Arrival of the Batteries at Winnipeg—Col.

The Whereabouts of the Troops En

OTTAWA, April 4.—There is a general feel ing here that the rising in the Northwest will be less serious than was at first feared, Cabinet councils are held every day and last for several hours, but the ministers do not seem apprehensive of ill.

The desire to made a scapegoat of Gov. ernor Dewdney is not so prevalent as it was, but the latest suggestion is that inasmuch as he holds two separate commissions, one as governor, the other as superintendent of Indian affairs, he should be uperseded in the latter office. It is felt that the disaffected Indians would be udices while Dewdney would have no ma, serial cause for complaint.

Mr. Caron is winning golden opinions by

the prompt and efficient administration of his department, and he is athis office night and day. Sectional jealousies make his task an unenviable one.

The despatch of General Laurie to the Northwest is no doubt prompted by a desire to propitiate the maritime represents tives, but if General Middleton were a less practical and judicious man than he is, it is a step likely to make difficulties. General Middleton possesses the entire

confidence of the government, and his despatches prove him to be the right man in the right place. If the regiments despatched are not

entirely composed of the most desirable material it is felt here that the present chance of their being called upon to meet on enemy in pitched battle is but the lightest. Mr. Stephen will be here on Monday,

and it is likely steps will be taken for the immediate completion of the gaps in the C. P. R., Mr. VanHorne having alleged that the taking of teams for the convey ance of troops and stores prevents the contractors from prosecuting the work.

tents favor asking the Washington Govern ment for leave to cross American territory, and The World's stand on this question meets with nearly universal approval,

The Situation WINNIPEG, Man., April 4 .- It is understood that Gov. Dewdney has been removed from the charge of Indian affairs, and that the fullest powers have been vested in Gen, Middleton to deal with the savages. There is little probability of a battle; there may be some guerilla warfare

WINNIPEG, April 4.—Gen. Middleton is ecoming impatient at the inactivity to which he is subjected, and has decided to move the troops now at Fort Qu'Appelle on Monday or Tuesday to Touchwood, where another supply depot will be established. Orders will be left for the troops new coming to push on. A and B batter ies will be here to morrow and the Toronto contingent on Monday.

Winnipeg, April 4.—General Terry, commander of the posts on the American frontier, has instructed the troops at Poplar river and Fort Assiniboine, Montana to keep a careful outlook and see that the territory is not invaded. If parties of half-breeds or Indians cross the boundary from Canada to obtain supplies by hunting or stealing stock they will, under the present agreement with the Dominion Government, be deprived of their arms, horses and camp equipage, and sent back under an escort across the line. In case, however, they come as refugees, escaping from a force in pursuit, they will be interned, their arms taken away and the fugitives be subsisted at the expeuse of the Canadian authorities.

MONTREAL, April 4.-A meeting in response to the call of the mayor was held this afternoon for the purpose of devising means of supporting the families of those men who have left this city for the front. It was largely attended. A committee of twenty-five citizens was appointed to act in concert with the city council to obtain subscriptions. There has already been subscribed \$11,840, and it is intended to

London, Ont., April 4.—An intimation has been received here from Ottawa to the effect that the battalion would move as soon as the troops already on their way are transported across the gap on the C. P. R., and warning the officers to have their men ready to start at six hours' notice. A train has also been ordered to be ready to transport the troops by Monday. The men were this morning served out with eating utensils.

The battalion will parade for church service at 2 p.m., and shortly before 3 the men will be marched to their several churches,

rders have been received here for the field and staff officers to take along their horses. The Toronto officers refused to do this and probably the seventh will do the same. The government can just as well send a carload of horses via the Grand Trunk, and supply them there. If horses are taken by the C. P. R. considerable trouble may be experienced with them at the gaps.

LUCAN, Ont., April 4.-The 26th Middlesex have been ordered to hold themselves in readiness for active service. Lucan company, No. 5, is actively organ-ized to join the ranks. Capt. J. S. Thom, who commands the company, resides in Sarnia. He has not yet arrived here, but his subordinate officers are busily engaged getting the men in marching order.

Catlings En Route. HARTFORD, Conn., April 4.—Colt's Paten Firearms manufacturing company have shipped four Gatling guns and 5000 rounds of ammunition direct to Winnipeg, to be used against Riel's rebels. Lieut. Howard of New Haven, commanding the Gatling gun platoon attached to the second regiment of the Connecticut National Guard, has been commissioned by the Canadian government to man the guns. Lieut. In times past and present the most cruel and sinful deeds from men to men were committed because of the absence of the knowledge of God. War with all its terrors is continually springing up like a lothsome sore in the human family. We have heard alarming reports from the East which have roused our sympathy with

the sufferers.

More than this the spirit of discontent has now been raised by sinful men in our own country. A wild and cruel foe has raised the standard in our dominion and is

Such sentiment between loving friends at a parting hour has painfully pressed loving hearts, and many a tear was shed by those left behind.

Our soldiers are volunteers, and most voluntary they have come forward to perform noble deeds to rescue the innocent from the cruel and ruthless band who now bloodthirstly surround them.

May our blessing be with them to greet those of our own congregation together with their comrades on their return. The task before them is a most serious one, and many a man will plainly see that his own strength is not sufficient to overcome dangers. He should therefore draw con-solation from the Almighty God, the Master of battles.

O heavenly Father, speed we pray Thee the time when hatred, prejudice and envy shall disappear and give way to good will and love amongst men. The time of peace which Thou so graciously promised to us, may it speedily, and in our days, appear. Thy works are perfect, so will be the peace and mercy towards us in the time. When the wolf and the lamb shall lay down together, and the knowledge of Thee, O heavenly Father, shall cover all mankind, like unto the waters which cover the sea.

The Scott Act in St. Thomas. Justice Rose granted an order nisi Sat-turday morning on behalf of G. C. White, a St. Thomas brewer, calling upon Judge a St. Thomas brewer, calling upon Judge Hughes of St. Thomas to show cause why a writ of mandamus should not be issued to compel him to decide upon the legality of the vote cast at the recent Scott act contest in St. Thomas. The act was carried by a majority of 13 and the opposing party claims that 23 votes are bad, and that the judge should have so determined. Judge Hughes, however, took the view that he could only recount the ballots and not determine the legality of the votes. This question will be argued this week.
