

or six weeks, and I am quite sure that at the end of that time she would be competent to tell the girls exactly where to get off when they make mistakes. We might also lend her a knitting machine, as I think there are good possibilities in machine-knit socks.

Miss Walton says that she thinks she can find about \$200 to put to our building if we instal a washroom for the Agency. I also told her you needed two electric fans, and she said there should be no difficulty about that if you ask for them. She said such a bad report about the building was put in by Mr. Allan as well as Mr. Thibault, that it gives you a very good chance to get needed equipment. I feel sure that if you had a fan on the window ledge, and the same in Mr. LaPlante's, you would at least be able to bring some fresh air into the place.
