The text of the Message and recommendation of the Governor General pursuant to Standing Order 62(2) in relation to the foregoing Bill is as follows:

His Excellency the Governor General recommends to the House of Commons a measure respecting the 1976 Summer Olympic Games; to provide for the issue for circulation in Canada of Olympic commemorative coins and for the manufacture and sale of Olympic commemorative stamps and postal related products; to establish in the Accounts of Canada an Olympic Account and credit thereto the proceeds less production costs derived by Canada from the issue and sale of Olympic coins, and the net proceeds derived by Canada from the sale of Olympic stamps and postal related products; to pay out of the Consolidated Revenue Fund and charge to the Account all costs incurred by Canada in connection with the distribution and sale of Olympic coins; to provide during the first twelve months after this measure comes into force for a deficiency no greater than \$500,000.00 in the Account

when used for the payment of costs incurred by Canada in connection with the distribution and sale of Olympic coins; and to authorize payments to the Olympic Corporation of amounts standing to the credit of the Account as exceed the amount that may be required for the payment of costs that were incurred by Canada in connection with the distribution and sale of Olympic coins before the authorization for payment is made.

The Order being read for the consideration of the Business of Supply;

Pursuant to Standing Order 58, Mr. Dinsdale, seconded by Mr. Hellyer, moved,—That this House regrets the drastic deterioration of the Postal Service in Canada during the past six years: including the closure of rural Post Offices; the reduction of urban service from six days to five days; the head-long costly rush to automation and computerization leading to job insecurity and low morale among employees—all this in the face of sharply increased postal rates which have seriously affected smaller Canadian publications, forcing many of them out of business; and urges the Government to take the necessary action to restore this fundamentally important communication system to its former excellence.

After debate thereon, proceedings on the said motion expired.
