Rose and Scotia there was no particular feature worthy of comment.

La Rose was quite strong thruout the day, selling up to \$8:33, in spite of considerable profit-taking by those who had bought at lower levels. It is apparent that the recent listing on the London market is having its effect on these shares, and sending the FOOT.—MONTGOM to this street we finest lots, they are to; if it is a snap you tu to secure them. fect on these shares, and sending the price up from day to day.

Scotia Cobalt was the centre of interest in the lower priced issues. Considerable liquidation took place in this stock, but all offers were freely taken and the price remained firm, closing at 52 cents. The news from the camp regarding the recent strike on this siderable liquidation took place in this siderable liquidation took place in this stock, but all offers were freely taken and the price remained firm, closing at 52 cents. The news from the camp regarding the recent strike on this property confirms the report of a rich property confirms the report of a rich will be recent strike on this property confirms the report of a rich will be recent strike on this property confirms the report of a rich will be recent strike on this shares.

Nipissing was somewhat stronger, selling up to \$10.56 for a small block of the shares. Otisse sold up to 43 1-2 cents, the highest price reached on this movement, while Cobalt Lake sold up a point on favorable news of this company having shipped a car of ore this week. Kerr Lake was also active and higher.

The other issues were generally inclined to weakness, with Temiskaming the leader. This stock opened at 81 1-4 cents.

Beaver was active, and fractionally weaker, selling down to 28 1-4, the closing quotations being 28 1-2.

At the close the market was inclined to heaviness, sentiment on the whole favoring slightly lower levels, until more outside interest is manifested.

### Recent Important Strikes Reflected in Stock Price Several Issues Are Firmer

LaRose, Nova Scotia and Otisse Pass Former Prices and Are Firm at Big Vein on "Otisse" Brings Favorable Comment—Other Veins Will Shortly Be Cut.

Otisse is day by day showing strength and is getting more active on the exchanges. The strength is attributed by people who should be well informed ed to the great changes that are taking in place in the property itself. Settle wide, that was encountered a few days ago in the north drift, have reached town, and they describe it as having visible silver all thru the ore body. This new discovery is of great importance and has added largely to the value of the property. It will be drifted on east and west and will be opened up several hundred feet as soon as possible. The cutting of this extensive ore body was a great surprise to the mine management and to the board, as no one knew of its existence, there being no indication of its presence at the original Sam Otisse discovery vein, which is a strong and rich lead. The crosscut is being pushed on and this

# FIND AT NOVA SCOTIA ONLY SECOND TO LAWSON

New Vein Carries Values of 12,000 Low Capitalization of Company is te 15,000 Ozs. of Silver and Insures Dividends

"The biggest find in the Cobalt Camp for the year," was the candid statement made yesterday by A. M. S. statement made yesterday by A. M. S. Bilsky, the general manager of the Nova Scotia Mine, in speaking with The World in regard to the strike on that property last Saturday.

Mr. Bilsky, who is at present in the city, has brought down a sample of the ore taken from the new vein. It is nearly all silver and it is estimated that the vein matter through the

that the vein matter thruout the length of 92 feet, which has already been trenched, will run anywhere from 12,000 to 15,000 ounces of silver to the "I am not alone enthusiastic," Mr Silver Bar—200 at 30.

LONDON, July 8-Ambassador Reid has been informed that the fifth crulser squadron of the British Navy has been designed to attend the Hudson-Fulton celebration to be held at New York

NEW YORK, July 8.—Mrs. Sophie Staber, wife of George Staber, an importer on Duane-street, this city, was shot and instantly killed in her home in Flatbush, Long Island, while aiding her son in a struggle with a burglar early to-day. Two suspects are under

"Bob" Newman, stage manager of Shea's Theatre and grand secretary Association left yesterday for the annual convention of that body, to be held all-next week at Minneapolis. It is likely that he will be again elected to that office, as he has held it with distinction for several years. The chief item for discussion at the convention will be the establishment of a home for the aged and infirm members.

Good Argument in Its Favor for Prospective Investors.

COBALT, July 8.—The low capitalization of the Gifford-Cobalt and its favorable location were responsible for its successful flotation several months ago. successful flotation several months ago.

The company owns 20 acres directly east of the Beaver and is capitalized at \$150,000. One good ore-shoot will enable it to ship the equivalent of its entire capitalization. It now looks as if this were what the company would actually do, and it is this possibility that makes Gifford the one best "gamble" to-day in the camp.

The Beaver wein out of which that

The Beaver vein, out of which tha company is at present bagging 5000 ounces of ore, is heading straight for and only a short distance from the cen-tre of the Gifford tot and a few hundred feet from the Gifford main shaft. This shaft is now down 170 feet and

sands of the shares.

"We have continued further trenching on the vein since then, and when I left on Wednesday night we had stripped it to the extent of about 22 feet. At several points the vein measures between 9 and 11 inches, but I would say that on the average the width would be between five and six The Gifford-Extension is also now rewould say that on the average the width would be between five and six of the Temiskaming.
