

The Canadian Rubber Co., of Montreal, have sent us a circular in which they say: "Crude rubber still continuing to advance without any prospects at the present time of any break or decline, it makes it compulsory upon us to advance the prices of our products in mechanical goods. We are therefore compelled to withdraw all quotations and our new prices will be the lowest

that we can afford, and we will guarantee that our goods will, as in the past, be found of full value and the most satisfactory and economical of any offered in the market."

Samuel May, Henry S. May and Charles F. Wheaton, and associates, of Toronto, have obtained incorporation under the name of "The Dodge Manufacturing Company, of Toronto, Limited," for the following purposes:

—To manufacture, build, operate, deal in, and buy and sell engines, boilers, machinery, motors, castings, pulleys of all kinds, ironware, and other productions of metals or wood, or other materials, and to carry on a general foundry, engineering, and machinist's business, and to manufacture and deal in all kinds of power transmission appliances, with power to acquire the business now carried on at the said city of Toronto by Samuel May, under the firm name of the Dodge Wood Split Pulley Company, and to assume the liabilities connected with such business. The amount of capital stock is to be \$190,000.

The Harriston Pork Packing Co. Harriston, Ont., is being incorporated with a capital stock of \$100,000 to carry on the business indicated by its name. Among the incorporators are Robert Fallis and Richard Dowling.
