Many people are brought up to believe that coffee is a necessity of life, much moisture have been rare, on the system makes it hard to loosen its grip even when one realizes its in-

SUNDAY MUSIC. To the Editor of the Advertiser: On Sunday afternoons a large numper of our citizens take advantage of Victoria Park for the purpose of enjoying a little fresh air and relaxation.
Would it not be a good idea to have some sacred music between the hours of 4 and 6? The excellent band of the Seventh Regiment has a good supply of such music, and it is said that they are prepared to give concerts should the necessary authority be obtained for them to do so. No harm can be done to anyone by such performances, and they would be a great source of pleasure of a most reasonable nature.

It is to be hoped that no obstacle will be thrown in the way, should such a desirable move be A CITIZEN.
