● The results of the Open Dominion Cham-
pionship Competition, where a high standard of
marksmanship has always been maintained,
again show unquestionable *quality* in skill and
accuracy. "Dominion" Revolver Cartridges,
used exclusively in this competition, share in the
honours—for skill in marksmanship must be
backed by *quality* in the ammunition . . . and
"Dominion" Ammunition has rightfully earned
for itself the title of—"The Ammunition of
Champions".
