FEW OF FAITHFUL TURN OUT TO TORY REVIVAL MEETING

Dr. Forbes Godfrey Attacks Drury, But Defends Hon. Howard Ferguson.

"KNOCKS" GROUP GOVT.

Hon. George Henry Credits Himself With Legislation of Last Session.

Resuscitation of the local branch of the Conservative party was commenced at the Y. M. C. A. Auditorium last night, with several important speakers supplying the oxygen. Only a comparatively small section of the party was there to be revived, and the number was materially reduced by the by the ber was materially reduced withdrawal of the Imperial Male Quar tet, which furnished several numbers as a prelude to the real business. Chairman E. R. Dennis explained the slim attendence by stating that the occasion was just a Liberal-Conservation of the statement of the s tive family gathering, and not a public

occasion was just a Liberal-Conservative family gathering, and not a public meeting anyway.

Dr. Forbes Godfrey, M. L. A. for West York, was the principal speaker. His efforts were seconded by Miss Adelaide Clayton, who at one time was Hon. Arthur Meighen's school teacher, and by George S. Henry, M. L. A. for South York. Arrangements were made for sending delegates to the provincial convention in Toronto on December 2.

Dr. Godfrey devoted most of his attention to belaboring Premier Drury and the U. F. O. movement in general. He also got in a few good words for Hon. Howard Ferguson, who is regarded as a possible choice for party leader. The speaker said that Premier Meighen would be one of the greatest men in Canadian history for all time to come, and also expressed his firm belief that the only good form of government was by two great parties. He was opposed to group government, particularly because of events at the last session of the Legislature. He claimed that already breaks were appearing in the ramks of all the groups but that session of the Legislature. He claimed that already breaks were appearing in the ranks of all the groups, but that the Liberal-Conservative party was still solid. He criticized Drury for appointing too many commissions, instead of dealing directly with public problems.

of dealing directly with public problems.

To "Get" Ferguson.

Referring to Hon. Howard Ferguson, he charged that a deliberate attempt had been made to "get" him ever since the last election. Both the Kapuskasing affair and the timber probe were directed to this end, he claimed. The Drury Government has completely destroyed the Kapuskasing settlement, and has sold supplies there at 75 cents on the dollar when its own road department would be willing to give 100 cents on the dollar for them, he asserted.

Logging chains and other equipment have been left there to rust away. The

cleared areas have been turned over to a pulp mill, and if returned soldiers are again allowed to settle there they will have to clear land for themselves. The commission investigating timber limits is made up entirely of Liberals and is not non-partisan, he claimed, Innuendoes had been circulated to the effect that Mr. Ferguson had got out of the country to avoid giving evidence. The commission knew he intended to depart and could easily have retained him if they wished. He cabled from Bermuda his willingness to face any investigation, but while Chief Justice Riddell received this cable on May 6, he did not make it public until May 19. The interim report of the committee was published solely for the purpose of influencing the voters of Northeast Toronto in the recent by-election, Dr. Godfrey charged. Hen. credit of the last session's legislation for the Conservative party, asserting that most of it was drafted before Drury assumed office. He asserted that rural depopulation was a world-wide problem, and not peculiar to Ontario, and that its effect here had been exaggerated. Production is greater, although the farm population is smaller, he claimed. He declared he was solidly behind hydro radials.

Miss Clayton urged women to take an active part in politics and to abandon the idea they must be non-partisan. She said she was actively engaged in the East Elgin campaign and that while the Government had lost, it had played fair.

The Musical Art Society regrets deeply the inability to present Prihoda at the Grand tonight, but assures the London public that Prihoda will positively make his Canadian debut at the Grand Opera House Thursday evening, Dec. 9. The seat sale for tonight was phenomenal, and Prihoda would have undoubtedly been greeted with one of the large-

MET IN SCOTLAND WED AT INGERSOLL

Romance of the Great War Comes To Happy Climax.

INGERSOLL, Nov. 23.—A romance of the great war, which had its beginning in Scotland, reached a happy climax here, when the marriage of Herbert Waterhouse, charles street east, and Miss Elizabeth Graham of Glasgow, was solemnized at the home of the groom's parents. Rev. E. Sheppard of the Methodist Church officiated. While serving overseas the groom met Miss Graham in Scotland, and she came to Canada to be married. She was met at Montreal on Friday by her intended husband and they came on to Ingersoll for the ceremony. They will reside at Sullivan Lake, Alberta.

The death of George Shelton, a well-known Dereham farmer, occurred suddenly yesterday at his home. He was in his 60th year and had suffered at times from heart spells. He was born in the district and had resided there all his life. He was a progressive farmer and member of the Foldens Methodist Church. Besides his widow, he is survived by three sons, Melvin, Holbrook: Russel and Jack, at home; and two daughters, Misses Winnifred and Lenore.

cuits completely at those hours, General Manager E. V. Buchanan said today.

"This is the only time we have any difficulty now," he stated. "There are restrictions in the earlier part of the day and a little co-operation will do away with the need of any at this time. The load is very heavy just at that hour as factories make an extra demand for light and there is a heavy consumption by the domestic circuits. "Some of the stores have been complying with the request but a good many have not. If they do not do so woluntarily then we will have to get results by throwing out the switches on that circuit. This will mean that not only the windows and signs will be in darkness but that the whole store will be without light. There is no need for such a condition as that, if everybody observes the rule about outside lights.

NO PROVINCIAL OFFICERS KEPT TAB ON SPEEDERS IN THE LONDON DISTRICT

The following letter regarding fines for speeding in this district has been received from the department of public works, Toronto, by J. G. Lethbridge, M. L. A. for West Middlesex.

Dear Mr. Lethbridge:

I am in receipt of the clipping from one of your local papers respecting fines imposed for speeding and other infractions of the motor vehicles act on the provincial highways in the vicinity.

of London.

The department has not this year had a traffic officer on the provincial highways in that district, and all such cases have been carried out by local municipal officials.

officials.

The article in question refers to fees paid to the constables and the payment of fines to municipalities. I would point ut that under the provisions of the out that under the provisions of the provincial highways act all such fines and fees are payable to this department only, and any which have been otherwise taken, have been disposed of in contravention of the act. You state also that a rumor has been in circulation that our resident engineers or superintendents are in receipt of a percentage commission on the expenditure which they make or on machinery purchased. This is absolutely without foundation. All our employees receive a salary only, and any man known to have received a commission on account of machinery, materials or tools are the salary only. purchased, or any work performed, would be immediately dismissed. Also, all contracts are paid for on a unit or lump-sum basis. Yours truly, (Signed) W. A. McLEAN, Deputy Minister of Highways.
