The Emperor of Russia has made a formal demand to the Porte for the surrender of Kossuth, and the other Hungarian insurgents, compliance with which has been decidedly related. The Russian minister has in consequence closed all flowmate relations with the Porte. Should Russia persist in demanding the surrender of the fugitives a Enropean war is thought to be mesitable.

The Legulative Assembly resumed its sittings on the 1st inst. M. Dupin in the chair, and 48 members in attendance. The proceedings were simply of a firmul character, M. de to Torqueville having demanded an additional extraordinate or positive cortain lots, owned by the Corporation and resuled to Mr. Nash. Verdict for the defendant on the sum already voted for the expersion of the Roman intervents but the 18 December next. The Vinister did not antiripate the period when the troops would be withdrawn, but he assured the Assembly that the results already obtained justified the Pope—that an occupation so glorious for the French army would be opeculity terminated.

The suspension of intercourse between France and America caused much sensation in Paris when fivel announced; but a runnour having gained general belief that England had offered her mediation, that testing considerably subsided.
