

WHY HE OPPOSED THE BILL

MR. COCKBURN'S ABLE SPEECH IN THE HOUSE

Separate Schools ought not to be made a plank in the platform of the Liberal-Conservative Party...

Following is a full report of the speech of Mr. Cockburn, M.P. for Centre Toronto, on the second reading of the Remedial Bill...

"I do not rise, Mr. Speaker, to discuss the propriety or impropriety of Separate Schools, or their comparative advantages or disadvantages...

The application of Port Hope town Council for postponement of an action brought against the corporation by McQuinn & Co. was refused...

Justice Street gave judgment for \$1,700 and costs in favor of George Brown & Co. in their suit against E. E. and L. H. Slaght...

The application of Port Hope town Council for postponement of an action brought against the corporation by McQuinn & Co. was refused...

Justice Street gave judgment for \$1,700 and costs in favor of George Brown & Co. in their suit against E. E. and L. H. Slaght...

constituting 90 per cent of the entire population, this piece of legislation, we shall not keep up bitter religious and racial animosities, and we shall enter upon a struggle which will certainly culminate in the young giant province, a struggle, too, of which no man can see the end, and which all prudent and moderate men will carefully avoid...

"The supreme law, in every country is the safety, peace and prosperity of the people—ultima lex suprema salus reipublice. It is in obedience to this principle that the members of the York (Mr. Maclean) ably expressed their views on the evening of the 14th inst. through the medium of the constitution, and the great universities and other bodies, the great universities and other bodies, the great universities and other bodies...

"I shall, therefore, vote against the bill. Firstly, because I am opposed to Separate Schools in Manitoba. Secondly, because the bill is an interference with the rights of the non-Protestant population of the province. Thirdly, because the bill is an interference with the rights of the non-Protestant population of the province...

"Even if it were the desire of the Parliament of Canada to redress the alleged grievance of the Catholic minority in Manitoba, such redress might be effected by a bill which establishes a system to be a plank in the platform of the great Liberal-Conservative party, which in the past 18 years have done so much for the welfare of the province...

"Then, too, I greatly fear that if this plank of Separate Schools is adopted by the Liberal-Conservative party, we shall bring a sea of troubles upon our heads, and cause an agitation to spring up, not only in our North-West Territories, but even into the provinces of British Columbia, Prince Edward Island, and Nova Scotia...

"Mr. Speaker, let us leave the settlement of this question to Manitoba, she alone can satisfactorily deal with it. We cannot in truth enforce the provisions of this bill. We can safely leave the settlement of this question to the good sense and good feeling of our brethren in Manitoba. They are the ones who are directly affected by the bill, and they are the ones who are best qualified to deal with it...

"Sir, the people of Manitoba, as they toil, labor under great and peculiar difficulties in maintaining an efficient system of primary education, and the school taxes bear heavily upon them, however willing they may be to make the sacrifice, the large amount of land which is free from school taxes and the great extent of territory owned present no mean obstacles to efficiency in the education of the people...

"No, Mr. Speaker, in dealing with Manitoba, do not let us forget we are really dealing with the young, vigorous Province of Ontario, and that if we try to force upon an unwilling majority of their people a system of Separate Schools, we are really dealing with the young, vigorous Province of Ontario, and that if we try to force upon an unwilling majority of their people a system of Separate Schools...

Not a Final Settlement. Then, too, this bill is not even a final settlement, nor is it so regarded by the supporters of the bill.

minority themselves, for already in the order paper of this House notice has been given by them of their intention to extend the provisions of the bill, and in this bill itself the final clause reserves to the Parliament of Canada the power to make such further and other Remedial laws as the provision of section 2, 1870, and the decision of the Governor in Council may require.

I fall to see any necessity for further investigation or information. Nothing is to be gained by such a course, but on the contrary it is attended by very grave danger. I desire to see the question settled now and for ever, and I think, like you, we should now resume the responsibility of our action before our constituents. I reaffirm my statement of last session that I am opposed to the proposed settlement, based as it is on the Remedial Order. I admit that the minority had the right to appeal and to lay their case fully before the Governor in Council, who is in duty bound to hear it, but I emphatically deny that they had thereby established any right to determine the question of Separate Schools, or to have their appeal granted, or to have the question of the Privy Council determined merely by the question of the law, viz., whether the error-General had the power under the circumstances to interfere, or whether he should interfere. It is a question of public policy, and it is a question of public policy, and it is a question of public policy...

Where every other remedy has failed, Paine's Celery Compound has made a cure. It has cured the most obstinate cases of rheumatism, neuralgia, and other nervous affections. It has cured the most obstinate cases of rheumatism, neuralgia, and other nervous affections. It has cured the most obstinate cases of rheumatism, neuralgia, and other nervous affections...

It has proven itself so easily the greatest of all spring medicines, making the weak strong, and the infirm well, that in the large cities, Toronto, Montreal, Quebec, Hamilton, Halifax, St. John, London, Ottawa and Winnipeg, the leading newspapers have found the demand for Paine's Celery Compound as far surpasses that of all other remedies as the curative power of this great compound surpasses that of all others together!

First discovered after laborious, studious, scientific research by the ablest physician America has produced, Prof. Edward F. Phelps, M.D., of Dartmouth College, it is prescribed and publicly endorsed by the best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every sense the most popular remedy of the world.

It has proven itself so easily the greatest of all spring medicines, making the weak strong, and the infirm well, that in the large cities, Toronto, Montreal, Quebec, Hamilton, Halifax, St. John, London, Ottawa and Winnipeg, the leading newspapers have found the demand for Paine's Celery Compound as far surpasses that of all other remedies as the curative power of this great compound surpasses that of all others together!
