Since the divorced Countess Russell, by marrying "en seconde noces" the English groom masquerading as a foreign prince, forfeited her prerogatives and status as a peeress of the realm, there has been no woman of that rank on the English stage. This omission is about to be repaired by the return to the footlights of the wife of Lord Haldon, who spent several years in this country as an actress, part of the time country as an actress, part of the time under the name of Miss Miska, and fterwards as Mrs. D. Ultimately he was acquitted on the ground that he was a tool rather than a confederate of the gang of swindiers with which he had associated himself.
