The meeting had been called to consider the report of the committee who were to meet the Central Association, but this meeting had not been held.

"That this association declares East York to be a rural constituency" was a mechanism which caused much de-

a resolution which caused much de-bate. It was pointed out that by mak-ing such a declaration, they could not

negotiate further with the Central Association and an amendment was made

that the matter be laid over until Wednesday, when it could be dealt with at the East Toronto Conservative Association smoker in Snell's Hall.

Dr. Palmer twenty years ago, has been developed into the most modern art, and deals with the true cause of diseases in man. The theories of many men have been advanced, and failure to produce a specific for cancer or even chronic bronchitis is laid at the door of materia medica (medicine). Much has been done to relieve pain and deaden symptoms by the family physician—also removing refuse from the body by the surgeon's knife. But what caused the refuse or growth of abnormal tissue? Chiropractic philosophy has proven in thousands of cases here in Ontario, and especially Toronto, that operations merely remove effects; the cause still remains; and that the real cause is in the spine, where the nerve is pinched by the bones (vertebrae) being slightly displaced. Polsonous drugs and serums are obstructed by the glands the body. Can your physical a real reason for the lack action in any part of your body? We claim it is because the nerve power is partly cut off by bone pressure in spine—nature's forces from the brain are obstructed. The competent Chiropractor who knows the body removes this obstruction scientifically and with no danger. We publish these facts through sense of duty to thousand of sufferers, who can regain health, just as the man did at the eleventh hour, who pays for this space. Chifopractic is logic and backed up by practical results, and does not use any form of superstition, electricity—stimulation by massage—absolutely no drug dictation to nature. We know disease exists, know its true cause, and can correct it. We know germs exist, but they do Nature's work, are for a good purpose in the tissues. This science is growing in popular favor, and the graduate Chiropractor publishes the truth to enlighten the people who need health, and not deadly polson to deaden their pain. In summary, Chiropractic removes the cause of all diseases, acute or chronic, by adjustment of spine, allowing full flow of the body's nerve forces from brain to organs. Nature restores health. Send for explanatory book, "Disease and
