\$2,200 FOR THE Y.M.C.A.

Carleton Place Responds Fairly Well to This Noble Cause.

Following the very interesting address given by Lieut. Trivet last Tuesday evening in the town hall, when the great work being done by the Canadian Young Men's Christian Association for our own soldiers in England and France, was fully outlined, and the hardships of our brave boys at the front was vividly pictured by lantern views, a canvass of the town was made by a local committee on Wednesday to raise funds to support this worthy work.

The result of the day's canvass was a subscription of \$2,200 in round figures, a very respectable contribution indeed. That as many of the people could not be reached by the limited number of workers in one day it is expected that considerable more will still come in, and the objective aimed at, viz., \$2,500, may still be attained.

The lists are at the Bank of Ottawa, and any who have not already done so and wish to assist in this laudable object, have until the end of the month to hand in their contributions. It is hoped that at least \$2,500 be received, which is only a trifle over 50c per capita—a very modest sum in these strenuous days considering the importance of the work being done by the Y.M.C.A.

THE LORD'S DAY.

EDITOR HERALD.

Dear Sir,—At the meeting recently held in Renfrew, the Presbyterian Church Synod for Eastern Ontario and the Province of Quebec made the following deliverance as a contribution to enter the minds of men and affect their judgments upon the matter of the preservation of the sacredness of the Sabbath Day, and the undersigned was charged to attend to giving it as extensive publicity as possible. The text of the Synod's deliverance was as follows:

Whereas serious inroads are being made in the rest of the Sabbath by unnecessary work in connection with war;

Whereas by innumerable experiments it has been shown that men can do more and better work when they labor six days and rest one than when they labor seven days in the week;

The synod of Montreal and Ottawa, while approving of most strenuous efforts being made at the present time to speed up production, is convinced that this end cannot be gained by the secularization of the Lord's Day and urges that Sunday work be avoided as much as possible.

Permit us to add that few things contribute more to true prosperity in every organization of life than a hallowed Sabbath day. Serious readers of the Revelation of God see that Sabbath observance is an essential for permanent success in nations and the larger domain of universal humanity. The Holy Spirit of God, without whom men are undone, is withdrawn from those who desecrate the Sabbath and we appeal to the Christian manhood of this district of Canada in which we are more particularly concerned to let no spirit of panic or unbelief towards God move any one to work on God's holy day. If such work is done we shall be losers rather than gainers by it.

Of late, Mr. Editor, we have met two marked public tributes to the worth of the Scottish stock of past generations in Canada. Your readers need only to be reminded that few features were more outstanding in the lives of these men of integrity, rectitude, conviction and courage than Sabbath observance, and we ask that we go to the source from which they learnt this, namely the Revelation of God, and then act as that Revelation in its largeness instructs us. We are living in a time when, with ache and some emptiness of heart and with flowing of tears, we are learning our need of a Higher Power and that power of God who is so great that the nations are to Him as the dust in the balance and a drop of water in a bucket, and part of the process by which we learn this fundamental is by obedience to His commandment upon the Sabbath day. Patriotism and religion, which latter is more than patriotism, write in the call to this, and let each of us act as in God's sight, no matter if some men and some of their organizations do wrong.—JAMES TAYLOR, Braeside.

METHODIST DISTRICT MEETING.

The Annual Meeting of the Perth District was held on the 16th and 17th of May, in the Carleton Place Methodist Church. Perth, Smiths Falls, Merriekville, Almonte, Pakenham, Carleton Place, besides a number of rural charges were represented by 15 clerical and 15 lay delegates.

The first day was taken up by purely ministerial business, and in the evening a public meeting was held, when Rev. Mr. Bates, a returned missionary from Japan, delivered an interesting and exhaustive address on the progress of the work in that land. The Mission was opened some thirty years ago, and now it has developed into a strong native self-supported church, with an excellent college at Tokio for the training of ministers and such other students as desire a superior education.

Revs. Monds, Dobson and Newton brought greetings from their respective churches.

While the Sunday School department showed the results of the war in some depletion of the numbers of the young men, the financial reports indicated gratifying liberality on the part of the people.

In the afternoon of the second day the elections to the various Conference Committees were held, resulting in appointing of Revs. Brown and Henderson to the stationing committee, and Messrs. C. J. Taber and R. R. Powell as lay delegates to conference.

The meeting was closed with a vote of thanks to the friends in Carleton Place who had opened their homes to the various delegates.

The meeting then adjourned to assemble in Smiths Falls next year.

9:10-9:15—National Anthem.
9:15-9:35—The Story of the Flag.
9:35-10:15—History—The Provinces before Confederation.
10:15-10:45—Intermission.
10:45-11:30—Literature—"A Song of Canada."
10:45-11:30—Geography, Geographical Expansion of Canada since Confederation.

Noon, intermission.

1:30-2—History, The British North America Act.
2:00-2:35—The assembling and saluting of the Flags of Britain and her Allies.

2:35-2:55—Address on Sir John A. Macdonald, by Hon. R. F. Preston.
2:55-3:05—Song, "My Own Canadian Home," by the Pupils.

3:05-3:25—Address on Hon. George Brown, by Dr. Downing.

3:25-3:40—Intermission.

3:40-3:50—Song, "The Land of the Maple."

3:50-4:10—Address, "Canada, Today and in Prospect," by Rev. W. A. Dobson.

4:10-4:20—Special Prayer.

God Save The King.

Rev. Mr. Newton will have charge of the singing, and there will be recitations by the pupils, etc.

SHORTAGE OF SWEDISH TURNIP SEED

Swede turnip growers are urged this spring to endeavor to secure and transplant a few sound roots to produce seed for themselves and their neighbors. Owing to the abnormal conditions now prevailing there will likely be very little swede seed for planting in the spring of 1918 unless our Canadian swede turnip growers make provision for their own supplies by growing the seed themselves. Canadian supplies of swede and most other field root and garden seeds formerly came from Europe but this source is now practically cut off. The prospects for home grown seed have been reduced by the present price of swede turnips for food purposes, as it would now take nearly two hundred dollars' worth of full grown swede turnips to transplant an acre for seed purposes. This factor has had the unfortunate effect of reducing the area in the eastern provinces that would otherwise have been planted for the production of Swede seeds.

A Rare Stamp.

One of the most interesting stamps the world has produced was recently issued by the Government at Ottawa. It is for use by relatives and friends of Canadian soldiers stationed on the Bahama Islands. The stamp is for special despatch of mail matter from Canada to the Canadian soldiers on the Bahamas. It seems odd that Canadian stamps were not used. This is a philatelic mystery yet to be solved. The stamp employed is the fivepence orange of the Bahama issue of 1903, but surcharged in black, Special Delivery. The picture on the stamp is of "the Queen's Staircase," near Nassau, one of the most beautiful views on those islands. It is understood that only eight hundred were issued; if that is true, the stamp will become one of the war rarities.

PERFECT HEALTH DUE TO THE BLOOD

No Girl or Woman Need be Constantly Ailing and Unhappy.

Nature intended every girl and every woman to be happy, attractive, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins and sunken, lusterless eyes, are in this condition because they have not enough blood; red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. Nothing can secure girls and women from inevitable decline that follows anaemia except a generous supply of new, rich, red blood, and nothing has ever proved so successful in creating red, good blood as Dr. Williams' Pink Pills for Pale People. Thousands and thousands of girls and women owe their good health and charming complexion to the use of this medicine. Here is one example of its power to cure. Miss Dorina Bastien, St. Jerome, Que., says: "For over a year my health was gradually failing, my blood had seemed almost to have turned to water, my cheeks were pale, my lips bloodless, and the slightest exertion left me breathless. I suffered frequently from severe headaches, my appetite failed, and my friends feared I was going into consumption. I had been doctoring but did not derive any benefit, and finally I had to give up my work and return home. It was at this stage that a friend brought me a box of Dr. Williams' Pink Pills and urged me to try them. By the time the box was used I thought they were helping me, and decided to continue using the pills. I took a half dozen boxes more, when my strength had completely returned, my appetite was restored, my color returned, headaches had disappeared and I was feeling better than I had been for years. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
