A BAD FACE HUMOR

Ahout seven years ago I had a humor break out the many face; it started in a small blotch and looked like the sting of a bee, then it spread and looked like a ringy orm, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No less than twelve of the best doctors have had a trial at my face, and all of them falled. I will not give you a list of their names, but will say that they were from Boston, New York, and Maine, also from England, France, and Canada. I have feen a hotel cook and steward for years. In the summer I conk at watering places; that is why I have had an opportunity of being smong good ductors. They could not cure mg. face, and I had given up all hopes of ever being any better. Last June, I went to Moosebead Lake, Muine, to cook for the season. My face was a boak I did not like to be seen. At the lake I met a gentlemm from England. Be told mo to use your Curtowa Ram Junes, and they would cure me at once. I did so. The result was, in three weeks the soree on my face were lealed up. I used it all the season. My face have lealed up. I used it all the season. My face have lealed up. I used it all the season. My face the lealed it to a number. And in every case it has cured them.
