY

Demise of Mr. Patrick Baskerville, Ex-Member Provincial Parliament.
Mr. Patrick Baskerville, ex-M. P. for Ottawa, died yesterday at his home on Stewart street. He was 61 years old, and was the head of the firm of P. Baskerville & Bros., wholesale grocers. He was a Conservative in politics, and sat for several years in the Ontario Legislature. Mr. Baskerville had been ill for some time.
Indianapolis, Ind., June 29.—Judge W. A. Woods, of the United States district court, dropped dead at 12:29 this morning at his home in this city.
Saratoga, N. Y., June 29.—Oliver S. Carter, president of the National Bank of the Republic of the City of New York, died here last night of a disease. He was born in Connecticut in 1825.

THE KILLING HEAT!

Failure in New York of the Promised Relief—Temperature Reached 97—Many Deaths and Prostrations.
New York, June 30.—The relief from the killing heat of last week, which was promised today in the shape of thunderstorms, did not materialize. Instead, in this city there was less breeze than the day before, and what little air did stir was surcharged with heat. There was scarcely a cloud all day to shield the city's population from the sun's burning rays.
Eleven deaths and 19 prostrations
