Hamilton, June 18.—Muskegon hit the ball hard in the early stages of today's game and won from Hamilton by a game and won from Hamilton by a score of 10 to 2. Bunching hits in the second and fifth innings gained the visitors the majority of their runs, and they drove Edgren from the box in the fifth and then touched Andy Miller, who succeeded him for three singles before the frame ended.

National Has Weakest Pitching, and Critic Says Even Moran and Robinson Are Poor Developers.

By JOHN B. FOSTER. (Copyright.)

New York, June 18.—Two solid months for the National League have gone into the sere and the pitcher of great stunts has not materialized in that circuit. The American League is slightly better off in that respect, but not much.

National League batting has been far more effective to date than American League batting. The National wielders are not far less effective than those of the American, so the logical deduction is that the National League pitchers are being whaled around the lot more than American League twirlers—and the deduction is correct.

The National was none too good in the pitching department last year, and

should pause and reflect on the manner the Giants have taken the longer dive, in which Luque has treated the Giants the Giants have taken the longer dive, and both are now down to the level while serving them over from the mound. Luque has no love for the Giants, because of the airy persifiage with which they always surround him, when he pitches against them. Yet the traditions kees finish home.

### **Soccer Notes**

London and district soccermen would do well to remember the Ontario Junior Cup final (district elimination series), which takes place tonight at Springbank Park, kick-off 6:15, between St. Thomas Junior Rovers and Canadian Thomas Junior Rovers and Canadian National Railway Juniors.

As both Rovers and C. N. R. Juniors As both Rovers and C. N.aR. Juniors fought a rather strenuous second series league game Saturday, in which Rovers won by an eyelash, and as both Rovers and C. N. R. Juniors previously accounted for the fast-traveling W. O. R. Juniors and Thistles, respectively, in the semi-finals of the Ontario Junior Cup series, a sterling game should be the outcome of tonight's meeting between these two young soccer giants, who will field their most formidable elevens.

It is predicted that whatever team wins the district elimination honors for the Ontario Junior Cup they stand a mighty good chance indeed against either Toronto, Hamilton, St. Catharines, Brantford or Guelph in the final stages for the covered provincial inview. stages for the coveted provincial junior silverware, as London junior associa-tion football is now well on a par with the other aforementioned districts.

Western Ontario Juniors, despite their Western Ontario Juniors, despite their recent losses in Alex Quirrie, Game, etc., have of late shown a great sporting spirit in being able to field a full eleven in all games played.
