POINT EDWARD wants to introduce water from Lake Huron.

FALL wheat all along the Sydenham River is reported looking fine.

FARMERS in the vicinity of Bath have been raising fat cattle specially for the English market, and thus far find the practice profitable.

SOREL wants a grant from the Dominion Government of certain ordnance lands for a park.

SEVERAL cargoes of Scotch steamer coal recently arriving at Quebec brought \$5.55 to \$5.75 per chaldron.

Good general crops in Markham section are expected to make up for shortage in fall wheat, which is counted half an average.

The annual spring fair, at Richmond Hill, embracing a large and varied display of farming implements, was a decided success.

The total catch of the Newfoundland seal fisheries this season is estimated not to exceed 280,000 seal; in former seasons the number has reached 500,000 to 600,000.

Men engaged on work in connection with laying the Seaforth water pipes devoted one day to a strike for \$1.25 a day, and the next, resumed work at the old rate, \$1.00.

"The book to read," says the Professor, "is not the one which thinks for you, but the one which makes you think." The doctor might as well have said a grocer's book at the start.

A TELEGRAM to *The Gazette* says:—"The ownership of the Asbestos mine recently discovered on Louck's farm, Belleville, Ont., is in dispute between three claimants, who are carrying the matter into court.

The Terre Haute Car Co. of Indiana is reported to have under consideration the establishment of a branch of their business in Canada, to which end correspondence is now going on with some parties in Toronto.

GEORGE AUGUSTUS SALA admires the American railway system. As George travelled 25,-

000 miles by rail in that country without paying a cent, his enthusiasm is not remarkable, and shows that he is sensible enough not to look a gift horse in the mouth.

REPRESENTATIVES of English fire insurance companies have been holding a conference in Halifax, N.S., and it is reported that their deliberations lean towards discontinuing risks in that locality on account of the prevalence of fires of incendiary origin.

It is stated that the terms of the new Quebec loan negotiated in Paris include a mortgage, for the whole amount on the Q. M. O. & O. Railway, and the pledge of the Dominion subsidy to that road, as security for the payment of interest.

THE "show" for fruit this year throughout the entire western part of Ontario, says the *Toronto Globe*, is the best for many years. Orchards are, as a rule, one mass of blossom and should they escape frost the next two weeks, the crop will undoubtedly be a large one.

PEOPLE who have never visited the picturesque village of St. Jerome, Que., 33 miles from Montreal by rail, can form little or no idea of the magnificent natural water-power in the village and vicinity. Its advantages for manufacturing purposes are unsurpassed, and it is surprising that manufacturers have not perceived this long ago.
