## GORMAN SMASHES 440 YARDS RECORD

Also Wins Second in Three Mile Event—Is National Champion.

Charles Gorman of this city was crowned National champion at Saranac Lake last Saturday when he won the 440 yards and took second honors in the three-mile event. In winning the former he established a new world's record, covering the distance in the remarkably fast time of 36.3 seconds. This is two-fifths of a second faster than the professional record established on the same track last year by Arthur Staff.

The St. John star, who represented Canada in the Olympic this year, as a point scorer was at the top of his form on Saturday. He equalled the world's amateur record in the semi-final heat. Then the committee in charge of the race offered a special prize if the world's record should be broken, and Gorman keyed up to his highest pitch, got away from the tape at the starting gun at a terrific clip which he sustained marvelously to the finish line. He won easily.

The finish of the three mile race, in which two score skaters started, was exciting and close. Allen was always with the leaders of the pack and had stamina to match the furious rush of Gorman at the end. The Canadian fell ahead of Eddie Murphy, of Chicago, Frank Garnett, of St. John, won a prize as leader in greatest number of laps in this event.

## JIMMY FRUZZETTI TO MEET WILLIAMS

Boxers Will Meet Here in the Armories Next Friday Night.

Jimmy Fruzzetti, of Boston, and Irish Kid Williams, of New York, are headliners on a boxing card scheduled for the Armories Friday night, according to an announcement made by G. L. Landry, manager of the Armory Club. Both boxers appeared in St. John previously and made a good impression with the fans. Fruzzetti had the better opportunity to show his ability for he was pitted against Johnnie McIntyre, one of the most popular men to box in this city. The Boston man was given a decision over McIntyre, which is a credit to him.

Williams boxed a much inferior boxer, in the opinion of the fans, and there was little opportunity to judge his ability. It was said by those who saw him box O'Brien that he showed considerable cleverness and the promoters are hopeful that he will make a good showing when he meets Fruzzetti. The men are lightweights and are said to have good records in their matches in the United States. The other men on the card have not been announced.

## FRED LOGAN GOES TO RACES

Mr. Logan's son, Willie, who did so well in the U. S. National meet at Saranac Lake last week, will take part in the International and under his father's able direction should do even better than he has done so far.

## MISS ST. JOHN TO START BIG GAME

Will Face Off the Puck in Contest in the Arena Tonight.

When Miss St. John starts the game by facing off the puck at the Arena tonight, when the Abbies of Charlottetown cross sticks with the St. John team, she will start what will probably be the best game seen here since the Granites played.

Quite a pretty little ceremonial has been arranged for this game, which will usher in Miss St. John's duties as our local Queen of Sport.

The players will line up on each side of the middle entrance to the ice and will arch their sticks over the head of the Queen as she makes her appearance on the ice. She will have a presentation made to her and then skate around the rink and return to one corner when she will face off the puck. This will not take more than two or three minutes.

Tonight the St. John team is going to use two complete forward lines and change them frequently. This will give the locals a very fast attacking line, always fresh and full of pep. As these two forward lines have been practicing together they have developed some real team work and should uncoil some combination plays that will make the fans sit up and take notice.

The locals will have Nicholson in goal, with Gilbert and Richard on the defence. Halley will play forward and also relieve on the defence. The other forwards will be Short, Montell, Kiley, J. Gilbert, Rathburn and Gaudin.

Payne will handle the whistle and can be depended on to keep the game fast and clean.

If sufficient encouragement is given the locals other first-class teams will be brought here for exhibition games.
