Littell's Living Age

A weekly magazine of sixty-four pages, THE LIVING AGE gives more than THREE AND A QUARTER THOUSAND double-column octavo pages of reading matter yearly, for only four large volumes. It presents in an inexpensive form, considering the great amount of matter, with freshness, owing to its weekly issue, and with satisfactory completeness attempted by no other publication, the best Essays, Reviews, Criticisms, Tales, Poetry, Scientific, Biographical, Historical and Political Information, from the entire body of Foreign Periodical Literature.

A NEW SERIES
Was begun Jan 1, 1873, with entirely new Tales already embracing Serail and Short Stories by distinguished English, French, German, and Russian authors; viz: *Leone and Lygia* (Bulwer), *Erchen-Chatrain*, *Isma Turcuinoff*, *Miss Thatcher*, *Mrs. Olyphant*, *Fritz Renter*, *Mrs. Parr* (Author of *Dorothy Fox*), *Julia Kawana*, &c.

During the coming year, as heretofore, the choicest serial and short stories by the leading Foreign Authors will be given, together with an amount unapproached by any other periodical in the world, of the best literary and scientific matter of the day, from the pens of the abovementioned and other foremost Essayists, Scientists, Critics, Discoverers and Editors, representing every department of knowledge and progress.

The importance of THE LIVING AGE to every American reader, as the only complete as well as fresh compilation of generally inaccessible but indispensable current literature, is indisputable because it embraces the productions of THE ABLEST LIVING WRITERS in all branches of Literature. Science, Art, Politics, is satisfactorily indicated by the following:

"Reproduces the best thoughts of the best minds of the civilized world, upon all topics of living interest."—*Pittsburg Inquirer*.
"In no other single publication can there be found so much of sterling literary excellence."—*N. Y. Evening Post*.
"The best of all our current publications."—*The Nation, New York*.
"And the cheapest, a monthly that comes every week."—*The Advance, Chicago*.
"The ablest essays, the most entertaining stories the finest poetry of the best languages, are here gathered together."—*Illinois State Journal*.
"With it alone a reader can fairly keep up with all that is important in the literature, history, politics, and science of the day."—*The Methodist, New York*.
"In view of all these advantages in the field, I should certainly choose 'The Living Age.'"—*Rev. Henry Ward Beecher*.
"The best periodical in America."—*Rev. Dr. Cuyler*.
"Has no equal in any country."—*Phila Press*.
"Indispensable to every one who desires a thorough compendium of all that is able and noteworthy in the literary world."—*Houston Post*.
THE LIVING AGE is sent yearly (52 numbers), post-paid, on receipt of \$4.00, or six copies for \$24.00.

PROSPECTUS FOR 1874—7th YEAR.

THE ALDINE,

An Illustrated Monthly Journal, universally ad-
mitted to be the Handsomest Periodical
in the World. A Representative and
Champion of American Taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, while issued with all the regu-
larly, has none of the temporary or timely interest
characteristic of ordinary periodicals. It is an elo-
quent miscellany of pure, light and graceful litera-
ture; a collection of pictures, the rarest speci-
mens of artistic skill, in black and white. Although
each succeeding number affords a fresh pleasure to
its friends, the real value and beauty of THE AL-
DINE will be most appreciated after it has been
bound up at the close of the year. While other
publications may claim superior cheapness, accom-
panied with rivals of a similar class, THE ALDINE
is a unique and original conception—alone and un-
approached—absolutely without competition in
price or character. The possessor of a complete
volume cannot duplicate the quantity of fine paper
and engravings in any other shape or number of
volumes for ten times its cost; and then there are
the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a
world-wide reputation, and in the Art Centres of
Europe it is an admitted fact that its wood cuts
are examples of the highest perfection ever at-
tained. The common prejudice in favor of "steel
plates," is rapidly yielding to a more educated and
discriminating taste which recognizes the advan-
tages of superior artistic quality with greater facility
of production. The wood-cuts of THE ALDINE
possess all the delicacy and elaborate finish of the
most costly steel plate, while they afforded a bet-
ter rendering of the artist's original.

To fully realize the wonderful work which THE
ALDINE is doing for the cause of art culture in
America, it is only necessary to consider the
cost to the people of any other decent representa-
tion of the productions of great painters.

In addition to designs of the members of the
National Academy, and other noted American arti-
sts, THE ALDINE will reproduce examples of the
best foreign masters, selected with a view to the
highest artistic success and greatest general interest.
Thus the subscriber to THE ALDINE will, at a
trifling cost, enjoy in his own home the pleasures
and refining influences of true art.

The quarterly tinted plates for 1874 will be by
Thos. Morgan and J. D. Woodward.

The Christmas issue for 1874 will contain special
designs appropriate to the season, our best artists
and will surpass in attractions any of its predeces-
sors.

Premium for 1874.

Every subscriber for The Aldine for the year 1874,
will receive a year of Chromos. The original pic-
tures engraved for the publishers of The Aldine
by Thomas Moran, whose great Curly and picture
was purchased by Congress for ten thousand dol-
lars. The subjects were chosen to represent "The
East" and "The West." One is The White Mountain
New Hampshire; the other gives The Chief of
Green River, Wyoming Territory. The difference
in the nature of the scenes themselves is a pleasing
contrast, and affords a good display of the artist's
scope and coloring. The chromos are each worked
from a distinct and fine plate, and are in size 12 x 10
and appearance exact fac-similes of the original.
The presentation of a worthy example of America's
greatest landscape painter to the subscribers of
The Aldine was a bold but peculiarly happy idea,
and its successful realization is attested by the fol-
lowing testimonial, over the signature of Mr. Mor-
gan himself.

NEWARK, N. J., Sept. 20th 1873.
Messrs. James Sutton & Co.

Gentlemen—I am delighted to find proofs in color
of your chromos. They are wonderfully successful
representations by mechanical process of the origi-
nal paintings.
Very respectfully,
(Signed) THOS MORGAN.

These chromos are in every sense American.
They are by an original American process, with
in a word of American manufacture, from designs of
American scenery by an American painter, and
presented to subscribers to the first successful Amer-
ican Art Journal. If no other because of all this,
they will certainly possess an interest no foreign
production can inspire and no other are they any
the worse if by reason of superior facilities of pro-
duction they cost the publishers only a trifle, while
equal in every respect to other chromos, and are sold
simply for double the subscription price of THE AL-
DINE. Persons of taste will prize these pictures
for themselves, and for the price they did or did not
cost, and will appreciate the enterprise that renders
their distribution possible.

If any person should indicate a preference for
a given subject, the publishers will send "Thoughts
of Home," a new and beautiful chromo, 14 x 20
inches, representing a Hilly Italian exile whose
speaking eyes betray the loneliness of his heart.

TERMS.
\$5 per annum in advance with Oil Chromos free.
For extra extra, the chromos will be sent,
mounted, as wished, and prepared by mail.
THE ALDINE will, hereafter, be obtainable
by subscription. There will be no reduced or club
rates; each for subscription must be sent to the
publishers direct, or handed to the local canvasser,
without responsibility to the publishers, except in
cases where the certificate is given, bearing the
fac-simile signature of JAMES SUTTON & Co.
