### Eucalyptus Oil

The value of Eucalyptus Oil as an antiseptic and deodorant, as well as a cure for colds, asthma, rheumatism, etc., cannot be too well known. A little sprinkled about the house will do away with any bad odors, and act as a disinfectant against infectious diseases. A little applied to the nostrils at bedtime will cure a cold in the head and for coughs and chest complaints a little applied on a flannel to the chest will be found to give great relief. We sell the genuine Australian distilled Eucalyptus, which is known to be the best made. It is imported direct from Victoria, Australia, in 2-ounce and 4-ounce bottles.
