-A citizen has called the attentio of the Monitor to the quite superfluous display of dead brush, old shoes, cans, etc., that adorn the river bank on either side of the covered bridge on Queen St. If the parties wno placed them there did so with intent to decorate one of the most public spots in the town we should feel ings by a candid expression of our opinion of their taste. If on the othtime someone called attention to the fact that the place is ill chosen for such a purpose It seems scarcely ne-

In passing we might add that there is a possibility of improving even the condition of the bridge itself. On glass front presents a much improved warm days especially, the welcome it appearance.

The Shamrock III has shown such remarkable speed and almost invariably beaten her pace maker by handsome margins that the International Yacht Races are likely to be watched with renewed interest. Whatever the outcome proves regarding the relative sailing qualities of the yachts of the two countries one thing will be clear.

Mr. Archivald, secretary of the Y.
M. C. A., returned on Saturday from section one of the Maritime Boys' Camp, held at St. Martin's, N. B. The camp, though not quite as large as former years, was very successful, and a very pleasant two weeks was spent. There were 35.

hare and hound chase, candy hunts, fishing, boating and swimming. A field day of athletic sports was held and hotly contested. Twenty-five of the boys took part.

The daily paper at the camp, known as the West Quaco Camp Lyre, was much appreciated. It was edited by G. Whittaker of St John, and read by him each day at supper time. All of the happenings of camp and many things that didn't happen were noted. The huge camp fires are always bright spets' at camp. The tribe of Indians known as "The Tribe of the Iron Tea Kettle." with Chief Sitting Bull and Big Bear as leaders, created considerable amusement to the 'pale faces' of the campers, by their pow wows and war dances.

Camp life at the 'M. B. C.' is unique in its character. Though the boys have a hilarious good time, the spiritual good is not forgotten. Several strong meetings were held where heart to heart talks were given and as a result over a dozen boys decided to take Christ as their personal Saviour.

During all the time in camp there

heart to heart talks were given and as a result over a dozen boys decided to take Christ as their personal. Sayiour.

During all the time in camp there was not a sign of sickness among the boys. Some of the boys gave as the reason for this that they took all of their sickness in the form of sea-sickness on their trip on the steamer "Beaver" frem St. John to camp, as all except four were very sea sick.

Mr. Wilson, secretary of the St. John V. M. C. A., was the head leader and he proved himself very efficient. The only thing to be regretted is that there was not a larger number of boys present to enjoy the excellent outing. The attendance next year will undoubtedly be much larger.

The Williams of the boys give as the dead at Middleton, were entirely consumed by fire Monday evening. The barn and outbuildings of Rev. R. D. The Middleton & Victoria Beach Railway Purchased by MacKenzie and Mann.

An Ottawa news despatch of the 28th says: Mesers. Mckenzie & Mann have purchased the Middleton & Victoria Beach Ry. The deal was effected through F. B. Wade, K. C., M. P. The road is under construction, and will run from Middleton, in Annapolis Valley, to Victoria Beach MacKenzie & Mann purchased last year the Central Railway, which will connect with this road at Middleton. By this purchase they will secure the shortest possible connection with St. John, N. B., and through Eastport, Me., with the whole of the Boston and Maine system. It is anticipated that the road will be put in operation as far as Bridgetown this season, and that it will be completed to Victoria Beach next summer. Arrangements are being made for a large wharf at or near many form of Tolson, who ran and caught the whole of the Boston and Maine system. —At Bedford on Thursday Morton Barett, aged five, fell in the river north of Tolson's mill and was carried along 100 feet into the chute. The child's mother saw the little one, but with the whole of the Boston and Maine specifically and the production with the whole of the Boston next summer. Arrangements are being made for a large wharf at or near Victoria Beach, which will give accommodation to the largest steamers at all times of the year or tide. This will be of great importance to apple and other shippers, as it will give them a competing service both ways.

The "hit and miss" plan in advertising never pays. The advertiser who inserts his ad one time, then skips a few issues, then in again, exercises a very chortesighted business judgment and usually gets as his reward what he deserves failure. All the big advertising successes have been attained by constant and persistent advertising. "Constant dropping wears away stone." If your financial condition will not permit running a four-inch ad, or even a hair-inch, but keep it going regularly.—Western Monthly.

—A young farmer of Stellarton, N. S., Calder Fraser, was killed on Saturday last by being run over by his farm horse and wagon load of hay. It will be remembered that two men, were killed near Berwick little more than a week ago in almost the same manner.

-A painful and serious accident oc-curred near the town Monday after-noon, when Mr. Dimock, who lives on the Ruffee farm on the upper part of Granville St., fell backward from a load of hay and injured his spine so severely that he has since been para-lyzed in the lower part of his body. sailing qualities of the yacture two countries one thing will be clear-two countries one thing will be clear-ty proven, viz., the dogged perseverance and persistence of the British nation as persentified in Sir Thos. Lipton. After his last failure many looked upon it as his last effort, but he is again on hand serene and hopeful as ever with chances bright for carrying home the cup, or at least giving the defender a sharp fight to retain it. Such perseverance deserves success, which will be all the sweeter for being so long deferred.

St. Martin's is a lovely spot, and the people did everything in their power to make the visit of the boys enjoyable. On one occasion the W. C. T. "The Good of the Order." in Olive Branch Division continues to be an interesting feature at the weekly meetings of the Order. The following is the program for the balance of the quarter:

AUGUST. 10th.—Debate, W. Anthony. 17th.—Musical Night, K. Craig. 24th.—Temperance Dr. Armstrong. 24th.—Temperance Dr. Armstrong. 31st.—Old Folks Night, Mrs. W. A. Craig SEPTEMBER.

7th.—Favorite Heroes, Mrs. Leslie. 14th.—Phonograph. Mr. J. W. Peters, 21st.—At Home, Miss Lizzje Marshall. 28th.—Election of Officers. The Coat Beneath the Husk.

In the milling of flour a bad practice is often made of removing the coat of the wheat immediately beneath the husk. The result of this is to deprive the project of a greater part of the gluten, which is the most valuable ingredient of flour. The only portion of the grain which should be removed is the outer covering of bran. It is in observing these principles closely that the makers of "Ogilvie's" flour produce such a good article. They make a flour that is, very rich in gluten and therefore very valuable as a food.
