

Institute, lectures on suitable subjects, in science, history, literature, and religion; but a regular monthly lecture shall be required every year, in the months of December, January, February and March, to be entitled the Ross Lecture.

The lecturers in all cases to be chosen for their ability, and to receive, besides their travelling expenses—should they come from a distance—the sum of five pounds currency for each lecture.

The governors have the privilege of inviting the Governor-General or Supreme Ruler of the Province, to preside at the semi-annual meeting.

Teachers in discharging their duty shall require to be punctual and faithful, endeavouring to improve themselves as much as their pupils, thus keeping up with the improvements of the times in conducting schools and training scholars—that the whole business of the Institute shall be conducted with zeal, intelligence and efficiency.

The state of the Institute and progress of the scholars, are to be ascertained by the governors of the Institute at stated periods.

The examination of the pupils to be conducted as nearly as circumstances will permit, according to the pattern of the best Universities, and under the direction of the governors.

The Governor-General or Supreme Ruler shall be present to preside, and in his absence the Chairman of the Board.

Examinators to be properly qualified persons appointed by the governors, and the result of the examination to be recorded in the Book of Record of the Institute, and published in some of the leading newspapers of this city; the expenses attending the examination to be defrayed by the governors from funds of the Institute.

The examination to be conducted in a gentle, interesting way, so as fairly to draw out the merit and show mental development.

SCHOLARSHIPS.

A Scholarship entitles the holder to board and instruction for a period of four years, the use of books, instruments, and all the advantages of the Institute eligible to a Scholarship.

The candidate must be of the age of fourteen years, sound in body and mind, able to read, write, and spell correctly; have a knowledge of elementary English and French grammar, four first rules of arithmetic, and the first principles of instrumental
