THE HISTOCENETIC SYSTEM OF MEDICINE WONDERFUL TESTIMONIALS.

I have suffered from Asthma for twenty years, gradually growing worse and worse. Have consulted several doctors, all of whom told me it was useless for me to take medicine, told me it was useless for me to take medicine, as I could not be cured. Lhave also had dropsy of the flesh, which doct is call Anasarca, also dropsy of the ab omen and heart since the first of last March. I was filled from my feet up to my heart. I was treated by two doctors and partly cured twice, but in a few days filled up again and was worse than ever. I got so bad the third time that I felt as though I must sufficate for want of breath, and could scarcely walk, and my heart felt to be drowning in be procured. walk, and my heart felt to be drowning in water. I was told by Mr. Afbright 10 Wilkins avenue, of Toronto, about Dr. Lagene Jordan's Histogenetic System of Sedicine, and made a desperate effort and reached 17 Queen street east, headquarters in Canada for above system, and consulted Dr. W. Rear, who assured me that Histogenetic Medicines would be procured.

C. F. FRASER. system, and consulted Dr. W. Rear, who assured me that Histogenetic Medicines would cure me of both the Asthma and Dropsy. I grasped like a drowning child at a straw, and to the astonishment and delight of myself and friends in six weeks I was cured of both Asthma and Dropsy. Over sixty pounds of fluid have been removed, my limbs are natural is size, my body perfectly natural and my breathing free and easy; my tongue is clean and my appetite good. The cure is evidently radical, and tongue and pen can never tell how thankful I am that God has spared my life. I look upon the cure as if it were a miracle. These Medicines are tasteless and leave no ill-These Medicines are tasteless and leave no ill effects. I shall be more than happy to answer any inquiries about the treatment. This testimony is voluntary, and I hope through it thousands of sufferers may be saved from an untimely grave.

J. H. JOLLIFF.

10 Wilkins Avenue. I was attacked with congestion of the liver and inflammation of the kidneys on the 17th of August, attended with excruciating pains in my side and back. Could not lie on either side could scarcely breathe. The slightest move-ment caused agonising pain. Nothing gave any relief. I sent for Dr. Rear, 17 Queen street east, knowing he had cured my daughter of a dangerous illness with Histogenetic Medicine after she had been given up by four skil ful physicians. In one week my pain was gone and liver and kidneys acting as well as ever. The cure is complete. It acts the most like plagic of any medicine I ever took. I sincerely hope the suffering ladies of Toronto and elsewhere may try the superior merits of these pure and tasteless beautifully prepared Histogenetic Medicines. My object in giving this testimony is purely through sympathy for the sick and dying.

MRS. McCULLOUGH,

Street East, Torc

60 1/2 Adelaide Street East, Toronto.

Like thousands who did not recover from the effects of la grippe, I was left with bronchial troubles after a severe attack, and became very anxious about my condition, as did also wery anxious about my condition, as our also my wife. I consulted Dr. Rear, at the "Histogenetic" offices, 17 Queen street east. He gave me a thorough examination, and explained Dr. J. Eugene Jordan's Histogenetic system of medicine to me, which looked so reasonable and clear that I consulted my wife, who advised me to try it at once. I did so and the medicines acted like a charm. They are the best to take and quickest to act of any medicine I ever took. I would strongly advise any one suffering from lung and bronchial diseases

to try them. They build up very rapidly and remove all pain and coughing at once.
