HALIFAX TEAM IS OUTCLASSED BY SCOTTISH ELEVEN

(Canadian Press Despatch.)

Halifax, N. S., May 22—Defeating the representative Halifax soccer team by a score of seven to none, the Scottish international eleven during the first game of its Canadian tour here on Saturday afternoon demonstrated the art and science of playing football with an ability simply astounding to a crowd of twenty-five hundred who for the first time saw a team of international football players in action. The Haligonians played excellent ball, Captain Campbell and Goalie Wilson distinguishing themselves in particular, but their attack wasted itself against the beautifully combined defense of the Scotsmen. Airy fairy foot and head work carried the ball into Halifax territory again and again and neat swift passing opened the way for shots accurate as rifle bullets from the boots of Wilson and Rankin. Once Wilson allowed the ball to cannon off his head into the Halifax goal. On only a few occasions were the Haligonians able to bring the sphere within striking distance of the famous goalie, Brownlie. He had little to do in the way of defense, but his elegant boot frequently sent the ball sailing half way up the field.

Two forty-five minute halves gave the crowd an idea of the way soccer is played in the Old Country.

After the game was over Lieut. Gov-(Canadian Press Despatch.)

Goodyear could make a good looking 30×3½ tire to sell with a profit at \$10000

All-Weather Tires are All-Wheel Tires There are a number of tire buyers to whom we could sell Goodyear Tires by building a very cheap tire.

These men are shoppers—purchasers on a basis of price alone blind to the true economy of quality and value.

They have been the mark for every brilliant salesman with means enough to manufacture a few tires from the market's cheapest materials.

Such tires have been legion—here to-day and gone to-morrow, only to be replaced by another "morning glory" under another

The Goodyear Tire & Rubber Company from the wealth of its experience as the world's largest maker of tires wishes to convey a frank message to every motorist in Canada.

Goodyear could make a good-looking 30×3½ tire to sell with a profit at \$10 - but it wouldn't be worth the price - the cost-per-mile would be higher
