Fisherman Brand Lobsters—New pack, finest quality, large tins 50c. each
1.2 tins, 25c. each

Call up Main 886 for Efficient Service and Good Goods.

What is Pure Milk?

A very natural question and one we often get. Let's work it out, now:

It stands to reason—doesn't it—that milk brought a long distance, in a very crude way, contains deadly poison in germ form, a fact that has been shown by bacteriological tests. Add to this the fact that nothing takes and then breeds germs quicker than milk and you will realize that milk handled carelessly and kept any length of time cannot be other than positively dangerous.

It is not enough to tell you that PRIMECREST FARM PURE MILK is produced and cared for under scrupulously clean and highly scientific conditions, the better way is for you to COME OUT AND SEE.

PURE MILK, 3c. CERTIFIED MILK, 5c.
SPECIAL BABY MILK, 12c. THE QUART.

Jumps to Pittsburgh Feds
Hendricks said, "but his reason for doing so is known to me." Burk has been with the Indianapolis team for two years. He was purchased from the St. Louis Nationals. Hendricks denied a rumor that centerfielder Joseph Kelly had deserted the club. He declared Kelly was with the team when it arrived here today.

Painful Swollen Veins Quickly Relieved and Reduced

Mrs. R. M. Remier, of Federal, Kansas, writes an interesting account of her success in reducing a severe case of enlarged veins that should be encouraging to others similarly afflicted. She suffered with badly swollen and inflamed veins (in fact one had broken), for more than seven years before she became acquainted with Absorbine, Jr., and used it. Absorbine, Jr., was faithfully applied for several weeks and, to quote from her letter, "The large knots in the veins left it was all nicely healed, and has not bothered me since."

Absorbine, Jr., is an antiseptic liniment—cooling, and soothing. Safe and pleasant to use. Liberal trial bottle postpaid for 10c. in stamps. W. F. Young, P. O. F., 817 Lyman St., Montreal, Can.

THE BAPTIST MINISTERS

(Maritime Baptist)

Rev. F. D. Dwyer is now pastor of the Baptist church at Manset, Me.

Rev. D. Hutchinson, pastor of Main street church, St. John, will spend his vacation at Wickham, N. B., and Deep Brook, N. S.

Rev. Frank O. Erb, Ph. D., of Portland, Me., is now a visitor in St. John, spending a week with his parents, Capt. and Mrs. George W. Erb, of Victoria street. Dr. Erb is a young man whose success has not yet gratified his friends.

Rev. Douglas Milbury of Parrsboro has accepted a call to the pastorate of the Gaspeaux church.

Pastor John A. Sweetnam of Lower Steviacko, is preaching a series of sermons on the Christian in relation to the various activities and experiences of life.

On Friday we enjoyed the pleasure of a call from Rev. F. L. Orchard and wife of Woodstock. Their vacation period will be spent in part at Wolfville, in attendance upon the Missionary Conference.

It is announced that Rev. Gordon Poteat will be married on July 28 and sail from Boston on August 8 as missionary to China. He is a son of Rev. E. M. Poteat, president of Furman University, Greenville, S. C., and a grandson of Rev. A. J. Gordon.

Rev. F. E. Bishop of Dartmouth, with his family, will spend his vacation amid the beauties of the Washedemoak Lake country. He was pastor in this section during his student days. Mrs. Bishop's former home was at McDonald's Corner. Pastor Bishop will preach on the Narrows field during his vacation.

Rev. W. E. Norton, D. D., home mission secretary for Ontario and Quebec, will spend part of August in St. John. He will be heard in Charlotte street, St. John West, and Main street churches.

Rev. J. Austin Huntley and family are spending a few weeks in Nova Scotia among old friends. They arrived recently from New York, and will leave in about two weeks for Calgary. Mr. Huntley has accepted a call to the First Baptist church of that city.

Many of our readers will remember the visit of Rev. Y. H. Shahbas to these provinces some years ago. While on his work in Persia was not taken under the care of our foreign mission board, there were many individuals who became interested in the support of his mission.

His work has been carried on at Urumiah, which has recently become the scene of cruel massacres by Turks and Kurds. All will rejoice to know that Mr. Shahbas and family have escaped. They are now at Tabriz, and are expecting to come to America.

WHAT TO DO TO GET FAT AND INCREASE WEIGHT

The Real Cause of Thinness

A Physician's Advice

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of the nature of the food.

Nature's way is all.

Thin folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffed won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless, yet wonderfully effective, and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

Paris, France, July 28.—The Temps quotes and compares the views of Count Reventlow and M. Augagneur, French minister of marine, on the subject of the value of submarines as compared with battleships. M. Augagneur, in giving his opinions to the correspondent of the Corriere della Sera, declared that at the beginning of the war it was thought that judging by results in the Baltic of the German fleet, the Russo-Japanese war naval development must be on the line of increasing the number of battle ships. There was another school that predicted that light cruisers and submarines would hold the field in the future and in the light of recent events it seemed that this latter view was the correct one.

Great sea fights between squadrons

had not taken place and battleships had to take refuge from enemies who were nearly always invisible. Asked if there was no way of meeting the submarine peril and whether the presence of submarines in the Aegean would retard the operations in the Dardanelles, M. Augagneur stated that a means of protection against submarines existed which gave remarkable results. With regard to the situation in the Dardanelles he said that though the losses sustained by the Allies were regrettable they were not heavier than had been anticipated.

Count Reventlow, when addressing a meeting held in Hamburg by Dr. Soli did not give the impression that he considered that the submarine had ousted the battleship in naval warfare. It was a mistake, he said, to place too much confidence in what submarines could achieve. Submarines might challenge an enemy's claim to the command of the sea, but even German submarines could not conceal the seas, and if Germany increased the number of these craft threefold she could not protect her colonies with them. What Germany really wanted, in his opinion, was a dozen or so more battleships for a policy on the surmise that no effective reply to the submarine would ever be discovered.

LAUNCH TWO SUBMARINES FOR THE BRITISH NAVY

Two British submarine boats were launched at the Fore River Shipbuilding Yard, Quincy, Mass., on Monday in the presence of many persons. The first to be launched was H-11, at 9.50 a. m. The boat, H-17, was launched at 10.40 a. m.

DIED IN BANGOR

Bangor Commercial.—The death of Michael Conway, who had been a respected resident of Bangor for the last twenty-five years, occurred at the home of his daughter, Mrs. Francis T. Casey, on Monday, after an illness of two years. Mr. Conway was born in St. John, and spent the early part of his life in Chicago, coming here from the western city. He is survived by his wife, one daughter, Mrs. Casey, and two grandchildren.

Ingersoll Pimento Cheese has a spicy flavor that makes sandwiches "Taste like more."

BOOSTING FREDERICTON FAIR

An automobile party including Dr. W. J. Weaver and family and A. A. Shute and family of Fredericton, N.B., arrived in Bangor Sunday. They were by way of Woodstock, Houlton, Lincoln and Old Town. Pennants on their cars call attention to the exhibition to be held in Fredericton, Sept. 20 to 26.

Failure to Qualify.

"Are they influential?"

"Hardly. Their automobile is last year's model."

Investments for Farmers

Speculation is not for the farmer—any investment he makes must be sound—"Safety-First" is the rule with him.

That is why so many of the most successful farmers are to-day giving more attention than ever before to the matter of life insurance.

In the policy issued by a reliable, well-established life insurance company you have absolute protection for those it is your first duty to safeguard. You also have the kind of insurance that will be a protection for your old age and a sound, profitable investment to you if it is issued by the
