Romance of Crime. On Sabbath morning, in the summer of 1883, the dead body of a burglar was found says :- Last year I put twelve mole at the bottom of the hatchway of Kilgour in my strawberry patch of five acrea to & Taylor, a prominent wholesale house of catch the grubs and they did the work. Cincinnati. The circumstance of the case I never had a dozen plants injured dur seemed to indicate that the movement of the burghar had awakened a clerk who slept in the store, and that the former, in endeavoring to make good his escape to want them in my strawberry patch. the lower story, had missed his hold upon the rope and fell to the bottom, da-hing out his brains by the fall. The features odor, says Dr. Kedzie, in the New York sensation. The remains, upon being gas pipe reaching to the bottom. Two bottles, costing about twenty-five cents Monuments & ing citizen, and a scene of excitement each, will clean an ordinary cistern.

A Simple Remedy.

There is no remedy of such general application, and none so easily attain able, as water; and yet nine persons in

will generally afford prompt relief. I advise all to try the coal ashes. This treatment in colic works almost have resisted other treatment for hours yield to this in ten minutes There is nothing like it that will so

The Court of Appeals has decided in the case of Mary A. Seybolt against the kept near and clean, as the warm wea kept near and clean, as the warm wea ther approaches. Turn brood mares loose into a box stall as foaling time approaches for damages in case of person travelling on a free pass. Daniel H. Seybolt, husband of the plantiff in this case, was killed in an accident on the defendant's railroad at Tioga in 1881. He was a postal clerk running on that road. death travelling on the road by virtue of a conditions free pass, and, according to the conditions of that pass, he was not entitled to recover of all the conditions of the pass, he was not entitled to recover in proportion to the injury the roots damages. On an appeal to the General Term by the company the award was sustained, and the Court of Appeals has just rich soil about the roots and carefully self-many that independs the sudgment.

The sen of a duke and the sen of an earl are employed in merchants' offices in the city of London. Another noble lad owns seven pawn offices, which give him a large income, and another peer draws profits from thirteen public houses. The latest recruit to the ranks of finance is a blue-blooded youth from Belgravia. This swell has staggered the city men by taking an office in the midst of them, and posting up a notice fixing his business house on Mondays and Wednesdays from 12 to 1, giving his private address at the family palace in Belgravia, where letters are to be forwarded.

The latest recruit to the ranks of finance is a blue-blooded youth from Belgravia. The latest recruit to the ranks of finance is a blue-blooded youth from Belgravia.

The most important crop of the farm—the children. Does this crop taking an office in the midst of them, and posting up a notice fixing his business house on Mondays and Wednesdays from 12 to 1, giving his private address at the family palace in Belgravia, where letters are to be forwarded.
