

YORK COUNTY PIONEER DEAD

Sudden Death on Saturday Morning
of Salem Eckardt in This
City.

WELL-KNOWN AMONG FARMERS

Deceased's Father Was One of the
First Settlers in Markham
Township.

Salem Eckardt, a pioneer of the County of York, was found dead in bed on Saturday morning at his late residence, 108 Wellington-place. He had been up and about the city on Friday, and appeared to be in his usual good health when he retired that night. Death, it is thought, resulted from an internal hemorrhage, due to a tumor. Mr. Eckardt was a grand uncle of H. P. Eckardt of the well-known wholesale grocery firm, and Albert Eckardt of the Eckardt Casket Co. He was the last of the first settlers of York County. In 1792 his father came out from Saxony to the Genesee Valley, where he, with others, had made arrangements for the taking up of land. The party became dissatisfied with the new home, and seeing Governor Simcoe's proclamation offering free grants of land to settlers, they formed a deputation and came to York, now Toronto. Here they waited on Governor Simcoe and were given land in the Township of Markham, which had then just been surveyed. It was this party who first opened up Yonge-street, which was then a wilderness. In those days it took 21 days to bring supplies from Toronto to Markham Township, the trip being generally made with oxen.

Seventy-eight years ago Salem Eckardt was born, and at an early age became interested in the business of an auctioneer. He followed this occupation until the time of his death. There are few farmers in York County who had not employed deceased at one time or another. His last sale he conducted only last Friday afternoon near Thornhill. After the sale he returned to his home in Toronto.

He is survived by one daughter, Mrs. Fenwick, who resided with him. License Inspector James Eckardt of East York is a nephew of the deceased. In politics he was a Reformer and a adherent of the German Lutheran Church. Deceased's father was one of the first to establish grain mills in York County. The funeral will take place on Tuesday morning to Unionville, where the remains will be interred in the Lutheran Cemetery. Services will be held at the church there prior to the interment.

The New Directory.
The new directory will soon be published and it will contain many more names than last year.

Under the "A" it will continue to have the name of Archambault, the tailor, at 125 Yonge-street.

Under all the other letters of the alphabet it will contain the names of Mr. Archambault's customers. Suits to order at thirteen-fifty, and other garments at similarly low prices, combined with most excellent value, make the increase in Archambault's trade inevitable.

SECOND EARTHQUAKE SHOCK.

Panic in Chilpancingo in Guerrero
Lasts for Ten Days.

Mexico City, Mex., Jan. 19.—Chilpancingo, the capital of the State of Guerrero, has been in a panic for two days. There came a repetition yesterday of the shock of Thursday, causing the ground many houses to be in the first earthquake. The people are camping out on the Alameda and in the fields. Hundreds of families are ruined. The buildings destroyed include the 17th Battalion barracks, from which the soldiers were ordered, thus saving their lives. The school buildings are wrecked, but the children were all saved, their teachers giving the order for them to march to the street when the first rumbling of the earth began. Great fissures opened across the streets. The church of San Mateo, in one of the outer districts, was nearly destroyed. Among the dead already found are four young women and two young girls. The list of the wounded includes many prominent citizens. No official list of dead or wounded has yet been made. In the town of Chilpan many buildings were wrecked, three persons were killed and four were injured. In the towns of Tixtla, Iguala, and Marichalan many buildings were cracked. In Zumpango del Rio three persons were injured, and the prison, town hall, schools and courts were damaged.

KILLED BY POISONOUS MAIL.

Pennsylvania Postmaster Contracts
Smallpox From Infected Letters.

Hallstead, Pa., Jan. 19.—Postmaster Richard Barber of this place is dead, as a result of handling mail that contained germs of smallpox. This is the opinion of physicians here. There has been no smallpox here, aside from this case, and Postmaster Barber is believed to have contracted the contagion by handling mail which came from an infected town and had escaped fumigation. Barber was a well-known and popular man. He was a native of this place and had been in the post office for many years. He was a member of the local church and a prominent citizen. He was a devoted family man and a good friend to all who knew him. His death is a great loss to the community.

VEST POCKET FOOD TESTED.

Six Persons Lived Three Weeks on
It—One Grew Fat.

Paris, Jan. 19.—The experiments secretly made upon six volunteers to test Prof. Berthelot's theories regarding the value of chemical foods, have been successful so far. The four men and two women subjected to his treatment have eaten nothing for three weeks except pellets containing various combinations of carbon, azote and hydrogen, and this without showing distress or impairment of strength. Three have lost considerable flesh, the weight of two has remained stationary, while one actually is growing fat upon the strange regimen.

NEW CANADIAN CANAL PLANNED.

Company Proposes to Connect Lake
Huron and Lake Erie.

Ottawa, Ont., Jan. 19.—The Huron and Erie Canal Company will apply at the coming session of the Canadian parliament for incorporation with power to construct a canal not less than eighteen feet deep from a point in Huron or Lambton County, on the east shore of Lake Huron, to a point on the northern shore of Lake Erie, in Elgin County. The company also asks for power to operate all terminals and to acquire all existing canals and rights in navigable and unnavigable streams en route from point to point, also for the right to operate electric and steam railways within a radius of fifteen miles of the canal route.

A MOST DELICATE APPARATUS.

One of the most delicate pieces of apparatus is that used for counting the number of cells in the blood. Medical scholars tell us that in a minute drop of blood as large as the head of a pin there are from three to four million of these red cells. In health there are a certain number in a certain amount of blood; but in certain diseases, as anemia, this number is greatly deficient, causing pale cheeks, white lips, faintness, and great debility. This delicate apparatus has proven over and over again that Scott's Emulsion increases these red corpuscles faster than any other known preparation, thus curing or preventing the many diseases and conditions caused by thin, poor blood.

CHURCH REOPENING.

Crawford-Street Methodist Church
Spent \$4000 on Their Edifice.

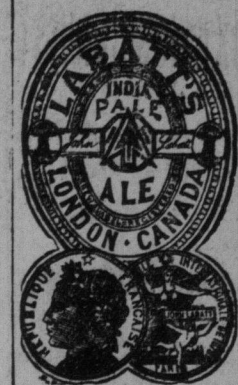

Crawford-street Methodist Church, which has been in the hands of carpenters since last May, when, owing to the condition of the roof, it was declared unsafe, was re-opened yesterday under most auspicious circumstances. About \$4000 has been expended upon it, and a new pipe organ installed. Rev. W. E. Hasard is the pastor and was assisted yesterday by Rev. R. J. Treleaven at the morning service. Rev. J. E. Starr in the afternoon, and Rev. Dr. Courtois, editor of The Christian Guardian, in the evening. Large congregations were present at each service, and in the evening standing room was not obtainable. Dr. Courtois spoke on "The Evidence of Christianity" as apparent to the believer. The man, he said, who scoffs at religion always strikes at the documentary evidences, never at the experimental, which are revealed in the life of the true Christian.

NO ALARM ABOUT POPE.

Has a Slight Cold, But Continues to Give Audiences.
Rome, Jan. 19.—The Pope is suffering somewhat from a cold, but no alarm is felt at the Vatican on account of this slight indisposition. He continues to give audiences as usual. His Never-Knew-Failure-Careful observation of the effects of Parmelee's Vegetable Pills has shown that they act immediately on the diseased organs of the system and stimulate them to healthy action. There may be cases in which the disease has been long seated and does not easily yield to medicine, but even in such cases these Pills have been known to bring relief when all other so-called remedies have failed. These assertions can be substantiated by many who have used the Pills, and medical men speak highly of their qualities.

IGNORANCE NO EXCUSE.

Roseland, B.C., Jan. 18.—At the Police Court this morning Daniel Dinkin pleaded guilty to a charge of impersonation at the municipal elections Thursday, but declared he was induced to commit the crime by supporters of McLachlan, the labor candidate, and that he was not aware of the seriousness of his action. He was fined \$50, which was paid.

ATTAINED ITS MAJORITY.

Consecration Services Conducted at St. Mark's Church, Cowan-avenue, attained its majority yesterday and consecration services were conducted by Bishop Sweetman. The church is now entirely free from debt, and funds are being raised to erect a new school house to replace the present one, which is too small to accommodate the large Sunday School. The rector, Rev. Charles Ingles, has been the incumbent ever since the church was dedicated, 21 years ago. The Bishop, in his address, congratulated the congregation on the progress made during their minority, and on the fact that the debt has been wiped out previous to their coming of age.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Gray's Worm Expeller. It is safe, sure and effectual.
