Si: Replying to your letter of Aug 3<sup>d</sup> in 193339 - I would say I am not acquainted with the Indian woman referred to nor to the claim she has made to the land until informed by your above letter.

The land referred to was left to an Indian by the name of Morris by the Indian Stephen Charles and the transaction was approved of by the department at Ottawa at the time and has been accepted by him ever since.

Yours obediently  
Alonso Wallace
