

**DE NOBIS NOBILIBUS.**

**T**HE weird and grotesque features of Faust had a disastrous effect upon some of the boys. Imagine a company of belated students giving a rendition of the scene at Mt. Brochen on a street corner. Atw—d acheived a decided success as Mephistopheles, his stentorian "Begin" awaking the echoes as far as Toronto and causing an avalanche of icicles from surrounding roofs. His followers paid him howling observance as he was perched on a tree top, that being the only available elevation for M——.

Court crier: "Your honour, Mr. *Rose* is glad he never appeared before this court or he would have been "nipped in the bud."

Prof. to Sr. Latin Class: "There's a big difference between 'amare' and 'amari', as some of you gentlemen will find out."

Jimmie M—— (in divinity hall): "Please, Mr. Principal, the bells aint ringin' to-day." And jingle! jingle! go the bells.

A poetical shoemaker in Barnstaple some years ago hung up the following remarkable effusion on a board over his shop:

"Blow, oh blow, ye heavenly breezes,  
Underneath these lofty trees;  
Sing, oh sing, ye heavenly muses,  
While I mend my boots and shoes."—*Ex.*

"I wonder why they call me Peck's bad boy."—F. P——.

"Wanted—A Prof. of Domestic Science."—The Levana. This notice is timely in view of the presence of the *Alumni*. "I wonder if they'd take me."—Capt. Guy.

"I think if two or three of us got together we might 'sorter remodel' this college."—"Fresho" N—m—o.

"I shine equally at electioneering, getting off work and winning cases."—Waugh.

"They say I belong to the *Love-Me-Muches*."—Robbie I.

Prof. in Hon. Latin class, translating: "Displicet iste locus. I don't like to play in your back yard."

"Shade of John Wilkes! Must opinions as great as mine remain unpublished."—Pompey F——.

St—w—t to Hu—h—n: "D'ye know if anyone wants any preachin' next Sundav."

Who wink at all the girls they meet  
When walking up and down the street,  
And think the seniors they defeat?  
The Freshies.

Who walk with girls so sweet and kind,  
And think the seniors do not mind,  
Until at court they're heavily fined?  
The Freshies.
