

It's a spring medicine; and the chances are you need a bottle or two of it. You want something that acts directly on the blood, takes out all impurities from the system, braces up the nerves, and makes you in tune with the time of year.

It's a spring medicine—Ayer's Sarsaparilla.

There are fifteen remedies, Nature's own remedies, in this grand old family medicine. If you are feeling all run down this spring, are dragging around in a miserable condition, and go about your work in a lifeless kind of a way, try a bottle or two of Ayer's Sarsaparilla. You will be wonderfully pleased with the result.

"I have used Ayer's Sarsaparilla every spring and fall for a great many years. I am sure it keeps me free from boils and other signs of impure blood. It is just the medicine one needs to meet the pronounced changes of the seasons."—Geo. R. Thompson, Rupert, Vt.

One dollar a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. The probability is he has prescribed it a great many times and knows just what it will do. Then ask him if he does not think it is precisely the medicine you need this spring. J. C. AYER CO., Lowell, Mass.

#### SHIPPERS NOT SATISFIED.

A Number of Those Interested Held a Meeting Yesterday and Discussed Freight Rates.

For some time past Canadian shippers have been endeavoring to secure cheaper freight rates and better shipping facilities from the railways and ocean steamship companies. A number of concessions have been granted, but still shippers are not satisfied with the present arrangements. A number of shippers who are connected with the Canadian Manufacturers' Association held a meeting yesterday and discussed the matter. It was pointed out that the shipping facilities to Australia and other foreign ports were not of the best, and that the rates were exorbitant. Efforts will be put forth whereby the Canadian Manufacturers' Association will obtain from the transportation companies special privileges in the way of shipping freight. At present Canadian manufacturers who ship goods to foreign countries, with but few exceptions, consign only small quantities. They will try to secure an arrangement that will permit them to send their shipments under one head, and thus obtain cheaper rates.

The Reception Committee of the Canadian Manufacturers' Association met yesterday afternoon, and arranged to hold their next monthly dinner in the Temple Cafe, on Thursday, 25th inst., at 6.30 p.m. The subject for discussion will be "Chemistry and Its Application to Manufacturing and Fine Arts." The principal speakers will be Prof. Lang of Toronto University and Dr. Ellis of the School of Practical Science.

Secretary Russell yesterday received a number of trade enquiries from England. A London firm will purchase as much as they can obtain of graphite, a Malta firm wants enameled ware and a house in the Midlands wants to secure a quantity of broom handles.

**Emigration From Ireland.** London, April 12.—The official report of emigration from Ireland shows that 47,107 persons left that country in 1900. This is 10.5 per cent of the estimated population. The emigrants were equally divided between the sexes.

**Governor of Bank of Spain.** Madrid, April 12.—Senor Pio Gullon has been appointed governor of the Bank of Spain.

#### BIG SUIT WITHDRAWN.

Settlement in Telegraph Case Privately Entered Into—An Appeal in a Damages Suit.

The big telegraph suit of Morrow et al. against the Great Northwestern Telegraph Company and the Western Union Telegraph Company, with reference to the leasing of the Montreal Telegraph Company by the G.N.W. Company, was yesterday, on consent of the parties, withdrawn from the consideration of the judges of the Court of Appeal. The court lately heard argument both against and in support of Mr. Justice Meredith's decision dismissing the plaintiff's action. Counsel for the various interested parties would not make any admissions as to the terms of the settlement privately entered into.

**An Appeal Entered.** An appeal has been filed in the Court of Appeal by the Grand Trunk Railway Company from the decision of Mr. Justice Street, awarding Engineer Edmund H. Miller of East Toronto damages for injuries received in consequence of a collision with another engine. Miller was driving his engine out of Port Hope one night in October, 1899, and came into collision with a freight train.

#### TO INCREASE INDEMNITY.

Bill to Be Introduced in H. of C. to Raise It to \$1500.

Ottawa, April 12.—As increase in the seasonal indemnity from \$1000 to \$1500 has been definitely decided upon. Negotiations between the two parties with satisfactory results. The Government supporter is said to be pledged to the increase, and only two or three on the Opposition side of the House will oppose it. A Liberal caucus is to be held on Tuesday, when details will be settled. A measure authorizing the increase will be introduced during the present session, and will declare the \$1500 indemnity in force from the beginning of the new Parliament.

**What French Miners Demand.** Lens, France, April 12.—The Congress of French Miners, which opened here yesterday, to-day passed resolutions in favor of a minimum old age pension of two francs a day, an eight-hour labor day and a permanent minimum rate of wages.

#### BOSTOCK MAILED.

Well-Known Animal Trainer May Lose His Left Arm—Rajah Attacked Him.

Indianapolis, Ind., April 12.—Rajah, the Bengal tiger that fatally injured one of the keepers at the Zoo in this city several months ago, after a desperate fight in the animal's cage, today attacked Frank C. Bostock, proprietor of the Zoo, and dangerously injured him. It is feared by the surgeons that Bostock will lose his left arm. His right leg and his face were badly lacerated.

Preparations were being made at the Zoo to ship Rajah, with several other animals, to the Pan-American Exposition at Buffalo, when the animal suddenly leaped upon Bostock and forced him to the floor. Bostock's left arm was torn by the tiger's fangs. The mask was broken open and the tiger was gnashing at his victim's face while a trainer drove the beast to his cage after firing several shots into his body.

**JURY CONTRA TO JUDGE.** Kempsville Killing Case Results in an Acquittal. The Prisoners Charged Against.

Brooklyn, April 12.—In the case of the Crown v. Garrett, Dell, Gannon and Newman, charged with manslaughter in connection with the death of Lemuel Smith at Kempsville early in March, the evidence for the defence was completed last night, and Sir James Russell, who presided at the trial, today gave his verdict. The substance of the defence was that Smith was a man of unimpaired temper and of good character, and that he was not the aggressor in the fight. The jury were out only two hours, and brought in a verdict of "not guilty."

**FROST ON TRENT VALLEY.** Deputation, 65 Strong, Saw Minister Blaine, But Were Not Comforted.

Ottawa, April 12.—The annual deputation from Peterborough and neighborhood, urging the importance of the Trent Valley Canal and more expedition in the construction, waited upon Hon. A. G. Blair this morning. There were some 65 gentlemen present, but they all left much aggrieved at the cavalier reception given them, and the curtness of the answer received.

**FIERCE FIGHT WITH GIPIES.** Police Make a Raid on Them, But Get Whipped.

Johnstown, Pa., April 12.—In a fierce fight on the mountains near Lilly last night between a band of gypsies and a posse of officers, one gypsy man was killed outright, a gypsy woman shot thru the shoulder, and another man was wounded. The gypsies had come from Blair County, where they were charged with having committed numerous thefts, and were followed by a constable, who secured assistance when he came to the mountains. On the approach of the posse the gypsies broke their camp near Summit, but seeing that escape was impossible, made a stand and opened fire.

**SEVENTY CHINESE SANK.** Two Steamers Collided With Fatal Result.

London, April 12.—A special despatch from Hong Kong yesterday stated that seventy Chinese steamers came into collision yesterday between Canton and Wu Chow and that 70 Chinese were drowned.

**Latest Inventions.** Charles Richard, patent solicitor, of the Canada Life Building, Toronto, has handed up the following list of patents issued to Canadian inventors since March 1st, 1900.

**Great Strike Threatened.** All the Building Tradesmen of Cleveland Are Possibly to Go Out With the Carpenters.

Cleveland, April 12.—As a result of the refusal of the carpenter contractors to pay their employees 32 cents an hour, a strike of all the labor unions affiliated with the Building Trades Council is threatened in this city. If the contractors announce they will do it, it is said a general strike will be ordered, affecting many thousands of men.

**Pioneer in His Line.** Chicago, April 12.—Berth Cassidy, one of the best known newspaper men and artists in the west, shot and fatally wounded himself today while standing in the local room of the Daily News, with which paper he was associated. Domestic troubles are believed to have caused the deed.

Cassidy was one of the first men to use chalk plates in connection with daily newspaper illustrations.

**WOULD SAVE \$41,480.** Statement That Amalgamation of Insurance Companies Lessens Expenses—Bill Reported.

Ottawa, April 12.—Before the Committee on Banking and Commerce this morning Mr. Z. A. Lash, K.C., explained that the amalgamation of the Manufacturers and Temperance and General Life Assurance Companies would result in a saving in annual expenses of \$41,480. He stated that there were many reasons which induced him to bring forward this bill, among them the fact that the Manufacturers Life was weak in Nova Scotia and New Brunswick, and the Temperance was very strong in these provinces. On the other hand, the Manufacturers Company was strong in Quebec, while the Temperance was weak in that province. It was given to every shareholder of both companies of the proposed amalgamation.

Mr. Lash was proceeding to offer his arguments in favor of the bill, when the committee decided it was unnecessary and the preamble was adopted unanimously.

**They Must Wait.** Ottawa, April 12.—The Excellency of the Governor-General will attend at the Senate today to give assent to bills which have been passed by the House.

Some of the Public Works officials have not been paid their salaries for two months.

**Technical School Exams.** Are in Progress Until the End of This Month—Forty-Two Subjects.

The annual examinations at the Technical School are now in progress, and will continue until the end of the month. The table contains in all forty-two subjects. During the term there have been 1190 students in attendance, as compared with 1050 a year ago. The students have taken up fewer subjects and have attended fewer nights during the term now closing than formerly.

The City Council will be asked, before the next session opens, to build a new large bath department, which is at present not in use. This will be to improve the modelling department.

The absence of a library to the school is a defect which Principal McMaster suggests should be remedied. He thinks that the scientific portion of the public library should be removed to the Technical School building, where it would be still available for the limited number of people who use it, and at the same time be of great assistance to the students.

**Iron and Steel Prices Higher.** Yorkville, N.Y., April 12.—The news of the improvement in the iron and steel business in the United States is reflected in the market here, which is higher than since the middle of March.
