### BLOOR ST. BRIDGE CERTAIN AS MAYOR READS FUTURE

His Worship Also Expresses His Sympathy in Housing of Workingmen.

Mayor Coatsworth says as far as he is concerned there is no quibbling in the matter of relieving the dearth of workingmen's houses in Toronto.

This is what his worship said to a World reporter after reading a World editorial:

"I am earnestly in favor of some provision being made towards relieving the workingmen in the dearth of houses suitable for them in localities, accommodation, price or rent. Whether it is done by the city or manufacturers or some arrangement is made for the men themselves to do it, I care not, so long as the object is attained. As a matter of fact, there is a committee of labor men, representing the District Labor Council, and was appointed as an advisory committee, to confer with the mayor on all subjects in the interest of workingmen. This committee has been in conference with me several times on this subject of houses and is endeavoring to arrange with the Ontario government to grant such legislation during the next session as will enable the municipality to come to the relief of the workingmen in the face of a crisis such as exists now in Toronto in regard to providing houses for families. This committee and I are in entire accord on the subject, and whatever will bring relief in the speediest manner is what we will unitedly support."

Regarding the high level bridge over the ravine as a solution of the problem his worship said:

"I think with some good advice and consideration as to the point where it should cross, the bridge is a question of the relief of the workingmen in the near future to aid in the development of Toronto. The expense is a drawback. As to the location of the bridge, the shortest cut across would be from Wellesley-street. The bridge is one of the certainties of the near future."

#### Special Series of Sermons.

A special series of Sunday evening sermons, under the general head of "The Message of Jesus to the Men of Today," will be begun shortly in Bloor-street Presbyterian Church, of which Rev. Dr. W. G. Wallace is pastor. The preachers will include Rev. Principal MacLaren, Rev. Prof. Kirkpatrick, Rev. James A. Macdonald and Rev. Prof. Kennedy, each man taking a special sub-topical.

### "PRINCESS VICTORIA" BLAMED For Collision in B.C. Waters—Damage Suits Will Result.

Vancouver, Aug. 31.—The court of enquiry appointed by the minister of marine and fisheries to investigate the cause of the collision between C.P.R. SS. Princess Victoria and Union SS. tug Chehalis on July 21 in the harbor here, in which ten lives were lost, concluded to-day.

The finding was against the Princess Victoria, and suspended the certificate of Capt. Griffin for six months. Also the costs of the enquiry were against the C.P.R.

The department will be asked to make new regulations governing shipping here. Many suits for damages are to follow.

The verdict was a surprise.

ANGLO-FRANCO ENTENTE  
EMPHASIZED BY SAILORS

Quebec, Aug. 31.—It is noticeable that on the French cruisers passing the German warship yesterday on their way to sea there was no demonstration of any kind, but as soon as they came near the Dominion, the crew of the ship and cheered loudly. The men in the cruisers responded with equal heartiness.

As the vessels passed H.M.S. Dominion they dipped their ensigns, which the latter vessel duly acknowledged.

SHOOTING FOR PALMA TROPHY  
CANADA MAY BE COMPETITOR

Sagitt, N. J., Aug. 31.—At the annual meeting of the National Rifle Association of America, Gen. Bird W. Spencer, the president, announced that he was aware that some of the members inclined to the belief that he had outlived his usefulness as president. A test vote indicated that opposition to him had a decided majority.

Gen. Spencer reported that a match for the Palma Trophy with the United States, Great Britain, and very likely Canada, competing, will probably be held at Ottawa, Canada, next summer.

### AUSTRALIA'S BARS UP CANADA'S TRADE ALIEN

Preference Extended to Britain and New Zealand, But Not to Us.

Ottawa, Aug. 31.—The trade and commerce department has received a cable despatch from J. S. Lark, Canada's commercial agent at Sydney, Australia, stating that the Commonwealth Government has introduced a bill giving a tariff preference to Britain and New Zealand.

This will increase the duties on butter, cheese, grain, onions, potatoes, timber and bacon. The exact increase is not given.

On woodware, ammunition, boots, shoes, furniture, engines, paints, paper hangers, saucers and plateware, there is an increase of 10 per cent.

The same tariff will be levied on Canada as against the United States, notwithstanding Canada's repeated efforts for a preference.

According to the foreign trade returns of Canada for the last financial year, imports of British wools into the Dominion were valued at \$14,700,000, which represents an increase of a million and a half dollars over 1905, and more than twice the amount of this trade ten years ago.

Notwithstanding the increased duty collected on British tweeds since 1905, the demand for these goods is still on the increase, and last year's imports represented an increase of \$100,000 over 1905. Imports of British cotton manufacturers last year were \$6,500,000, an increase of almost a million dollars over 1905, and twice the value of the trade that was done in these goods in 1897.

British iron and steel manufacturers were imported to a value of \$7,610,000, which represents a gain of upwards of \$2,000,000 over 1905, and more than three times the trade of ten years ago.

CANADIAN SENTIMENT.  
(Canadian Associated Press Cable.)

London, Aug. 31.—Commenting on Hon. William Mulock's glowing in the fact that Canada is not burdened with military debt, The Times Advertiser says it is a clear and true reflection of Canadian sentiment.

Indiana Raise Objections.  
Ottawa, Aug. 31.—A difficulty has arisen between the department of marine and fisheries and the Indians of the Baiting agency at the head waters of the Skeena River, on account of the Indians placing weirs or dams in the river. The department had these dams taken out, and the Indians are now asserting their right to place them there.

### PORPOISE EXCITES MONTREAL Harpooned in the Harbor and Will Go on Exhibition.

Montreal, Aug. 31.—A fifteen-foot porpoise was harpooned in the harbor to-day.

Half the city has had a try at it, with rifles, spears and harpoons. In the last three days, and Dominion Park offered \$500 for its capture. It will be put on exhibition there.

Four years ago a forty-foot whale was shot in the harbor.

OUR FIGHTING SPIRIT.

Like Pickwick's Brigade—"Ready to Fight at Any Old Time or Place."

Sir William Mulock does not like the implication in grown-up folks of the fighting spirit that lies dormant in most men, even after they have failed to like the new boy in the schoolyard.

An army should be Semi-ready to take the field in two hours—just as a Semi-ready suit is finished in two hours after being tried on. If the Canadian militia were equipped with uniforms made on the Semi-ready physique type system its annual camp would be a daily dress parade with every soldier smart and well-dressed.

HAS THIS CONSOLATION.

Queen Street West Wardrobe is Ready for a Great Saturday Business.

"I feel just like saying naughty words," said Ed. Mack, who was in an irate mood when he described the work of some of the contractors who had undertaken to have the Semi-ready Wardrobe at 81 Yonge-street open for Saturday.

The formal opening of the Yonge-street store will be fixed for some day next week. The Semi-ready Wardrobe at 472 Queen West is doing a splendid business, many gentlemen coming to it from down-town.

West Queen-street would soon take on new life as a distinctly high-class thoroughfare if several more good houses like Semi-ready and Slater Shoes were to open shops.

Niagara Navigation Company.  
Six daily (except Sunday) trips from the foot of Yonge-street. Special rates on Labor Day to Niagara Falls, Buffalo, Cleveland, Detroit, Niagara, Lewiston or Queenston. Consult agents or telephone Main 884 for full particulars.

READY TO RECEIVE VISITORS.  
Charles Cummings Has Finished His New Slater Shoe Store.

The Slater Shoe Store at 117 Yonge-street looks like a new store. For several weeks, while business was in progress, a small army of workmen has been engaged in re-fitting and re-arranging the store under the supervision of Mr. Charles Cummings, the new proprietor of the store.

Visitors to the store will always meet with a cordial welcome.  
"I am ready now," said Mr. Cummings, "to hold a public reception, and I will be at home every day in the year to both ladies and gentlemen. I want everybody to feel just as much at home as I do."

The new ceiling of the store is very handsome. It is paneled in white, and is decorated with 125 frosted cut glass electric globes, each one being artistically set in the ceiling.

The walls are finished in with silver blue stripes overlapping a pretty pear grey burlap.

The woodwork throughout is of quarter-cut oak, while the windows have been enlarged and new side light being added. To further help along the idea of brightening up and giving more light to the interior of the store, some handsome British plate mirrors have been placed on the side of each window.

At the top of the windows, from wall to wall, there is a canopy of art glass in tulip. In the evening each plant apparently bursts into bloom when the lights are turned on. Pretty decorated Venetian globes are used.

The entrance to the store has been paved with mosaic, the words "Slater Shoe Store" being neatly inset.

The floor has been covered with heavy Scotch linoleum, the pattern being in a light color, which harmonizes with the fixtures and fittings in the store.

The shoe-shining stand, which is to receive special attention, is of Italian marble, and the leather-covered oaken lounge which surmounts provides a

Mr. Cummings believes that he has carried out his promise in making 117 Yonge-street the finest shoe store in Canada; a store in every way worthy of the shoe stamped with the "seal of certainty."

MILK PRODUCERS' ASSOCIATION.  
A meeting of the Toronto Milk Producers' Association will be held at the Albion Hotel to-day at 1.30 p.m. Considerable dissatisfaction is said to exist among the retail dealers with the practice of buying by weight instead of in the can as formerly. The recent advance in the price of milk in the city may also stimulate the producers' association to a corresponding advance in prices.
