GARDEN AND AGRICULTURAL SEEDS.

THE Subscriber begs to inform his friends, and the public in general, that his stock of Fresh Garden and Agricultural Seeds for the spring sowing is now complete. The Subscriber's long and practical acquaintance with his business enables him to select only such kinds of seeds as are most suitable for this climate. The vitality of each sort is fully tested before offered to the public; new varieties and such as are raised in greater perfection in Europe, are annually imported from sources that can be relied on.

Country merchants, and others, wishing seeds to sell again, can be supplied on the most moderate terms.
