NOTES: (1) Please note that these GDP data are at factor cost at 1981 prices, whereas those in Table A.5.02 are at market prices.
(2) Historical series prior to 1981 have been linked to the 1981-based data (as described in publication 15-512, pp xi ff); however, the procedure used provides estimates such that component industries do not sum to their associated aggregate.
