Montreal Live Stock.

MONTREAL, Oct. 26.—(Special.)—At the Montreal Stock Yards West End Market, the receipts of live stock for the week ending Oct. 24 were 2956 cattle, 780 sheep and lambs, 1770 hogs and 324 calves, while the supply for local consumption this morning consisted of 1900 cattle, 250 sheep and lambs, 650 hogs and 175 calves.

A weaker feeling developed in the market for cattle, and prices were fully ¼c per lb. lower than a week ago, owing to the fact that the offerings were much heavier than they have been at any previous market this season, and largely in excess of the requirements of the trade. The average quality of the stock was better than usual, which in many instances cost more money in the country than holders could realize here for them, and in consequence they would not sell; therefore a number will be carried over for another market day. The demand from local and outside buyers was good for the best beeves at the above reduction in values, and there was also some demand from exporters for small lots to complete shipments with, but the trade in common and inferior cattle was slow. Cable advices from Liverpool on Saturday reported trade slow but firm, at a further advance on prices for Canadians and ranchers. Choice cattle here sold at 4½c; good at 4c to 4¼c; fair at 3¼c to 3¾c; common at 2½c to 3c, and inferior at 1½c to 2¼c per lb. The supply of lambs was much smaller than a week ago, but, notwithstanding this fact, the tone of the market was weaker and prices scored a further decline of ¾c per lb. The demand was fairly good, and sales of choice lots were made at 4½c, and good at 4c to 4¼c per lb. There was no change in sheep, for which the demand from exporters was better, on account of the firmer advices from abroad, and sales of choice lots were made at 3½c, and culls at 3c to 3¼c per lb. A fair trade was done in calves, and, as the supply was small, prices ruled steady, with sales ranging at from $3 to $8 each, as to quality.

There were no new developments in the live hog situation, prices being steady, under a good demand, and small supplies, and sales of selected lots were made at $6.50, and rough stock at $6 to $6.25 per 100 lbs., weighed off cars.

As Mr. Disney has sold one farm and rented the other, the whole valuable stock and implements will be sold. These Shorthorn cows are excellent ones, especially selected for merit. They are either in calf or with calf at foot. The public will find everything as represented and the accommodation excellent.

Six months' credit is given on approved paper. Five per cent. per annum is allowed for cash in lieu of notes.
