

- (b) promote vigorous enforcement of existing laws and regulations as they require limitation of emissions from new, substantially modified and existing facilities in a way which is responsive to the problems of transboundary air pollution; and
- (c) share information and consult on actions being taken pursuant to (a) and (b) above.

3. Notification and Consultation

Both Governments shall continue and expand their long-standing practice of advance notification and consultation on proposed actions involving a significant risk or potential risk of causing or increasing transboundary air pollution, including:

- (a) proposed major industrial development or other actions which may cause significant increases in transboundary air pollution; and
- (b) proposed changes of policy, regulations or practices which may significantly affect transboundary air pollution.
