

THE BIBLE CLASS.

In submitting our report the Bible Class desires to acknowledge the goodness of God in bestowment of temporal and spiritual blessings.

The average attendance at the class has been about thirty.

During the past few months the class has been taught by most of the ministers who have supplied our pulpit, thus giving us various modes of teaching, which we trust may be of practical use to us in days to come, besides being considerable relief to our teacher. All the lessons were instructive and edifying.

We have made an effort to resuscitate the Library, but on examining the books there were 144 missing, and there are still 120 volumes of which we have no record.

The class acknowledges with many thanks the valuable services of our Officers: Miss Laidlaw, Organist; Miss Gilmour, Precentor; Miss Carson, Librarian; Miss Smith, Secretary, and Mr. Skinner, Treasurer.
