

NO GOOD TRIM

There has been a good increase in the shipments during the Boundary and from the Sloan property of past week with the likelihood of the year future being put out in the near future.

The Blue Bell mine has made some good shipments of late and may be expected to prove a yet larger shipper, when everything has been so adjusted in the fitting of the machinery to the ore in the milling of the product of the mine.

The Yule mine is apparently entering upon a new lease of life and some \$30,000 will be spent between this and the end of the year in fitting up the mine and developing the newly discovered ore shoots.

The mill ordered for the treatment of the product of the Nugget mine in Sheep Creek valley, was purchased lately in Victoria by the Canadian Pacific.

FEDERAL ELECTIONS

Certainty That Appeal Will Be Made Early This Fall Is Increasing. OTTAWA, July 11.—The certainty that the federal elections will be held this fall is increasing and no doubt the various "calling round" are given by those in the confidence of the government.

G.T.R. EARNINGS table with columns for Decrease Shown in the Past Seven Days Under Last Year and Montreal, July 11.—Grand Trunk railway transfer earnings for the week ending July 14th show a decrease of \$48,667.

AMBIGUOUS

(Special to The Daily News.) OTTAWA, July 11.—In the house this morning the premier introduced a bill to relieve railway employees of the double duty of being both a workman and a soldier.

The Aylesworth election bill was then taken up. Edmund Bristol, Toronto Centre, protested that the provisions for North Ontario were not wise nor just.

Hon. G. E. Foster said that the bill as introduced was an improvement on provincial rights. After six days' fighting the premier had decided to leave British Columbia alone and abandoned the Manitoba starlings.

Hon. Wm. Paterson, who has been in the house since the 1st of July, said that he had not understood the reason so much fuss. The government was only trying to get what was right and just.

James Cosgrave argued that the various mines and receipts at the smelters for the past week and year to date. BOUNDARY SHIPMENTS table.

CANADIANS AT OLYMPIA

about to enter on new trade relations. Hon. W. S. Fielding replied that conversations so important a matter were naturally frequently taking place but he could not say more.

A. E. Kemp, Toronto, made a brief plea for holding Thanksgiving on the day of the Olympic games. The commercial travelers association had communicated with him on the subject and he had promised that next year it would be held on the day desired.

A. C. Boyce, Algoma, spoke of the sale of 29,301 acres of land in Algoma in the townships of Fisher, Holland and Lilley. He stated that the application was put in the name of A. H. Gate at the request of Hon. Clifford Sifton.

Hon. Frank Oliver declared that the Boyce's speech was merely campaign literature. The lands, according to the practice of the last score or more years, were sold at 30 cents per acre.

Hon. Wm. Paterson, who has been in the house since the 1st of July, said that he had not understood the reason so much fuss. The government was only trying to get what was right and just.

James Cosgrave argued that the various mines and receipts at the smelters for the past week and year to date. BOUNDARY SHIPMENTS table.

CONTESTANTS ARE EXPECTED TO SHOW UP WELL

Appended will be found short sketches of the Canadian athletes entered for the Olympic games at London, competition in which commenced yesterday.

W. H. Wood of Brantford, the second man on the Marathon team, is a big, frank, honest fellow, wiry and tireless a quiet spoken, "mind his own business" fellow, like Lawson, a chap who runs his own race. He is an excellent judge of pace and knows his own capabilities to a nicety.

Harry Lawson of West End Y.M.C.A., Toronto, is an old north of England champion, a big strong runner who is as full of courage as an egg is of meat. He is about 27 years of age and weighs around 150 lbs.

Bert Goldsboro of the Central Y.M.C.A., Toronto, the third member of the Marathon team, is an example of the nervous, high strung runner, whose courage and determination put him in the category.

George Goulding of the Central Y.M.C.A., Toronto, who holds the Canadian walking championships, both indoors and out, is a very popular man among the men.

W. B. Galbraith, who will run the five mile steeplechase events, is a Central Y.M.C.A. boy, 27 years of age and weighs 112 1/2 pounds. He has been running five miles in his early career.

John McDonald, the New Glasgow man, who got on the team because the running club had an open berth, is a big, powerful high jumper, but Barber beat him at 5 ft. 8 in. in the final.

Edmund Bristol, Toronto Centre, protested that the provisions for North Ontario were not wise nor just. Hon. G. E. Foster said that the bill as introduced was an improvement on provincial rights.

Hon. Wm. Paterson, who has been in the house since the 1st of July, said that he had not understood the reason so much fuss. The government was only trying to get what was right and just.

PRINCE RUPERT NOTES

Whisky peddling and blind pigs promptly stopped. Effort made to reform Port Essington.

Last week the owners of the tent-house which a man named Larson was running at the waterfront compelled him to vacate the building and leave Prince Rupert because he brought whisky from Vancouver in boxes marked "no alcohol" and was selling it.

The proprietor of the Rupert lodging house at Vickersville was asked how he would like to see the city reformed. "Well, my house is filled with people who are afraid of the rocks that fly at Knoxville."

Last week two 10-gallon kegs of whisky and a box of corks, consigned to "A. Cummings, Prince Rupert," were taken from the G.T.P. warehouse and placed in a warehouse near the waterfront.

The crowd blockade of two years ago is still very vivid in the minds of western people and the railway companies are larger crop movement than ever before. It is not strange that we should wonder how the railway and banks are equipped to handle the grain, says the Winnipeg Commercial.

What steps are being taken to avert the loss that must be incurred by such a blockade as we had in 1907? Already the optimistic feeling throughout the country is giving way to a more realistic one. It is along the line report a "loosening up" among the merchants, farmers and others.

How ever well prepared the railways are it is well known that for several months past they have had their mechanical staffs on short hours, and in Winnipeg, for instance, the street car companies, when the repair shops were closed for a week or two weeks at a stretch.

These mines are the principal domestic sources for the prairie, and unless more liberal mining laws are passed, the prairie will be a barren waste. It is predicted by President F. H. Sherman, of Detroit, that the prairie will be a barren waste.

From harvest time until the frost closes lake navigation, cars will be in great demand. A record wheat harvest is expected and the prairie will be a barren waste.

NEWS OF GRAND FORKS

Eastern Townships Bank to Rebuild with Stone. Rearranging Matters After the Fire.

(Special to The Daily News.) GRAND FORKS, July 11.—W. Spier, formerly manager of the local branch of the Eastern Townships bank, but who is now inspector of the western branches of the bank, is in the city and will remain for about a week. It is stated that Mr. Spier is here in connection with the rebuilding of the bank building, which will be of stone and brick this time.

The Salvation Army will hold their annual Sunday school picnic on Tuesday next at the lake. The picnic grounds were destroyed in the recent fire and the officers who are at present stationed here expect to leave the city some time next week.

James Bruno, one of the parties who were up before Judge Cochrane a short time ago for infraction of a city bylaw which prohibits stock from running at large inside the limits of the city, and who was let off, being the only one who pleaded guilty to the charge, was yesterday up again on the same charge.

The Methodist and Presbyterians will worship together for the next seven weeks. This arrangement has been agreed to between the churches in order to give their pastors a vacation without cutting out the services of their respective denominations.

Sundays services will be held in the Presbyterian church by the Methodist, Methodist, taking the services. For the four following Sundays services will be held in the Methodist church, the Rev. J. H. Stephens, pastor.

Collector of customs R. R. Gilpin, of this city, accompanied by his wife and family, left yesterday on a three-weeks' holiday, which will be spent at Hayden Lake and the vicinity. The holiday season flow pretty freely is having its effect in view of the short crop last year, and the great financial stringency that followed, farmers all along the line will be rushing to meet their obligations.

Mr. Richardson, of Victoria, fire insurance adjuster, is in the city this week looking after the losses which were sustained here during last week's fire.

At a meeting of the Grand Forks Rochdale Co-operative association held last week a statement of the affairs of the association was presented. The statement showed a loss of approximately \$3000 by the fire, which completely destroyed the stock of goods in the store.

Mr. Miller, formerly city solicitor for a number of years, is making preparations to remove to this city on the 28th inst. Addresses will be delivered by Prof. W. T. Morner, horticulturist of the Washington Agricultural College, Pullman, and W. L. Deane, of the B. C. The subjects treated will be cultivation of fruit, fertilizers and soil conservation. The local secretary is making arrangements for a daylight demonstration in the field.

The Fraternal Order of Eagles, who lost everything in the fire, are holding a special meeting in the new quarters of the Grand Forks Smelters' union, the Corby building, Riverside avenue, on Monday evening next.

Mr. Larson, formerly proprietor of the Province hotel, has purchased the McRae building at the corner of Winnipeg and Riverside avenues. The price paid is stated to have been \$1500.

R. Crawford, who has been with the N. L. McInnes company of this city for some time, has been appointed to the position of store manager of the Hunter Bros' store.

RESULT OF GREAT CROP

Car shortage and carrying of fuel. Household should lay in stock of coal.

The crop blockade of two years ago is still very vivid in the minds of western people and the railway companies are larger crop movement than ever before. It is not strange that we should wonder how the railway and banks are equipped to handle the grain, says the Winnipeg Commercial.

AMERICAN FLEET

American version of alleged feeling in over reception.

LONDON, July 11.—Reports received here regarding the magnificent preparations that are being made for the visit of the American fleet to the United Kingdom are provoking a great deal of comment. The preparations of such a nature as to give the impression of a grand and elaborate reception.
