Christian Science Society

Union Street.
Sermon Sunday at 11 a.m.—Subject: "Are Sin, Disease and Death Real?" Wednesday evening meeting at 8. Reading room open daily from 8 to 5. Saturdays and legal holidays excepted.

Better Listeners

One need wish for and reverence pervades the whole atmosphere. Our decision cases number from a few to sometimes 100. The prayer meetings are great. Last night we had over eighty men on their knees seeking God. Think of what this means. Our greatest handicap is the want of workers. It overcomes one when we remember that in a few hours these men move up, to the firing line and the regions of death. The very ablest workers should be sent out. It is a responsible work and an opportunity second to none.

Our own boys

Our own boys are brave and many take their stand for God in a noble way. A chaplain said to me the other day, "Your boys are splendid. They are consecrated to their religion, brave in their acknowledgement of conversion and are in every way a good example."

We visit the hospitals

We visit the hospitals, where we distribute chocolates, fruits, flowers, writing paper, etc., and frequently write letters to friends all over the world. We are inundated with expressions of thanks. A wounded soldier in hospital said to Mrs. Greenway the other day, "You people do back us up. We are glad to see you come in; it does cheer us." Said another when about to be evacuated to "Blighty," "I do not want to go until I see the Salvation Army Sister, as I do want to thank her for her kindness." The nursing sisters say when our workers go round, "Now, do not forget my ward today, my boys want to see you."

We are still building huts and hostels

and opening them out here for the troops. This means something, as a hut runs away with a lot of money in these days. Ten thousand dollars does not go far.

I cannot close this report without paying

a tribute to the courage of our workers. As you may imagine, some are in very hot places, but when it has been felt that a release from the strain of work that has to be carried on where it is necessary to fly to dug-outs very often, and removal to a safer zone, has been suggested, this has been taken as almost tantamount to an insult. The girls, as well as the men officers have

ULTIMATELY TO PALESTINE

A Jewish draft of some 800 men of the Jewish Legion which is being recruited in the United States to fight in Palestine with the British forces, arrived in the city yesterday en route to training quarters in Windsor, N. S. The Jewish population of this city tendered them a magnificent reception. They were then paraded to the army, where they were quartered for the night. Last evening the draft paraded to the synagogue in Carleton street, where special services were held and the men were formally

TORONTO TO LOSE \$12,000 IN TAXES FROM BREWERIES

Through legislation enacted by the Ontario government exempting breweries and distilleries from business taxation for 1918, the city of Toronto will lose about \$12,000 in revenue.
While most of the breweries and distilleries in Toronto are being dismantled, some distilleries are making munitions, and one brewery has installed a plant for the manufacture of soft drinks.

BIG MORMON LAND DEAL

The Property of the Knight Sugar Company is Being Subdivided

A big land deal has been completed in Southern Alberta, whereby 122,000 acres become open for smaller farm holdings. The tract was formerly part of the extensive holdings of Ray Knight and the Knight Sugar Company.

By this transaction, which is the largest land deal between individuals ever made in the entire northwest, the Central Alberta Ranch Company and the Montana Ranches Company acquire the vast holdings of the Knight-Watson Ranching Company in the Stirling and Raymond districts.

It is understood that the new holders will place the property on the market in segregated parcels, and it is believed that the event will mark the beginning of a great era of development in Southern Alberta, particularly the sections around Stirling, Raymond, Warner, New Dayton and Magrath. The bulk of the land will be taken up by the Mormons.

AN EXAMPLE TO ST. JOHN

The Work for Food Production Being Done in Orillia, Ont.

(Toronto Globe.)

The citizens of Orillia have responded to the greater production appeal with enthusiasm and energy in a highly practical way. They have divided the town into districts, each with a chairman, and the council will plow all gardens at the rate of fifty cents an hour actual plowing time. The production committee has bought a number of pigs, and is arranging for incubators to accommodate those who cannot get the hens to bring out the eggs supplied by the government.

The town will be thoroughly canvassed, and everyone who has a vacant lot which he cannot work will be asked to turn it over to the committee. The town owns a farm which will be put under cultivation, and conferences will be held with farm clubs in the vicinity to discuss farm help, seeds, and other production topics. Arrangements will be made also to recruit labor in the town for the countryside.

It is due to the enterprise and patriotism of the people of Orillia that their work should be given publicity. It will be an example and a stimulus to other communities.

Two Camden, N. J., men are held at Chester, Pa., charged with a plot to blow up a shipyard there.

More than \$500,000 damage was

caused by a disastrous fire in Vermilion, Alta., on Thursday when the business section of the city was almost completely swept away.

SPRING IMPURITIES

CLOG THE BLOOD

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-builder and nerve restorer. But these are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other reason of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give new strength—In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anæmia, rheumatism, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time, when all nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children—Here is a bit of proof: Miss Anna Patterson, R. F. D. No. 1, Thorold, Ont., says—"My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained in weight, my blood is thoroughly purified, and my face cured of some unsightly pimples which had troubled me. If one good turn deserves another then I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Ex-State Senator Horace of Massachusetts, killed the U. S. coast artillery as a gunner.

Escape For Thy Life

(Gen. 19:17)

Life came, death went, the curse was o'er;
Life reigned, a king forever more.

Sermon by W. Sargeant, V.D.M.

BIBLE STUDENTS' HALL, 162 UNION ST.

Sunday Afternoon, 3 o'clock. All Welcome

SALVATION ARMY WORK AMONG THE SOLDIERS IN FRANCE

The following report upon Salvation Army Work with the soldiers in France, has been received at the Toronto Headquarters of the organization, by Commissioner W. J. Richards. It is written by Lieutenant-Colonel Thomas Greenway, one of The Army's officials who are directing these operations:
We try (writes the colonel) to do what we can to help the 'boys' not only by providing the 'hot drinks', but in a multitude of ways. Whenever we erect a hut we try to make it 'home away from home.' The human touch is upon all sides of our work, and we seek the aid of the Divine Hand and God's blessing all the time. It is marvellous to see the whole thing becomes quite a beehive of social and religious agencies.
You may see a very large hut where the refreshments are dealt out, simply jammed with a long queue of lads wait-

ing their turn to purchase. The soldier does not want charity. In a smaller hut on one side of this an impromptu concert will be going on, and on the other side there will be rooms full of N. C. O.'s at games, etc. In another very large hut adjoining you will see about 400 to 500 men at tables, playing games or writing letters home. In the Devotional Hall a Salvation Army meeting will be going on, and in another smaller room, the library will be the studios at work, or a debating class will be reviewing a book.

All the time "the kindly hand" is upon the assembly and advice is being given to many an anxious man about all sorts of things, some of which is relating to his family, rather than matters of that kind. We do not touch the boys with "the kid glove" or with patronizing air, but we are one with them. We try to send them away to their awful duties with that kind of influence that stimulates great exploits and daring deeds.

Our meetings are wonderful. Our largest huts are gorged to overflowing, not as the result of official parading, but with a vast multitude of voluntary attendants. You will have nearly a thousand men singing the grand old hymns which turn their thoughts towards God.
