PRINCE REACHED NEW YORK TODAY

A Big Reception—Five Days There and Then For England

New York, Nov. 18.—The Prince of Wales arrived at Jersey City at ten o'clock this morning on a five days visit to New York. Nearly an hour before he arrived the section of the Pennsylvania terminal, Jersey City, reserved for his train had been cleared of all spectators.

There were no decorations on the pier, the guest of honor and 150 uniformed Jersey City policemen standing the only touch of color to the occasion. The reception at the pier was an informal one, the formal welcome of the city of New York being extended at the Battery, where the prince and his party were taken in barges of the battleship Pennsylvania, the flagship of the Atlantic fleet.

A cheering throng greeted the prince as he stepped from the barge at Battery Park at eleven o'clock. After a brief exchange of greetings with members of the mayor's reception committee he was driven through the financial district up Broadway to the city hall where a formal welcome of the city was extended by Mayor Hylan.

Thousands of people were massed in the city hall plaza. The British flag and the American flag shared equally in the decorations over the portals and in the aldermanic chamber where the official ceremonies took place. The police band played during the ceremony.

N.B. Temperance Alliance Session in Fiedericton—Some Opinions

Friederickton, N. B., Nov. 18.—The New Brunswick branch of the Temperance Alliance opened its annual meeting here this morning in the Brunswick street Baptist church. Rev. Thomas Marshall occupied the chair until President Donald Fraser arrived. The report of Field Secretary F. E. Boothroyd and the report of the executive presented by Rev. Thomas Marshall were received. Secretary Rev. C. Fleming was unable to be present, and Rev. Mr. Boothroyd acted in his place.

The report of the field secretary referred to the evil reaction upon the prohibitory act of the use of extra-legal means in Ontario, Quebec and the beginning of the war there had been a great expansion on the work of the alliance.

Rev. president Thomas Marshall in the report of the executive referred to the immense strides made by the prohibition movement in Ontario, Quebec and the United States since the convention held in last December. In New Brunswick there had been organization work and the Temperance Alliance had been established in the Brunswick street Baptist church. Rev. Thomas Marshall, field secretary, reported the absence of legalized sales for beverage purposes and the reduction in the number of saloons, and the fact that the alliance had been working with success. There had been a marked absence of drunkenness at public gatherings, such as exhibitions, races, etc.

Friederickton, Nov. 18.—The executive committee of the Temperance Alliance meeting declared that "unfortunately there are members of the medical profession who are continuously and notoriously violating the prohibitory act in the sale of prescriptions and recommended that the names of such offenders should be published and that the medical council should take action. On the subject of the sale of extracts the report declared that some manufacturers were "violently manufacturing and selling for the purpose of its use as a beverage."

It was said that certain magistrates persist in imposing only minimum penalties for the violation of the law. Recommendations are included that persistent violators be given the full penalty of imprisonment and that retail and wholesale vendors where convictions have been made forfeit their licenses with renewal impossible for at least three years and that "no influence, of any kind, however powerful and strong, should be allowed to bring about its renewal and so override the clear provisions of the law."

Sturgeon Falls, Nov. 18.—Rev. Charles Langlois died at his parish home here after a brief illness following an attack of paralysis. He was born in Lobierville, Que., and was educated in the Quebec Seminary. Last June he celebrated the silver jubilee of his priesthood.
