Speedy Action in Construction of Toronto and Hamilton Road.

A deputation of North Toronto H. Ball and Reid, with T. A. Gibson .C., yesterday asked the board of recommend the laying out onirol to recommend the laying out of a straight roadway, running north and south thru Mount Pleasant Cemetry, paralleling Yonge street.

"The Cemetery Trust is fighting us at every turn," said Mr. Gibson, extern solicitor for North Toronto. "We have jobtained the necessary legislation, and the roadway will have to be appropriated."

hat trust is the closest, wealthind most exacting corporation in province. We must see that the way goes thru," said the mayor. It solicitor Johnston will report he matter. Trust should be git under public control," declar-iontroller Church, "and we should in power to do this this session." antirely agree with you," added mayor. "These concerns only deal people at a time when they are come with grief and not in a tion to properly transact business, must certainly do something to at the actions of these organization."

Wants Information.
Controller McCarthy was quick to seaction in this regard.
He moved that the city solicitor be sed to report such information as is ainable as to the Cemetery Trust; archolders, capital, dividends, directors meetings, fees, etc., as well as e cost of ground, charges for plots d individual burlals, and to report hat right the city has or had to reseate attent on the board of the said met.

Controller Foster moved that the commissioner of works be requested to report on the statement of a number of hired carters that they are only smployed for eight hours per day and have expressed their willingness to work nine hours per day, the men claiming that they are unable to make a living under the present arrangement, and that the commissioner report on the advisability of rearranging the work so that the hired carters may be given the additional hour they have asked for.

City Satisfied.

"Satisfied," was Mayor Hocken's response to a query as to the suitability of the treatment meted out to. Toronto by the federal government in

the work at an early date. That we approve of the city assuming its share of the obligation, namely, \$125,000, payable in thirty years at four percent, or \$7228.75 per annum for thirty years, and that we recommend the city council to assume said share and take such further action as may be necessary to assure the Ontario Government of this fact. To take any and all further necessary action that may be requisite." A copy of this resolution will be forwarded to the provincial government.

The board of control is not anxious to meet the waterworks commission or T. Aird Murray.

willis Chipman appeared before the board yesterday, asking that Feb. 11 be set aside for the conference.
"What good will such a conference do?" asked the mayor.
"None." added Controller Foster.
"We don't want to meet them," 'declared Controller Church.
On second thoughts the mayor suggested that these water experts have their reputation at stake on account of recent developments, and the meeting will be held accordingly, to which the whole of the council has been invited.

GOTHAM'S CRUSADE AGAINST "MOVIES"

Patrons Vigorously Advocated.

NEW YORK, Feb. 4.—(Can. Press.) the immediate passage of his proposed ordinance to regulate motion picture theatres "may be a vote for a death sentence for some poor unfortunate."

Ald Folks today appealed in vain for immediate action on the measure which, if passed, he said would prevent further tragedies similar to the

which, if passed, he said would prevent further tragedies similar to the east side panic of last Sunday night, when two women were killed and a dozen or more injured.

The Folks ordinance, which Mayor Gaynor in a message to the board of aldermen declared covered the ground necessary for the proper protection of the patrons of these theatres. Itnits the seating capacity to 600, provides for simple aiste space and for rigid sanitary and fire inspection. The ordinance will be considered at a public

BELT LINE TRACKAGE SITES AT \$30 A FOOT

ses by the Grand Trunk, was reported yesterday by Oliver, Reid and Co., when they sold a trackage site, 500 feet along the railway by 135 feet depth, at \$30 a foot. A Montreal man was the investor. There is only a mile or so of the line, between Bathurst and Duffer n streets, and then a short strip southward, unrestricted from factories and in an industrial workers' neighborhood. The property sold was just west of Bathurst street. orted yesterday by Oliver, Reid and

FRENCH GOVERNMENT

There is a movement afoot to have all the south corner of Lakeview avenue and to much for the Queen City." Said he "We get \$1,600.000 this year. Half a million for introot improvements as a million for introot improvements as a preliminary grant, totaling just one-tend of the final amount."

But nothing was gaid about the proposed federal square."

There is a frontage on Vaughan road that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed, and that are most common on the north side over to Avenue road, removed and that are most common on the north side over to Avenue road, removed and that are most common on the north side over to Avenue road, removed and that are most common on the north side over to Avenue road, removed and that are most common on the north side over to Avenue roa

at \$50,000. "That's all foolishness," said he over the phone. Apparently he expects to cluse a deal for his 54 feet by 180 soon. Last week the opposite corner, owned by T. H. Bull, 51 feet by 180, was reported sold at \$41,000, but agents say the property is still in the market. Another story current yesterday was that Robins, Ltd., had turned down as much as \$60000 a foot for their southwest corner of Yonge and Bloor, occupied by Stollery's. lery's.

Undoubtedly Bloor and Yonge is going to be a great uptown centre, and this thought seems to have gone home to many lately. All Bloor from Sherburhe to Avenue road is a busy real estate spot just now.
